**1. The broad objectives of the Learning Outcomes-based Curriculum Framework (LOCF) of Master of Arts Degree programme in English Language and Literature:**

Master's Degree is the well-recognized postgraduate qualification in higher education. The contents of this degree are determined in terms of knowledge and understanding, expertise and skills that a student intends to acquire. Often it does not come within the traditional boundaries recognizable at previous academic levels of study; it is specialised and close to the boundaries of current knowledge.

Master's Degree programmes attract entrants with a bachelor's degree with honors or equivalent, or experience that may or may not be directly relevant to the particular profession. Thus, MA Degrees in English Language and Literature aims to equip students to qualify for joining a profession or to provide development opportunities in particular employment settings. Graduates are enabled to enter a variety of jobs or to continue academic study at a higher level.

Qualification descriptors for this Postgraduate Education reflect in-depth and advanced knowledge and understanding of their subjects enriched by scholarship, research and current practice. These include critical awareness of contemporary issues and developments; critical skills, knowledge of professional responsibility, integrity and ethos. Thus, qualification descriptor sets out the broad level of skills and competencies that Master's students are expected to achieve. They include generic information about what all holders of the qualification are able to do, and the qualities and skills that they have. These reflect student's different aspirations, motivations, learning needs and personal circumstances. Programmes assess not only academic skills but also other skills and attributes including what any professional body requires, recognises and accredits the award of Master's Degrees.

The characteristics associated with the specialised study such as MA in English Language and Literature is predominantly composed of structured learning opportunities. This programme is devoted to research project, leading to dissertation. Training in research methodology is involved in this programme of study. Students are likely to be further characterized by their ability to study independently, and to use a range of research methods and techniques applicable to advance scholarship in the subject. The ability to complete a research in the subject includes a critical review of existing literatures or other scholarly outputs. They are able to apply research and critical perspective to professional situations both practical and theoretical.

## **2. Aims of Master of Arts Degree Programme in English**

It aims to provide students with a rigorous and integrated academic study of English Language and Literature. Students who complete the Master of Arts Degree Programme in English successfully should:

- acquire an understanding of the principles and institutions of English Language and Literature;
- acquire an improved ability to think analytically about English Language and Literature and to apply this knowledge in their professional and national settings;
- acquire an improved ability to conduct research on English Language and Literature;
- institutionalise framework for cross-national professional collaboration and the exchange of information;
- communicate their conclusions clearly;
- demonstrate self-direction and originality in tackling and solving problems, and in collecting and commenting on complex information;
- indicate ways of extending practices in English Language and Literature and apply English Language and Literature theories to quickly evolving situations

## **3. Postgraduate Attributes in English Language and Literature**

The postgraduate attributes in English Language and Literature involve skills expected to be gained by a student through studies that support in sharpening competence for augmenting contemporary knowledge base, acquiring new learning and skills, identifying

with future studies, engaging well in a preferred career and performing a positive role as enlightened citizen in the society. The characteristic, profundity and magnitude of the learning experiences made available to the students support them to unfold the quality attributes in the following manner:

- **Disciplinary Knowledge:** Aptitude to manifest wide and extensive knowledge in the field of study and comprehension of one or more disciplines constitute part of postgraduate attributes including how other disciplines relate to the field of knowledge. An international perspective in the area of study also gives a wider learning of the subject. In the specialised course on English Language and Literature, the constant review and renewal of subject and courses assure coverage of recent developments. Quality education and training build a condition in which learning is exchanged, critically evaluated and used in contemporary situations with the aptitude to review, examine and integrate and utilize actual learning in the appropriate field.
- **Communication Skill:** Classroom discussion and formal presentations render a suitable opportunity to sharpen oral communication and written assessment skills. They create ability to manifest ideas and thoughts in writing and orally to communicate confidently their viewpoints. By expressing adeptness to listen meticulously, they can read and write logically as well as give obscure information in explicit and succinct manner. With practice as a part of interdisciplinary team, students become able to choose and employ the proper form and methods of communication.
- **Critical Thinking:** The ability to apply critical reasoning to issues through independent thought and informed judgment are important postgraduate attributes integrating information from a wide range of sources. The postgraduates are able to apply analytical thought to body of knowledge and critically evaluate ideas, arguments, claims, beliefs on the basis of empirical evidence from open-ended and reasoned perspectives. They become able to identify relevant assumptions or implications and formulate coherent arguments.
- **Research Related Skills:** Research papers and other research tasks are expected to develop a degree of creativity, originality and discovery that benefits a postgraduate programme of the highest quality and to which students are encouraged. An ability is

developed to undertake supervised research, including the design and conduct of investigations in a systematic, critical manner. Identification of appropriate problem and research questions, a critical analysis of the literatures, data analysis by using software and ICT, drawing logical conclusion are integral part of research skills. Postgraduate programme in English Language and Literature is designed to enhance skills in research and analysis, which are tested in all forms of assessment. All postgraduates demonstrate, through subject assessment, their ability to develop substantial research-based scholarship. Research related skill involves a sense of inquiry and capability for asking relevant questions, defining problems, articulation, ability to recognise cause and effect relationship, formulate hypothesis, and to report the result of experiment or investigation.

- **Self-Directed Learning:** The demanding nature of postgraduate attributes requires effective time-management and an ability to work independently. The rigour of programmes ensure that all postgraduates have developed the ability to work with relative autonomy, which provides a foundation for future leadership roles. Ability to work and learn independently and effectively leads to generating innovative ideas in the changing environment to investigate problems and to have creative solution. Self-learning and application of competence in exploring also help in solving non-familiar problems. This leads to application of one's learning to real life situation and critical sensibility to lived experiences. Well-developed problem-solving abilities also contribute to flexibility of approach.
- **Ethical and Social Understanding:** Profound respect for truth and intellectual integrity including the ethics of scholarship add to the ability to embrace values in conducting one's life and in formulating position about ethical problems from multiple perspectives appreciating environmental and sustainability issues. This postgraduate attribute fosters understanding of social and ethical responsibility and ability to apply ethical standards in order to attain unbiased and truthful actions in all aspects of life. It also involves appreciation of the philosophical and social contexts of a discipline with knowledge of other cultures and appreciation of cultural diversity.

- **Quality of Teamwork:** Teamwork, as postgraduate attributes, creates capacity to value and work effectively and respectfully with diverse team and to facilitate coordinated effort for a common cause. It involves training in mapping out tasks of a team, setting directions and formulating an inspiring vision.

#### **4. Programme Outcomes:**

The qualification descriptors indicate both disciplinary knowledge and understanding as well as generic skills, including global competencies that all students in postgraduate programmes of study for the award of qualification of MA Degree in English Language and Literature should demonstrate.

The students, who complete the course successfully for the Master's Degree in the subject, acquire an understanding of the principles and institutions of English Language and Literature. The qualification descriptors reflect an improved ability to think analytically about the concept, implementation and development of English Language and Literature in their own professional and national settings. **\* The student shall be engaged for minimum prescribed hours in the given semester.**

### **9. Scheme of Examination:**

The Assessment of Regular students of Master of Arts (M.A.) English Major programme in the academic session 2023-24 and thereafter, shall be based on

- (a) University Examinations,
- (b) Internal Assessment,
- (c) Semester Grade Point Average and Cumulative Grade Point Average system

There will be Internal and University examination for each course consisting 60 % weightage for University examination and 40 % for Internal Assessment. University examination will be of 60 marks/2.5 hours duration for 04 credits courses and 30 marks/1.25 hours duration examination 02 credits courses at the end of each semester.

**Internal evaluation will be in the form of:** Attendance, Written tests, seminars, term papers, presentations, assignments, orals or any such others. There will be at least two types of assessments from the types given above will be practised. A student who secures 40 % in University and Internal evaluation separately, will be awarded the prescribed credits of the course. A candidate who does not pass the examination in any subject or subjects in one semester will be permitted to reappear in such failed subject or subjects along with the papers of following semesters.

At the end of each semester, a cumulative grade point average (CGPA) and also Semester grade point average (SGPA) will be calculated as a weighted average of the GPI of all courses in which the student has passed till that semester.

A candidate shall be permitted to proceed from the First Semester up to Final Semester irrespective of his/her failure in any of the Semester examinations subject to the condition that the candidates should register for all the arrear subjects of earlier semesters along with current (subsequent) semester subjects.

### **10. Standard of Passing:**

For all courses, both UE and IA constitute separate heads of passing. In order to pass in such courses and to earn the assigned credits, a student must obtain a minimum grade point of 5.0 (40% marks) at UE and also a minimum grade point of 5.0 (40% marks) at IA.

Even a student fails in IA, he/she shall be declared 'pass' in the course provided he/she obtains a minimum of 25% in IA and GPA for the course is at least 6.0 (50% in aggregate). The GPA for a course will be calculated only if the student passes at the UE.

A student who fails at UE in a course has to reappear only at UE as a backlog candidate and clear the head of passing. Similarly, a student who fails in a course at IA has to reappear only at IA as a backlog candidate and clear the head of passing.

A candidate shall be permitted to proceed further from the First Semester up to Fourth Semester irrespective of his/her failure in any of the Semester examinations subject to the condition that the candidates should register for all the backlog subjects of earlier semesters along with current (subsequent) semester subjects.

The 10-point scale Grades and Grade Points according to the following table.

<b>Range of Marks (Out of 100)</b>	<b>Grade</b>	<b>Grade Point</b>
$80 \leq \text{Marks} \leq 100$	O	10
$70 \leq \text{Marks} < 80$	A+	9
$60 \leq \text{Marks} < 70$	A	8
$55 \leq \text{Marks} < 60$	B+	7
$50 \leq \text{Marks} < 55$	B	6
$40 \leq \text{Marks} < 50$	C	5
Marks < 40	D	0

The performances at UE and IA will be combined to obtain the Grade Point Average (GPA) for the course. The weights for performance at UE and IA shall respectively be 60% and 40%.

GPA is calculated by adding the UE marks out of 60 and IA marks out of 40. The total marks out of 100 are converted to grade point, which will be the GPA.

### **11. Formula to Calculate Grade Points (GP):**

Suppose that '*Max*' is the maximum marks assigned for an examination or evaluation based on which GP will be computed. In order to determine the GP, Set  $x = \text{Max}/10$  (since we have adapted 10-point system). Then GP is calculated by the formulas shown as below.

Range of Marks at the evaluation	Formula for the Grade Point
$8x \leq \text{Marks} \leq 10x$	10
$5.5x \leq \text{Marks} < 8x$	Truncate (Marks/ $x$ ) + 2
$4x \leq \text{Marks} < 5.5x$	Truncate (Marks/ $x$ ) + 1

Two kinds of performance indicators, namely, the Semester Grade Point Average (SGPA) and the Cumulative Grade Point Average (CGPA) shall be computed at the end of each term. The SGPA measures the cumulative performance of a student in all the courses in a particular semester, while the CGPA measures the cumulative performance in all courses since his/her enrolment to the

course. The CGPA of a student when he/she completes the programme is the final result of the student.

The SGPA is calculated by the formula  $SGPA = \frac{\sum C_k \times GP_k}{\sum C_k}$ , where  $C_k$  is the credit-value assigned to a course and  $GP_k$  is the GPA obtained by the student in the course. In the above, the sum is taken over all the courses that the student has undertaken for the study during the semester, including those in which he/she might have failed or those for which he/ she remained absent. The SGPA shall be calculated up to two decimal place accuracy.

The CGPA is calculated by the formula  $CGPA = \frac{\sum C_k \times GP_k}{\sum C_k}$ , where  $C_k$  is the credit-value assigned to a course and  $GP_k$  is the GPA obtained by the student in the course. In the above, the sum is taken over all the courses that the student has undertaken for the study from the time of his/her enrolment to the course and also the during the semester for which CGPA is calculated, including those in which he/she might have failed or those for which he/she remained absent. The CGPA shall be calculated up to two decimal place accuracy.

The Formula to compute equivalent percentage marks for specified CGPA:

% Marks (CGPA) =	$10 \times CGPA - 10$	if $5.00 \leq CGPA \leq 6.00$
	$5 \times CGPA + 20$	if $6.00 \leq CGPA \leq 8.00$
	$10 \times CGPA - 20$	if $8.00 \leq CGPA \leq 9.00$
	$20 \times CGPA - 110$	if $9.00 \leq CGPA \leq 9.50$
	$40 \times CGPA - 300$	if $9.50 \leq CGPA \leq 10.00$

## 12. Award of honours:

A student who has completed the minimum credits specified for the programme shall be declared to have passed in the programme. The final result will be in terms of letter grade only and is based on the CGPA of all courses studied and passed. The criteria for the award of honours are given below.

Range of CGPA	Final Grade	Performance Descriptor	Equivalent Range of Marks (%)
$9.50 \leq CGPA \leq 10.00$	O	Outstanding	$80 \leq \text{Marks} \leq 100$
$9.00 \leq CGPA \leq 9.49$	A+	Excellent	$70 \leq \text{Marks} < 80$
$8.00 \leq CGPA \leq 8.99$	A	Very Good	$60 \leq \text{Marks} < 70$
$7.00 \leq CGPA \leq 7.99$	B+	Good	$55 \leq \text{Marks} < 60$
$6.00 \leq CGPA \leq 6.99$	B	Average	$50 \leq \text{Marks} < 55$

$5.00 \leq \text{CGPA} \leq 5.99$	C	Satisfactory	$40 \leq \text{Marks} < 50$
CGPA Below 5.00	F	Fail	Marks Below 40

**13. Gracing:**

The gracing shall be done as per existing rules of the University.

**14. Verification and Revaluation:**

There is provision for verification and revaluation of the result. A student can apply for the verification and revaluation of the result within the two weeks from the declaration of the results with the prescribed fee. The verification and revaluation shall be done as per the existing rules of the University.

**15. Format of the transcript:**

The student will be given a transcript indicating his/her performance at the end of every semester examination. The transcript shall be given as per the following table along with other necessary details:

Course No.	Course Name	No. of Credits	University Examination		Internal Assessment		Grade Point Average	Result
			Grade	Grade Point	Grade	Grade Point		
1								
2								
3								
4								
5								
Total Cumulative Credits Completed			SGPA		CGPA		Equivalent Marks (%)	
<b>Note:</b> GPA is calculated by adding the UE marks out of 60 and IA marks out of 40. The total marks out of 100 are converted to Grade Point, which will be the GPA.
