Dear Sir,

It gives me immense pleasure in conveying that "Team Legends" which was registered as an entry in the Toycathon on behalf of BVCOE, Pune have been placed in the final winning teams list of 117 teams at the National level.

### Toycathon - 2021

#### Introduction

India, despite being a home of many globally popular games like Chess, Ludo, Snakes and Ladders, is not among leading developers and manufacturers of toys.

Under the 'AatmaNirbhar Bharat Abhiyan' initiated by our Hon'ble Prime Minister, Shri. Narendra Modi, Toycathon-2021 is conceived to challenge India's innovative minds to conceptualize novel Toy and Games based on Bharatiya civilization, history, culture, mythology and ethos.

Toycathon 2021 is an inter-ministerial initiative organized by the

- 1) Ministry of Education's Innovation Cell with support from All India Council for Technical Education,
- 2) Ministry of Women and Child Development,
- 3) Ministry of Commerce and Industry,
- 4) Ministry of MSME,
- 5) Ministry of Textiles and Ministry of Information and Broadcasting.

Currently, India's toy market stands at around 1.5 Billion USD, which primarily is dominated by imported toys.

### ACTIVITY REPORT

**Name of Activity:** Virtual Chess Tournament.

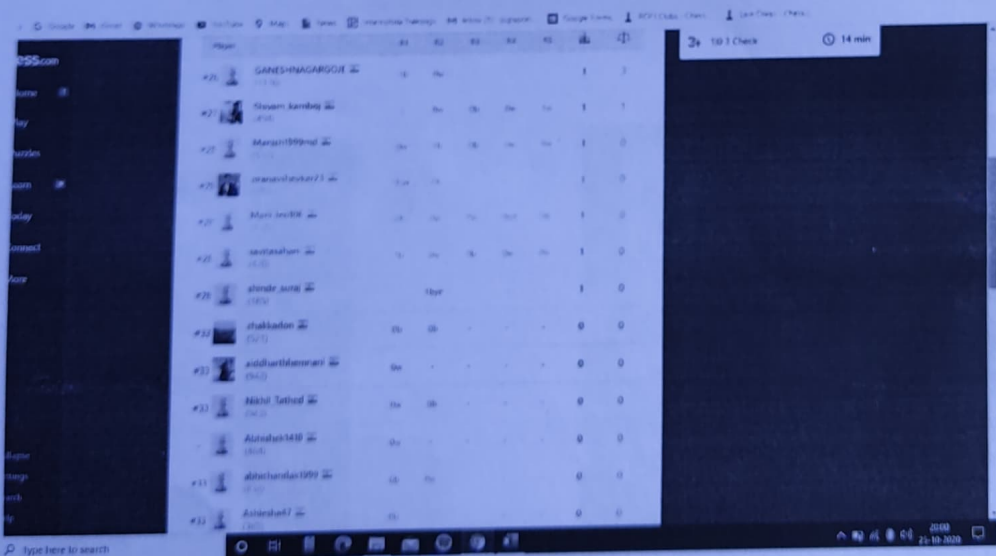

**Date / Period:** 25<sup>th</sup> October 2020, Commencing 6:00 PM.

**No. of Participants:** 50+

**Class:** Open for all colleges

**SUMMARY:**

The Virtual chess tournament was a sequel of the chess tournament held as a part of the Sphurti competitions. This one-of-its-kind virtual tournament was organized by the Sports Secretaries of Poona College of Pharmacy, under the supervision and guidance of Dr. Nilesh Deshmukh, who helped pave the way for organizing such a inter-collegiate competition, where students from across India participated to kindle their love for chess. The competition commenced on 6:00PM sharp on the 25<sup>th</sup> of October 2020, and was held on chess.com, which included 5 rounds of 12 minutes each, which would scrutinize the contenders for the winner tag. The registrations were announced a week ago where the contenders registered and created their ID on the platform and eagerly waited for the lock to tick 6:00PM. Post the tournament, the computer software would announce the winners and the ranking system, which helped declare the winners, which was later announced on the club. It was indeed a really great competition as there was intense competition from contenders across the country to secure their pageants in the competition.

# KHUSHI KAMBOJ BIODATA

I am Khushi Kamboj. I complete my 12<sup>th</sup> this year. I'm a mountaineer. I want to become an outdoor expert and get into professional mountaineering. I want to scale the peaks which have not yet been scaled by Indian females and I want to train people at corporate level in India and also abroad. I want to pursue a career in Experiential Education.

- My father **Mr. Vinod** is a well known personality in Adventure Tourism. Passion for Mountaineering and Trekking is the driving force for all of us. My elder brother Kartik passed away in an accident in Nov 2011. He also was a Trekker and Mountaineer.
- **In the memory of Late Kartik, on his 1st Death anniversary in Nov 2012, an expedition was planned at Kalakrai Pinnacle near Lonavala.** I made my mind to participate in this expedition to pay homage to my beloved brother. Without any prior or strong experience of climbing, with the blessings of my brother and strong will power, I successfully completed the expedition. **At the age of 11, I climbed this pinnacle.**
- I gained a great confidence and was eager to achieve greater heights. In **March 2013**, I completed the trek to- **'Alang, Kulang and Madan.**
- 
- **In 2014, I crossed the 3500 ft deep valley from Jivdhan Fort to Khadaparshi Pinnacle** I also rappelled down 350 ft from Khadaparashi pinnacle. **My Father Vinod climbed the Khadaparshi Pinnacle in 1989, my late Brother Kartik climbed in 2002 and after 12 years even I was on top of it.**

- My passion in mountaineering was growing under the expert guidance of my father. The cycle of successful achievement had a break during my next assignment of climbing **Bhairavgad**. I had to leave this expedition half the way due to bad weather conditions. The stormy and rainy nature taught me to face the failure.
- **In Nov. 2014**, I completed a trekking expedition in **Nepal Himalaya. I completed the trek to Everest Base Camp and Kala Patthar at 19,500 ft. above Sea Level(19500ft)**
- All this experience helped her to get selected in a team from Mumbai (Malay Adventures) who together climbed **Mt. Hunuman Tibba (19554ft) and Mt. Shitidhar (17244ft)**. I scaled Mt. # INTRODUCTION

PART 01

If you don't challenge  
yourself you will never know  
what you can become.

# PROBLEM

**Irresponsible Climbing:** Rock Climbing is a known sport worldwide with basic rules of ethical climbing. Unfortunately, in recent years in Maharashtra, novice climbers are being misguided by notion of winning a race by climbing high pinnacles. The number of accidents due to such practices is an eye opener for all.

**Empowering Women:** Lack of information, access, social acceptance and gender bias provide fewer opportunities for Indian women in sports. Rock Climbing shows nature is same for everyone and there is a need for empowering women to create a gender-equal world.

**Age of Introduction of Sports:** Compared to many other countries, a child in India is introduced to sports late in life. The crucial growing years that makes one a skilled athlete are lost. Our motto is to urge parents and children to excel in sports as young as possible.

# STATEMENT

**U-20 Girls Climbing Project** is an initiative to introduce young girls to Olympics Sport, Rock Climbing at an early stage of life. They will go through six months of rigorous training, learn all the techniques and ethics of climbing then attempt some of the toughest routes of Maharashtra.

The project promises girls to be transformed into strong athletes. Their journey of transformation will be documented through a film which will later inspire more people.

With this project, we are trying to reinforce that there are no shortcuts to the top. And women definitely need no shortcuts to be at the top of the world.

# FILM SYNOPSIS

The film will showcase the journey of adolescents becoming great climbers. It is a story of a female-led climbing team – their resilience, strength and partnership.

The project will highlight that no climb is bigger than gender or age disparity. That men and women working together will break the barriers.

With International level training and guidance from the veteran climbers, the female athletes will raise the bar of Indian Climbing.

# Project Highlight

- International level training for 6 months involving outdoor climbing in Badami, Bangalore and Sahyadris for overall skill development
- Athletes from various parts of Maharashtra to build a diverse climbing community and promote climbing widespread
- Guidance by experts of Sports Science like. Phycology, Physiotherapy, Strengthening, Nutrition etc.
- Balance of academics and climbing training
- Build leaders who will take the sports ahead by making India a powerful climbing nation of the world
