IDENTITY

INCLUSION

APROPOS BV FAMILY!

The intrinsic precincts of anciently crafted '**Societal Set Ups**' have built an '*infallible wall*' which adamantly fosters discrimination on the basis of race, caste, gender etc, deliberates unconscious irritable approach towards tolerance, and threatens the bridge of cultural, regional, communal, and socio-economic harmony. Such an inherent wall can be devastated, the bridge of harmony could be rescued & the society can be elevated only by the dynamite of an inclusive environment that remains conducive to the feeling of 'We', and not, 'I'.

Along with its core mission of '*Social Transformation through Dynamic Education*', Bharati Vidyapeeth (Deemed to be University), Pune, India strongly believes in the philosophy of "*Vasudhaiva Kutumbakam*" (The World is one Family).

The University remains a preferred destination to pursue education that is ornamented with quality and excellence and undoubtedly becomes their second '*home*' for thousands of students and aspirants who hail from all different parts of the world, diverse cultures, caste, religion, community, traditions, languages, socio-economic backgrounds etc.. The University accepts students from all over the world belonging to different backgrounds thereby creating a rare rainbow of diversity, inclusion and hope.

With great passion the national festivals, birth anniversaries and memorials of great Indian personalities are celebrated.

SITUATEDNESS

In their justly crafted article for the prestigious Journal of Cognition & Culture, Katherina J. Rohlfing & Mathias Rehm rightly observed, “In order to interpret the behaviour of cognitive systems, the integration into their specific cultural environment must be considered. The phenomenon of Situatedness is a crucial determinant of this behaviour. We derive the notion of Situatedness from the interplay between agent, situation, and context” (June-2003-132-135). Thus, such interplays becomes very important when students with all their aspirations seek admissions in the institutes like Bharati Vidyapeeth (Deemed to be University), Pune India. The onus to provide a *win win* atmosphere apt for teaching learning process shifts to the University where students wish to start their academic journey.

Albeit, **Bharati Vidyapeeth (Deemed to be University), Pune India** is multi-disciplinary and multi-campus in nature, but it resolves every question of Situatedness with much potential and excellence. With the University’s headquarters located in Pune, which is famously known as the **‘Oxford of the East’**, it has satellite campuses in New Delhi, Navi Mumbai, Sangli, Kolhapur, Solapur, Karad etc. Every campus of University is located in the very heart of the city and gives a picturesque view with a scholastic touch wherein all the learners immediately consider as their home. With its green lush campuses and many other factors like connectivity, cultural acquaintances, the University becomes a unique place to study.
