## Bharti Vidyapeeth (Deemed to be University) Pune

### Faculty of Ayurved

- Consideration of revised course structure, curriculum framework & scheme of examination of Diploma in Naturopathy & Yogic (DNYS) Sciences program.

#### Introduction & background

BVDU academic council meeting held on 13<sup>th</sup> June 2008 had approved the introduction of one year Diploma in Naturopathy & Yogic Sciences (D.N.Y.S) under the faculty of Ayurved. The students were admitted for the DNYS program from the academic year 2008-2009.

The course structure, syllabus, eligibility criteria, scheme of examination of this program were approved in the same meeting. (Notification No. 430, ref No. BVU/538/2008-2009 dated 16/06/2008).

As per this notification, a student who takes admission for this course has to undergo a thorough training including Theory lectures & Practical's/ demonstrations in following 03 subjects, wise-

1. Fundamentals of Human Anatomy, Physiology & Pathology  
(1 theory paper of 100 marks, Practical of 50 marks)
2. Naturopathy  
(2 theory papers of 100 marks each i.e. Theory of 200 marks & Practical/ demonstrations of 100 marks)
3. Yoga Therapy  
(2 theory papers of 100 marks each i.e. Theory of 200 marks & Practicals/ demonstrations of 100 marks)

Diploma in Naturopathy & Yogic Sciences is an interdisciplinary program.

The objective of this program are aimed at -

- i. Imparting scientific knowledge in Naturopathy & Yoga therapy with applied & practical aspects.
- ii. Creating a pool of skilled professionals in the growing profession of wellness & holistic health (emphasizes the connection of mind, body & spirit)

The DNYS is not a medical program & does not award a title of "Doctor" after completion.

The eligibility criteria of this program are -

- 10+2 or equivalent of any stream with minimum 50 % marks.
- Admission on first come first serve basis.

Considering above mentioned eligibility criteria a person of any stream may take admission to this program also to maintain personal health individually.

DNYS is one year, regular (2 hours every day in the evening) programme.

The total intake for DNYS program is 50. College of Ayurved, BVDU, Pune is running this program since 2008 till date. All over these years it has been noticed that the majority of the students joining this programme are from the faculty of health sciences. I.e. the students of

Homeopathy (BHMS), Ayurved (BAMS) & Medical (MBBS) programs. Specifically they come after completion of II<sup>nd</sup> year of their program. Only 10 to 15 % student are non-medicos.

Before to get the knowledge of Naturopathy & Yoga therapy, knowing the basics of Anatomy & Physiology i.e. normal structure & functioning of the human body & abnormality that is pathology is a must for the students. Therefore Fundamentals of Human Anatomy, Physiology & Pathology is a subject having the weightage of 150 marks (including Theory & Practical) to be studied by the DNYS students.

The students of medical sciences study Anatomy, Physiology & Pathology in depth during their first & second year of programmes. Comparatively the syllabus of DNYS programme contents only fundamentals of Anatomy, Physiology & Pathology. Therefore these students are not interested to attend the lectures and appear the exam again which is very easier than their medical programs.

### **PROPOSAL:-**

Naturopathy & Yoga therapy are core subjects of DNYS program. They are compulsory for all the students admitted for this program. The students other than medical background i.e. non-medicos should compulsory undergo an additional course on the Fundamentals of Human Anatomy, Physiology & Pathology of 150 marks (one theory paper of 100 marks & practicals of 50 marks) during DNYS program.

The students of Allopathy and AYUSH programs if admitted for D.N.Y.S program they need not study the course on the Fundamentals of Human Anatomy, Physiology & Pathology which they have already studied in their UG programme. They will undergo the training & will have to appear the examination on Yoga therapy & Naturopathy only.

The Theory & Practical examination (of 150 marks) of the Fundamentals of Human Anatomy, Physiology & Pathology course will be conducted by the college and the students should pass this course before to submit their examination form for Final University examination. This is the prerequisite for non-medicos to be eligible to appear the final examination of DNYS program.

The final examination of Naturopathy & Yoga therapy course is conducted by Bharati Vidyapeeth (Deemed to be University) Pune.

As per this revision in the scheme of examination the changes in the University Mark list are to be done. A copy of modified mark list of DNYS is attached herewith.

The clinical B.O.S in Ayurved in its meeting held on 18<sup>th</sup> Oct 2019 has approved this revision of course structure, curriculum framework & scheme of examination.

As the D.N.Y.S program is already commenced on 23<sup>rd</sup> Sept 2019 I hereby request Hon. Vice Chancellor Sir to give post facto approval to this proposal

Subject : Government's permission to opening of new  
Colleges having Arts, Science & Commerce  
faculties in Maharashtra from the academic  
year 1978-79 commencing in June-July, 1978.

Sir,

I am directed to inform you that upon consideration of various applications/requests received by the Government, either through your University or directly, and after examining them in the light of the policy decision that new colleges may be opened in such Talukas of the State where no degree college exists at present, the State Government have no objection to the processing of applications moved for opening of new colleges by the bodies/Managements and in faculties and at places, as indicated in the enclosed statement.

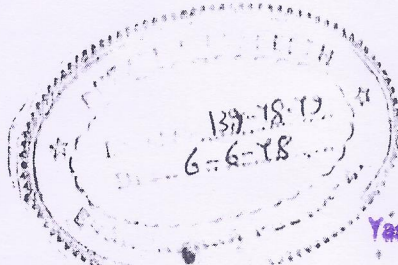

2. In this connection, I am further desired to add that in view of the short time available now for the University to make requisite enquiries about merits of the various applications referred to in the enclosed statement, the State Government would have no objection to your University presuming that should the University decide to recommend grant of affiliation to any of the Colleges referred to in the statement enclosed, the State Government would issue an order in the course, in terms of section 43(7) of the ..... University Act, 1974, granting the affiliation accordingly. Such grant of affiliation will, however, be subject to the following conditions :-

- i) The College must have minimum enrolment of 40 students in each faculty in which it has been permitted to impart instruction for the first year of the degree course.
- ii) Not less than 30 students should appear for the University examination held at the end of the academic year 1978-79.

3. It is suggested that the Vice-Chancellor of your University may kindly consider permitting, in exercise of his emergency powers, the Colleges under reference to be opened ~~for~~ from the beginning of the forthcoming academic year due to begin in June-July, 1978, subject to such conditions as he may deem necessary to impose in the context of the University Act, 1974.

While communicating such permission to the Management, we request that it may be informed unequivocally that enrolment of students for admission to a faculty permitted to be opened should start only on a provisional basis. If at least 40 students enrol for admission, then, and then only, the admissions may be confirmed and the College actually started with such a faculty (or faculties). If a minimum number of 40 students do not enrol for admission, that faculty should not be opened at all. Further, the College should be informed that in the event of less than 30 students appearing at the annual University examination to be held in April-May, 1979, the Management will not be considered eligible for grant-in-aid from Government during the year 1979-80 that it would be required to close down the concerned faculty or faculties.

The Standards are available at the website of the Council.
5. The institutions shall maintain a teacher/student ratio of 1:8. The institution with the maximum intake of 40 in a class may have the faculty pattern as prescribed in Appendix-B of said Regulations. Approx. 25% of the teaching load should be allotted to the visiting faculty so that the students are brought in closer contact with the persons actively engaged in practice.

Each institution may have a staff structure consisting of the following:

Principal or Head of Department and Professors, Asstt. Professors/Readers and Lecturers in the ratio of 1:2:4.

The Institutions may recruit qualified persons in the field of Engineering/ Qty. Surveying/Art/Humanities depending on the actual requirements against the total sanctioned strength.

6. The eligibility criteria for admission to 1<sup>st</sup> of 5-year B.Arch. degree course is as under:

***“No candidate shall be admitted to architecture course unless she/ he has passed an examination at the end of the 10+2 scheme of examination with at least 50% aggregate marks in Physics, Chemistry & Mathematics and also at least 50% marks in aggregate of the 10+2 level examination or passed 10+3 Diploma Examination with Mathematics as compulsory subject with at least 50% marks in aggregate.”***

7. The institution shall admit only such students who fulfill the eligibility criteria prescribed by the Council and have passed an Aptitude Test in Architecture conducted by a competent authority. No direct lateral admission of any student into any year/stage of the B.Arch. course is allowed as per Council Norms.
8. All admissions made by the institution under various quotas/categories must be strictly within the intake sanctioned by the Council for an academic session. The students belonging to NRI, Foreign National, PIO etc. are also required to be admitted within the sanctioned intake, subject to passing an aptitude test. Further, reservation of students/relaxation of marks in qualifying examination for admission to the B.Arch. course for reserved categories shall be as per the policy of the Central/ respective State Government.
