**Sensitization Program on Ethical Principles underlying AETCOM –
Teaching and Assessment, 28th to 29th June 2021**

Report

AETCOM module is the new essential addition in the CBME UG curriculum. Many of these AETCOM modules, particularly those to be covered from Phase 2 onwards, dwell heavily on **Ethical Principles**. Understanding of these principles will be integral to effective conduct of the T-L sessions of these AETCOM modules.

With this view, a two day **Sensitization Program on Ethical Principles underlying AETCOM Modules – Teaching and Assessment** was organized for the faculty of our institute in order to facilitate effective teaching and assessment of AETCOM. The **GSMC MUHS UNESCO Bioethics Unit** graciously agreed to conduct this program '**Online**' for our faculty.

The program conducted on ZOOM introduced the basics of Ethics and Bioethics related to the Ethics of Medical Practice and then addressed in detail the AETCOM modules to be covered in Phase 2, through interactive sessions, including small group activities using breakout rooms.

Participants for this workshop conducted on 28th, 29th June were primarily the Phase 2 faculty members with representation from other departments as well. Apart from the 36 faculty members formally registered for the workshop, other faculty members could join as observers as and when free from their clinical duties.

All the sessions were very informative and conducted in interactive manner, with focus on enabling both conduct of teaching and assessment of the phase 2 AETCOM modules (2.1 to 2.8). They kept the participants actively engaged despite the online mode of the workshop. The workshop will surely benefit the Phase 2 faculty embarking on implementation of the AETCOM modules.

FORM OF ORGANISATION MUTIPLE CENTRES VS SINGLE CENTRE

Multiple Centre

Advantages

- Large Area Coverage
- Convenient for Patients for Better Services
- Purchases at Nominal Prices with effective discounts due to larger volume

Disadvantages

- Centralized Management
- Complicated to Manage
- Required more funds

Single Centre

Advantages

- Easy to manage
- Cost Effective
- Require Less Funding
- Management under one Roof

Disadvantages

- Limited Area Coverage
- Constraint for the patients located far away places.
- High Cost of Purchase due to Single Centre

CRPU REPORT FOR ACADEMIC YEAR 2020-2021

A. Research Methodology and Manuscript Writing Workshop:

Aiming to provide training on Research Proposal development, this workshop was conducted for four days during 3-6 November, 2020 (Half Day each). Topics like Hypothesis, research question, Qualitative research with special reference to FGD, Case control studies, Cohort studies, Randomized Control Trials, Validity & reliability, Reference search, Mendeley, Manuscript writing were covered. Dr. Vivek Patwardhan, Dr. Jayashree Gothankar, Dr. Sonali Palkar, Dr. Prakash Doke, Dr. Sankar Gorthi, Dr. Gauri Oka, Dr. R. A. Momin, Mr. Karamchand Patil were facilitators. Total 26 participants and CRPU members attended this workshop. Certificates were distributed to participants by the Executive Director.

B. Bharati Vidyapeeth Medical Journal (BVMJ):

Aiming to provide dias to disseminate research work, CRPU launched Bharati Vidyapeeth Medical Journal (BVMJ). Bharati Vidyapeeth Medical Journal is an official publication of Bharati Vidyapeeth (Deemed to be) University Medical College. It is a blind peer-reviewed, open access quarterly journal started in January 2021. The journal publishes original articles, short articles, case reports, case series, systematic reviews, meta-analyses and letter to the editor. The journal accepts research papers from broad, as well as, sub-specialty areas of medical sciences that are deemed to be of practical value for the daily practice of medicine. The journal conforms to the guidelines of COPE and soon will be registered in DOAJ. The journal allows free access to its contents and does not charge any article processing or publication fee. We have applied for ISSN. The journal has received a provisional RNI Number. Permanent number is expected in August 2021. CRPU members as well as faculty of Bharati Vidyapeeth (Deemed To Be) Medical College are part of BVMJ Editorial board. CRPU encourages faculty as well as students, interns, and residents to publish their work on this platform. First two issues are already published and available on the BVMJ website. Both issues have one Editorial Article, three Case Reports, and five Original Articles.

C. CSRI-DST Call for proposals:

In February 2021, CSRI-DST invited call for proposals for multifaceted areas like emotions, language, memory, visual perception and cognition, thinking & reasoning, social cognition, decision making, artificial intelligence, computational modeling of cognitive processes, psychology, cognitive development and other important components derived from work in neurosciences, philosophy, linguistics, anthropology, etc. Document was shared with faculty. Review meeting was convened on 11th February, 2021. Three proposals were presented and discussed. CRPU members gave their inputs. One proposal was submitted.

D. ICMR Tuberculosis proposals review:

In March 2021, ICMR invited a Call for proposal in Tuberculosis. The document was shared with faculty. The meeting was convened on Thursday, 10th March, 2021. Three proposals were presented one by one. CRPU members discussed it, suggested changes, and encouraged faculty to send those proposals to ICMR. Four proposals were submitted.

E. Awards for best papers:

The HODs of all departments submitted the list of publications published in the last year, i.e., from 1st April 2020 to 31st March 2021, to the Central research & Publication Unit (CRPU). Faculty from Bharati Vidyapeeth (Deemed To Be) University, Medical College, Pune published 130 articles in various journals. Dr. P. P. Doke (Head) and Dr. Gauri Oka (Research Consultant) from CRPU and Dr. Prasad Pore (Member Secretary) of the Ethics Committee, reviewed all the publications given in the list. Case reports, multi-center clinical trials were excluded. The faculty who is corresponding author or among first three authors was considered. Additionally, part of study must have been conducted in Bharati Vidyapeeth (Deemed To Be) University, Medical College and Hospital. The journals in which the articles were published were arranged as per indexing and preference was given to PubMed, PubMed Central and Scopus in that order. In the second phase in each indexing system the impact factor of the journal was viewed and ranking was done accordingly. For the third prize, journal site score reported by Scopus was considered. The list of best three articles is given below:

BHARATI VIDYAPEETH (DTU) MEDICAL COLLEGE, PUNE

Department of Community Medicine & Medical Education Unit

Research Methodology Workshop Report

15/09/2020

Sub: Research Methodology Workshop (RM WS) for PG Students (JR I)

Batch 1: 17th August 2020

Batch 2: 18th August 2020

Batch 3: 08th September 2020

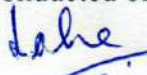

Department of Community Medicine and Medical Education Unit of Bharati Vidyapeeth (DTU) Medical College, Pune conducted the annual Research Methodology Workshop for newly enrolled Post Graduate students(JR I). This year instead of two days, the workshop was conducted for one day due to COVID. The one day lecture series were conducted in 3 batches on 17th, 18th August and 08th September 2020.

Total 124 PG students (including MD/MS, super specialty, and MSc students) participated in the workshop. 1 faculty observer attended the workshop with batch 1.

The sessions on both days began on time and went as per schedule. Students from all the batches reported on time and participated actively in the sessions. The participants first introduced themselves and their thesis topic. Compared to previous batches many students had not finalized the topic due to COVID duties leading to less time at disposal. During each session, the speaker explained their topic with examples relating to participants research topic. All the aspects of research right from formulation of research question and title, the study designs, the statistical aspects like estimating sample size etc. were covered in detail. Literature search and writing references were also dealt with hands on. The various guidelines and ethical issues pertaining to research were also covered.

Most students had queries regarding study design and sample size estimation. Faculty discussed this with individual students during the self-guided work session. In addition, they were told to approach the Community Medicine faculty and statisticians after the workshop for guidance on these queries. Formats for documents (Consent form, Participant / Patient information sheet etc.) relevant for synopsis submission to Institutional Ethics Committee were shared with all the students on the whatsapp groups created for the workshop.

Verbal and online feedback was taken from all 3 batches after the last session. The responses in the feedback showed that all the sessions were relevant to their research, there was good & excellent use of teaching aids, the pace of the lecture was appropriate, the length of sessions was appropriate. The students appreciated the efforts to ensure that topic is understood along with good interactivity and clarification of doubts. Students found sessions on statistics, literature search, study designs and references extremely beneficial. The overall response was that the workshop is very informative; they got an orientation to the research protocol, were encouraged to apply it to their research topic. However, during the literature search session internet connectivity problem occurred. Also 4 students could not attend as they tested positive for COVID. A mop up round will be conducted or ppt will be shared with them.

Research Methodology Workshop – 2 (Online) for JR3
28th Aug, & 4th Sept & 10th Oct 2020
Report - 7th Oct 2020

Total 77 JR3 participated in this workshop. In view of the COVID situation, the WS was conducted as a half day online activity, from 1.00 pm to 5.30 pm. There were two batches for this workshop. Total 45 & 28 JR III participated in batch 1 & 2 respectively, conducted on 28th Aug and 4th Sept 2020 respectively. A mop up session was conducted on Saturday, 10th Oct for 4 JR1 students who had been unable to attend either of the earlier batches due to COVID.

All participants joined meeting online through google meet, Mr. Patil welcomed the participants. Principal and Chairman of MEU, Dr. N.S. Mani enumerated the objectives of the workshop. Two sessions relating to data presentation in a master chart (in excel) and data analysis (statistical tests) were part of program for which all the participants worked on their laptops. The Statistical Unit of Community Medicine Department conducted these two sessions. Dr. Doke conducted session on Dissertation writing: A Bird's Eye View. The last session was conducted by Dr. Momin on Plagiarism and Online dissertation submission guidelines.

All above sessions were carried out using google meet. Online link of google form for feedback about workshop was shared with the participants on the workshop WhatsApp group at the end of the day. The students found the workshop extremely beneficial.

	10:45 - 12:30	Introduction to systematic reviews and Meta analysis	
25/01/2021	9:00 - 10:30	Protocol registration, Use of checklists in critical appraisal and writing of research papers - part 1	Dr Ashwin Jawdekar
	10:45 - 12:30	Use of checklists in critical appraisal and writing research papers - part 2	
03/02/2021	9:00 - 10:30	Critical appraisal presentations by delegates	Dr Ashwin Jawdekar
	10:45 - 12:30		
05/02/2021	9:00 - 10:30	Statistical considerations in SRMA	Dr Dheeraj Kalra
	10:45 - 12:30	Use of software for SRMA (hands on)	
	12:30 - 1:00	Q & A with resource person and certificate distribution	

The program was conducted in lecture hall no.1 of the Bharati Vidyapeeth (Deemed to be) University Dental College, Navi Mumbai. All safety protocols for Covid-19 were considered and followed throughout the event. A total of 36 participants registered for the program. On the first

day, Dr. Karishma Desai, master of ceremony welcomed the participants and requested the Coordinator of the Scientific and CDE committee Dr Viraj Kharkar to share a few words.

Dr. Kharkar welcomed the attendees and elaborated on the need to update ourselves with the latest in evidence-based research, research methodologies, and scientific literature. He further requested Principal, Dr V Sreenivasan to kindly address the participants. Principal sir shared his views on evidence-based research and the applications of SRMAs, he further explained that fostering critical thinking and promoting research was one of the thoughts behind conducting the SRMA faculty development program. Following the inauguration and with the introduction of the resource persons, the event began.

From day 1 to day 4 the attendees actively participated in learning, critical thinking, and skill development. The first two days, Dr. Ashwin Jawdekar focused on exhaustively covering the basics of systematic reviews, their applications, and interpretations of various graphs and forest plots. On the second day, the postgraduate students volunteered critical appraisal of articles using checklists, and based on this activity, the participants were grouped into three for the critical appraisal exercise. On day 3, the articles were appraised by groups using the PRISMA checklist of systematic reviews for randomized controlled trials (RCT), the MOOSE checklist for systematic reviews for observational studies, and the CONSORT guidelines for RCTs. The participants presented critical appraisals for various articles with great enthusiasm. On Day 4, Dr Dheeraj Kalra conducted hands-on training for the use of software for the tabulation and interpretation of SRMA data. This was followed by a brainstorming session filled with questions and answers between the participants and resource persons. The event concluded with felicitation of the resource persons, participant certificate distribution, and group photo for the successful completion of the SRMA faculty development program.

First Clinical Faculty Meet

A clinical presentation was held under the aegis of clinical faculty meet by the Department of Periodontology at Bharati Vidyapeeth (Deemed to Be University) Dental College and Hospital, Sangli on 02-02-2021 at 10:30 am. Topic of the presentation was “Augmenting And Preserving The Zone of Attachment Case Series”. It was presented by Dr. Kunal Keshaw, Assistant Professor, Department of Periodontology, Bharati Vidyapeeth (Deemed to Be University) Dental College and Hospital, Sangli. It was a series of various case scenarios requiring gingival tissue and biotype augmentation along with its preservation around natural dentition, restorative interface, post orthodontic treatment cases and implants, putting an emphasis on interdisciplinary importance of periodontal well being.

It was well attended by almost all the head of departments and faculty members of every department of our dental hospital. Such clinico-pathological presentations and narratives will provide a greater paradigm for faculties to improvise case based treatment approaches as well as interdisciplinary collaborations, that will enhance the quality of continuing dental education and research.

“International Yoga Day”

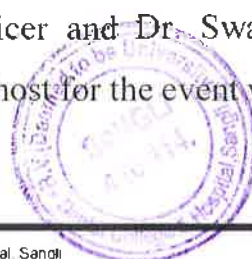

N.S.S. unit of Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Sangli celebrated the “**International Yoga Day**” on 21st June 2021 in the Dental College Auditorium.

The chief dignitary for the program was respected Dr. Vidya Dodwad, Principal, BVDU Dental College and Hospital, Sangli. Other dignitaries who attended the program were the Faculty Members and Interns of BVDU Dental College and Hospital, Sangli with maintenance of social distancing.

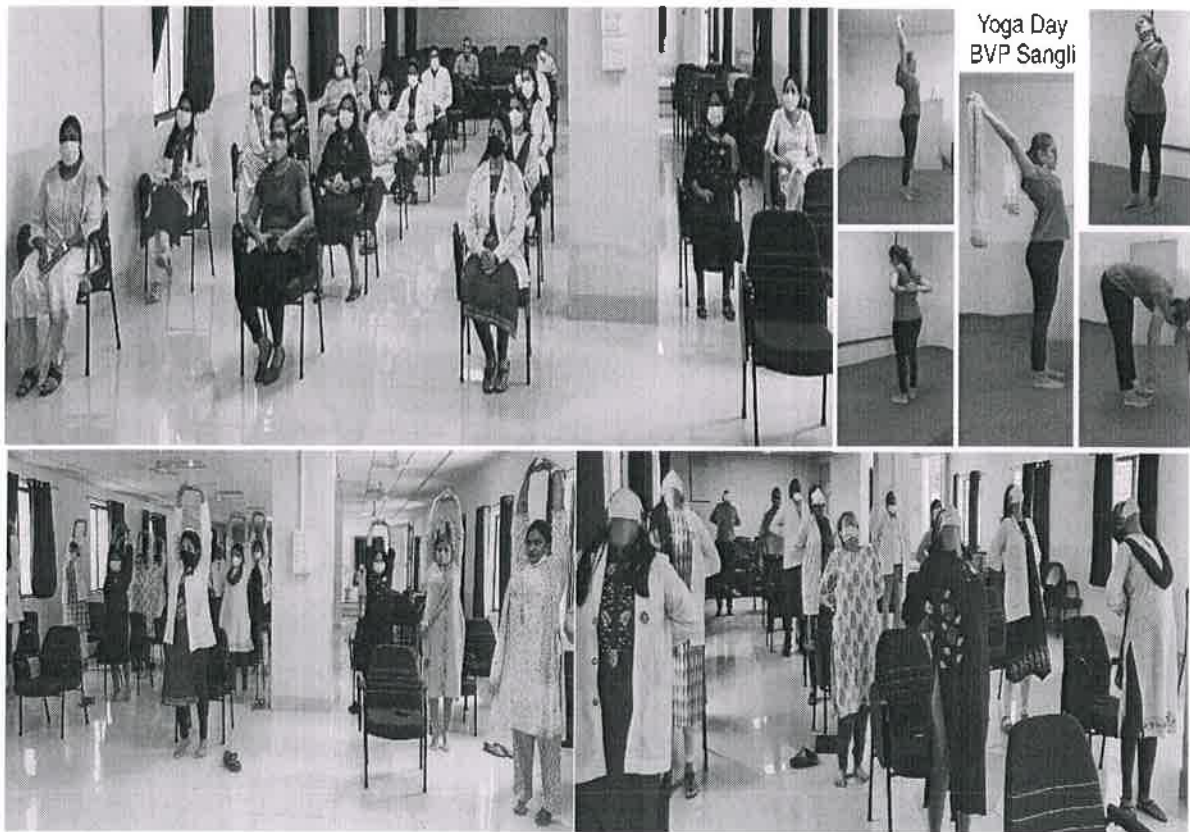

The theme for the year 2021 was “Yoga for well-being”. The chief guest of honour was Dr. Ruchika Patil, who is an ayurvedic doctor along with being a certified yoga instructor. She is currently teaching at J.J Magdum college of Ayurveda, Jaysingpur.

Dr. Samruddhi Metha, NSS Programme Officer and Dr. Swapnil Metha, Assistant Programme officer organised the event and the host for the event was Miss. Keerthi Nair, Intern.

The program commenced by welcoming all dignitaries, faculty members and interns. They were explained the importance of yoga along with its benefits followed by a small video construing the same.

The chief guest was then humbly welcomed onto the stage where she delivered a speech on Scientific Benefits of Various Yoga Asanas proceeded with her demonstration of various asana that is various body postures while standing, sitting, and in supine positions. The program was concluded by Dr. Samruddhi Metha proposing the vote of thanks followed by handing over the Certificate as token of appreciation to the chief guest by the auspicious hands of Dr. Vidya Dodwad, Principal, Bharati Vidyapeeth (Deemed to be University) Dental College and Hospital, Sangli.

The program was very well received and active participation by all faculty members and students was perceived.

**“Founder Chancellor, Hon’ble Dr. Patangraoji Kadam Post Graduate
Homoeopathic National Research Conclave/Webinar 2020”**

REPORT OF THE EVENT

The Post-Graduate Department of Bharati Vidyapeeth (Deemed to be University) Homoeopathic Medical College, Pune organized the three day “**Founder Chancellor, Hon’ble Dr. Patangraoji Kadam Post Graduate Homoeopathic National Research Conclave/Webinar 2020**”.

This Three day Research Conclave was organized with the sole purpose of providing a center stage to the students to learn and present the research conducted by them and also to gain knowledge relating to application of research and statistics in the field of homoeopathy through the various lectures conducted.

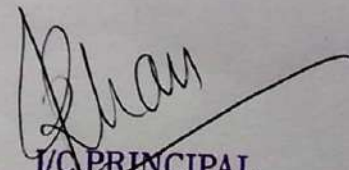

Over the years almost all our P.G. scholars have attended various conferences curiously on the subject of improving the Homoeopathic fraternity in terms of Research. They have published papers in UGC recognized journals and also participated in conferences with Paper/Poster presentations. This year, due to the current pandemic of CoVID-19, the conclave which was originally to be held in the month of April 2020 had to be postponed and was finally organized on the 7th, 8th and 9th September 2020 in the form of a webinar through Microsoft Teams app. We had organized this research conclave to boost the Post Graduate and the Ph.D. scholars to prove themselves and improve the standards of research in the field of Homoeopathy.

The chief guests for the conclave included:

1. **Hon'ble Dr. Anil Khurana**. Deputy Director General, CCRH; Chairman of board of governor of CCH ;Editor of Indian Journal of Research in Homoeopathy
2. **Hon’ble Vice Chancellor, Dr. Manikrao Madhavrao Salunkhe**, Bharati (Deemed to be) University, Pune

The lecturers for the conclave were:

1. **Dr. Shamim Shaikh** (Ph.D.), Principal, Rajiv Gandhi Institute of Information Technology and Biotechnology, Bharati (Deemed to be) University, Pune
2. **Dr. Prakash Doke** (M.D., DNB, Ph.D.) Professor, Dept Of Community Medicine, Bharati Medical College; Former Director of Health Services; Former Executive Director, State Health System Resource Centre Maharashtra, Government of Maharashtra; Former Professor, MGM Medical College
3. **Mr. Karamchand Patil** (Msc, MPH) Biostatistician at Bharati Medical College; Former Statistician at Shree Krishna Hospital and Research Center

4. **Dr. Aniket V. Mali** (M.Pharm, Ph.D.) (Pharmaceutical Biotechnology) Analyst, National Centre for Cell Sciences (NCCS), Pune.

5. **Dr. Jagajjit Sahu**, Ph.D. Domain Expert, NCCS, Pune

DAY 1: The conclave began with a lamp lighting ceremony by Dr. Arun B. Jadhav, Principal, Bharati Vidyapeeth Homoeopathic Medical College and Hospital, Pune in the virtual presence of all the dignitaries. This was followed by a welcome speech by Dr. Anita S. Patil, Dean, FoH and PG-Coordinator, Bharati Vidyapeeth Homoeopathic Medical College and Hospital, Pune. It was vibrant and enthusiastic and helped in setting up the tone for the conclave.

This was followed by the Principal Address in which he guided the students for the need to research and conduct baseline studies to improve the basis of thinking to generate the topics for research. Emphasis was also given to the collaborative and inter-disciplinary activities of research. All the dignitaries were then introduced and felicitated.

Following that, the chief guests addressed the crowd. Hon'ble Vice Chancellor, Dr. Manikrao Madhavrao Salunkhe, Bharati (Deemed to be) University, Pune shared his views of such a high quality conclave and expressed his views on the need of inter-disciplinary collaborative works in chemistry and homoeopathy and how the practical knowledge in one field of science can be helpful in uplifting another field of science.

Hon'ble Dr. Anil Khurana, Deputy Director General, CCRH emphasized on the necessity of research based advancement in homoeopathy by the students and talked about the scope of research for homoeopathic researchers in the present state. He also shared his views on collaborative work and the importance of sharing knowledge with one another and also shared his views on participating in the far reach of the conclave from next time onwards.

This was followed by a vote of thanks from Dr. Tejas P. Gosavi, M.D., Ph.D. scholar, Asso. Prof of Dept. of Pharmacy, BVDUHMC, Pune.

Post inauguration, the session started with lectures on BIOINFORMATICS by DR. SHAMIM SHAIKH which detailed the application of correct interpretation of knowledge of medicine and gene expression etc.

This was followed by a lecture by DR. PRAKASH DOKE on PROTOCOL DEVELOPMENT which answered the questions regarding development of protocols and operating procedures in order to start a research.

Post lunch, the session opened with the e-Poster Presentation competition where participants from all over India as well as scholars of Bharati Vidyapeeth (Deemed to be University) Homoeopathic Medical College, 12th Batch Post Graduate Students participated.

DAY 2: The session started with a lecture by MR. KARAMCHAND PATIL on MEDICAL STATISTICS which shed a light on the application of statistical analysis and various aspect of research.

After this lecture, we observed a session by DR. ANIKET V. MALI about TRANSLATIONAL RESEARCH which touched on the subject of various aspect of drug action, relationship in correspondence to pharmaceuticals. After a short break, the e-Poster Presentation competition commenced where participants presented their evidence based research work.

DAY 3: On the last day, the session started with a lecture about PUBLICATION WRITING by DR. JAGAJIT SAHU which helped to unravel the complexity of publication of any research article and various view regarding to the publication.

Then, e-poster competition for the topics of evidence based medicine and role of homoeopathy in CoVID-19 commenced.

After a break, we commenced towards the valedictory function of the 3 day research conclave with a speech by Dr. Anita S. Patil, Dean, FoH and PG-Coordinator, Bharati Vidyapeeth Homoeopathic Medical College and Hospital, Pune which was followed by a brief report of the conclave by Dr. Arun B Jadhav, Principal, BVDUHMC, Pune. This Speech was followed by few words from the sponsor of the conclave, AIHSAYA (All India Homoeopathic Students and Youth Association) organization. After this, we observed speeches & Announcement of winners by the Judges' panel.

This was succeeded by a Vote of thanks by the Organizing Committee. Then the Research Conclave was concluded by Dr. Anita S. Patil.

The conclave was attended by over 500 attendees from various colleges and institutions all over India from 13 states like Andhra Pradesh, Bihar, Delhi, Gujarat, Haryana, Karnataka, Kerala, Madhya Pradesh, Rajasthan, Telangana, Uttar Pradesh, West Bengal and Maharashtra and over 40 enthusiastic participants for the e-poster competition with 35 presenting their evidence based researches and 8 presenters about COVID 19 research.

Hello Anita,

Thanks for extending the invite. It was a pleasure to interact with you this morning.

As discussed, please find my short bio and picture for your reference

//

Amit Hirway is a Postgraduate Researcher at Athlone Institute of Technology (AIT), Ireland. He is currently pursuing his PhD in the field of immersive VR (Virtual Reality) at the TIMEz (Truly Immersive and Interactive Multimedia Experiences) lab in the Department of Computer and Software Engineering at AIT. Founded in 2014 by Dr Niall Murray who is also Amit's research supervisor, the lab conducts research on the design, development and QoE evaluation of Immersive and Interactive multimedia experiences with focus on multisensory media (olfaction, haptic etc.), augmented and virtual reality as well as wearable sensor systems. Amit is an alumni of Bharati Vidyapeeth's College of Engineering (1999 batch) and has previously served as an Assistant Professor in Pune University from 2001 to 2006. Later, he worked for major telecom operators in Middle-Eastern, African and European geographies for around 12 years before starting his PhD in 2018. Amit loves to travel, read and cook in his spare time.

//

Kindly excuse me for not referring you as Ma'am since I am used to calling and being called by first name.

Best Regards,

Amit

Regarding - Invitation as a resource person for Virtual National level workshop

Tue, Feb 9, 2021 at 12:39 PM

Vasumathi Sriganesh <vasu@qmed.ngo>
To: ANITA NAWALE <anitanawale@gmail.com>

Dear Dr Anita Nawale

I remember you very well as you were one of the early registrants for our courses.

I will be very happy to do the session. Will the students be only Masters or BSc Nursing too?

It would be great if I could get an honorarium of Rs 5000/- as it then goes to our Foundation to support our activities. But if the University has any other norms - I will be happy to accept whatever is given

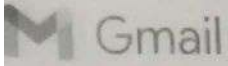

Do let me know the date and timing

 regards

Vasumathi Sriganesh

To: ANITA NAWALE <anitanawale@gmail.com>

Hello Dr Anita,

Thank you for the words of encouragement. I am glad the audience enjoyed my session.

As discussed over call, being an alumni of Bharati Vidyapeeth, I refuse to take remuneration for the session. Also, I wish to acknowledge the untiring contribution of the nursing community during the pandemic.

If there are any further opportunities for knowledge sharing, please do not hesitate to contact me.

Hope to stay in touch.

Best Regards,

Amit

Second Session - Plagiarism

MR. AMIT HIRWAY

- Postgraduate Researcher at Athlone Institute of Technology (AIT), Ireland
- He is currently pursuing his PhD in the field of immersive VR (Virtual Reality) in the TIMEX (Truly Immersive and Interactive Multimedia Experiences) lab in the Department of Computer and Software Engineering at AIT.
- Alumni of Bharti Vidyapeeth's college of engineering (1999)

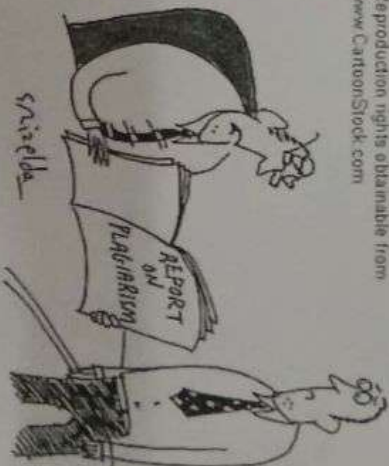

EXPERIENCE :

- Assistant professor in Pune University (2001-2006)
- worked for major telecom operators in Middle-Eastern, African and European geographies for around 12 years

WHAT IS PLAGIARISM?

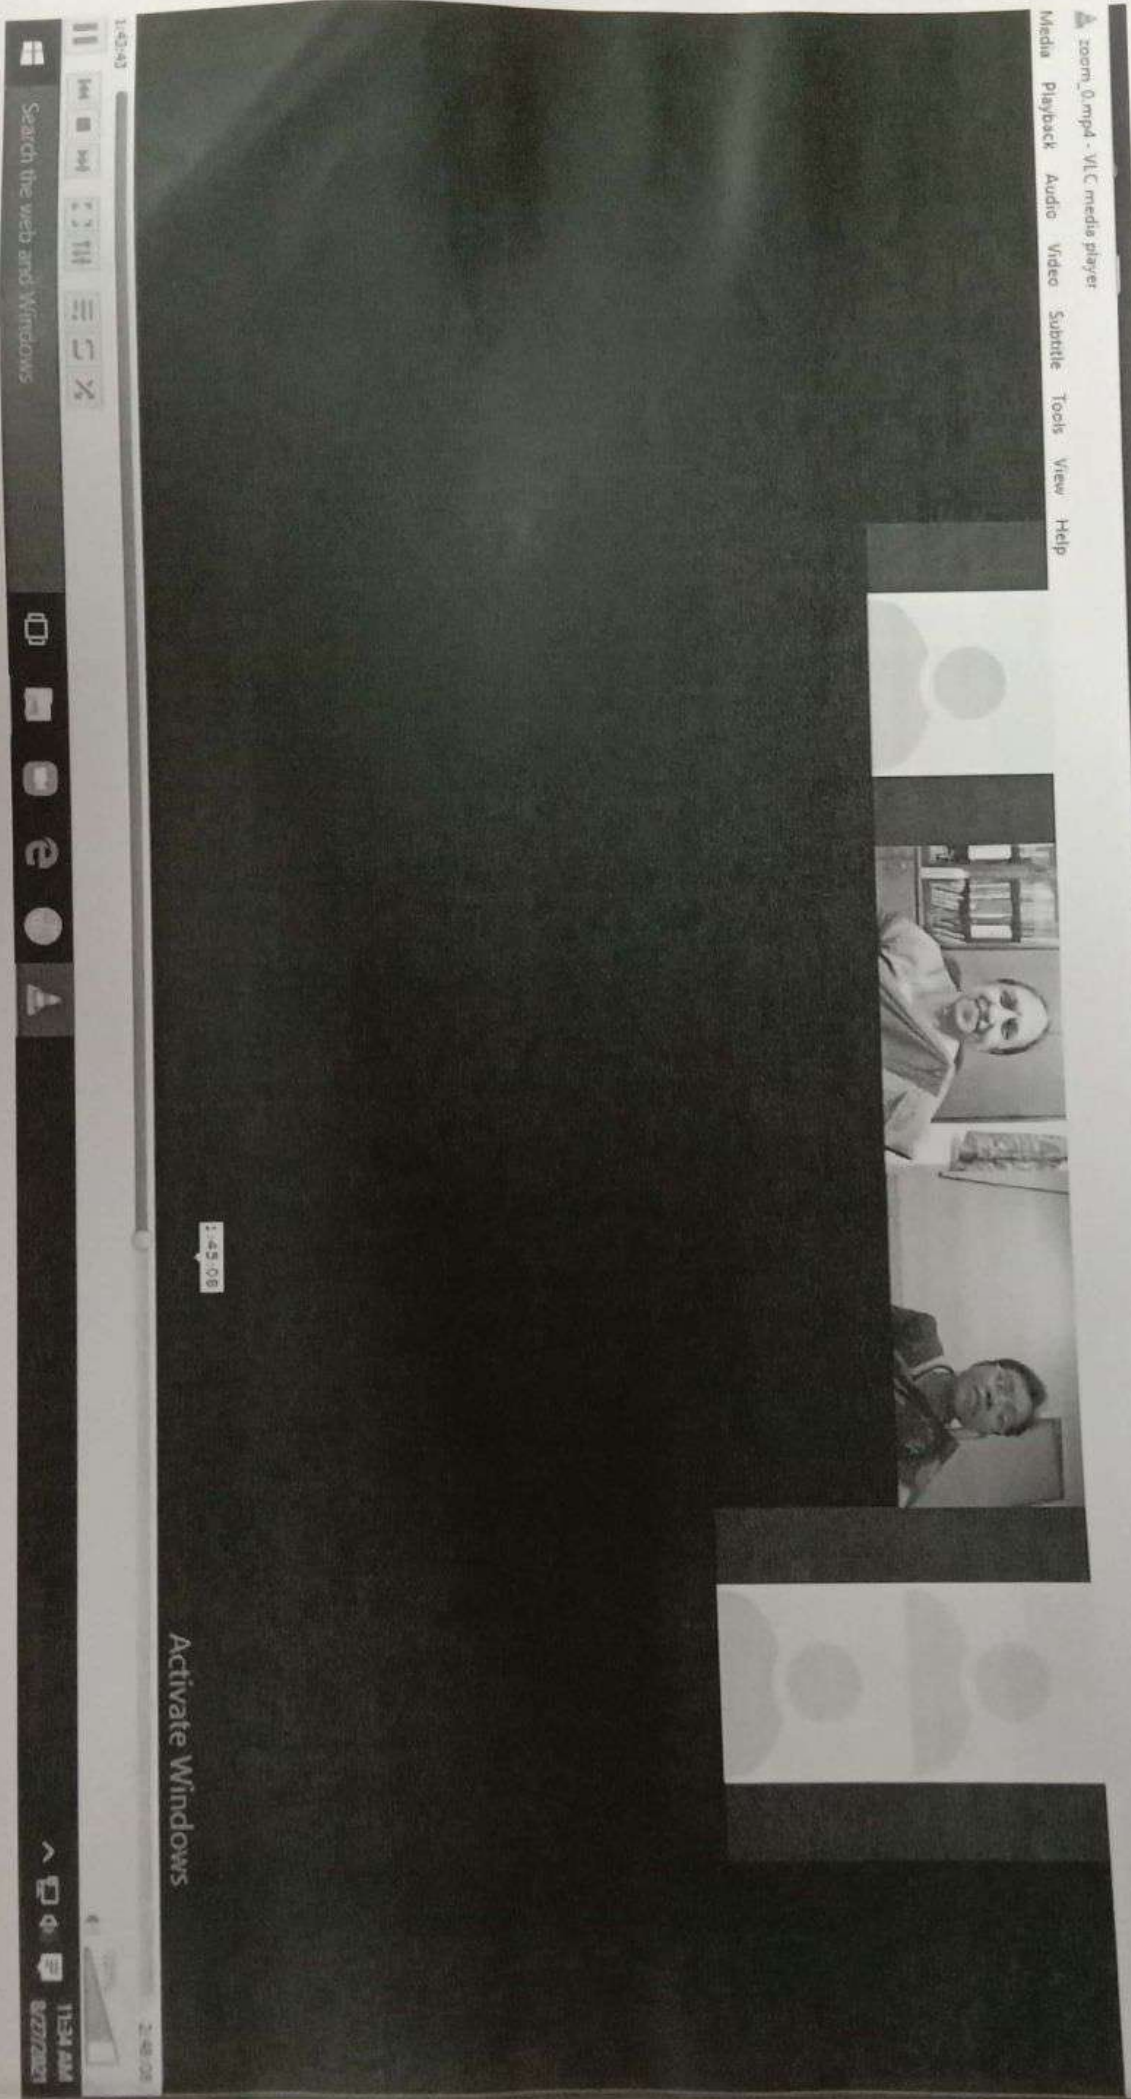

- Plagiarism involves using another author's words, work or ideas without giving the author credit. It is, essentially, stealing ideas and presenting them as though they are your own.
- Origin is in the Latin language, meaning to kidnap
- Scholars view plagiarism as a very serious offence, but its importance can sometimes be underestimated or dismissed.

Amit Hirway is a Postgraduate Researcher at Athlone Institute of Technology (AIT), Ireland. He is currently pursuing his PhD in the field of immersive VR (Virtual Reality) at the TIIMEx (Truly Immersive and Interactive Multimedia Experiences) lab in the Department of Computer and Software Engineering at AIT. Founded in 2014 by Dr. Niall Murray who is also Amit's research supervisor, the lab conducts research on the design, development and QoE evaluation of Immersive and Interactive multimedia experiences with focus on multisensory media (olfaction, haptic etc.), augmented and virtual reality as well as wearable sensor systems. Amit is an alumni of Bharati Vidyapeeth's College of Engineering (1999 batch) and has previously served as an Assistant Professor in Pune University from 2001 to 2006. Later, he worked for major telecom operators in Middle-Eastern, African and European geographies for around 12 years before starting his PhD in 2018. Amit loves to travel, read and cook in his spare time.

Vasumathi Sriganesh, BSc MLIS

Mrs. Vasumathi Sriganesh is a librarian by training, and has worked in two medical libraries in the 1990s.

She set up QMed Knowledge Foundation in 2007 – a TRUST registered with the Charity Commissioner Mumbai. The Foundation's programs help everyone in the health science professions to:

- Search online and save all results correctly, and
- Cite and reference correctly

QMed has conducted over 240 workshops and delivered over 455 lectures on these topics.

QMed has also created four Online courses – Information Resources & Literature Searching, Introduction to Referencing, Mastering PubMed, and Reference Management with Mendeley. In addition to many individuals, AIIMS Bhubaneswar, RMRC Bhubaneswar, SMVMCH – Pondicherry and three institutions of the Manipal group, have taken access to these courses.

She has also assisted authors of systematic reviews for in-depth literature searching and referencing.

For Mrs. Vasumathi's work, she has been recognized and accepted as:

- A Speaker – by the MUHS and MMC
- A Trainer – by International bodies in India – FAIMER, MECOR and "The Union"
- A Member – by The Academy of Health Professions Education, India

She was presented an International Award in 2013, at the Annual Conference of the Medical Library Association of the USA

## **Principles of ICH GCP**

- 2.1 Clinical trials to be conducted in accordance with ethical principles that have their origin in the DoH & consistent with GCP & regulatory requirement(s).
- 2.2 Foreseeable risks & inconveniences to be weighed against the anticipated benefit for the individual trial subject & society.
- 2.3 The rights, safety, & well-being of the trial subjects are the most important considerations & should prevail over interests of science & society.
- 2.4 The available non-clinical and clinical information on an investigational product should be adequate to support the proposed trial.
- 2.5 Clinical trials should be scientifically sound, & described in a clear, detailed protocol.
- 2.6 A trial should be conducted in compliance with the protocol that has received prior IRB/IEC approval/favorable opinion.
- 2.7 The medical care given to, & medical decisions made on behalf of, subjects should always be the responsibility of a qualified physician.
- 2.8 Each individual involved in conducting a trial should be qualified by education, training, & experience to perform his/her respective task(s).
- 2.9 Freely given informed consent should be obtained from every subject prior to clinical trial participation.
- 2.10 All trial information should be recorded, handled, and stored in a way that allows its accurate reporting, interpretation & verification. (This principle applies to all records referenced in this guideline, irrespective of the type of media used.)
- 2.11 Confidentiality of records that could identify subjects should be protected.
- 2.12 Investigational products should be manufactured, handled, and stored in accordance with applicable good manufacturing practice (GMP). They should be used in accordance with the approved protocol.
- 2.13 Systems with procedures that assure quality of every aspect of trial should be implemented. (Aspects of the trial that are essential to ensure human subject protection and reliability of trial results should be the focus of such systems.)

Remarks:

The CNE was organized by Department of Community Health Nursing of Bharati Vidyapeeth (Deemed to be University) College of Nursing, Pune on 06/03/2021 from 10am to 2pm. The Programmes was started with address by Dr. Khurshid Jamadar (Chairperson for this CNE) on the Theme. This was followed by the elaborative sessions by the above mentioned speakers on various aspects related to Affordable Health Care. The CNE was concluded on time with vote of thanks and overall remarks given by the MNC appointed Observer. The CNE was well appreciated by all the participants and also by Prof. Mrs. Shubhada Kale (MNC observer).

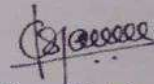

There was an Initial hiccup while admitting the participants on the zoom platform due immediate rush of the participants to get in, which was sorted out immediately and we could identify all the registered participants and allowed them in to join the CNE.

It is always to have great pleasure to work with CNE section of MNC and we got all kinds of help and support in time from them. I extend my sincere thanks to CNE, MNC, Mumbai for their timely cooperation on behalf of Bharati Vidyapeeth (Deemed to be University), Pune & Bharati Vidyapeeth College of Nursing, Pune.

I also extend my heartfelt thanks to all the speakers, who have deliberated the sessions elaborately. I wish to thank all the participants who have joined the sessions and patiently heard all the sessions.

Subject: Requesting contribution as Resource person in Webinar on Moving forward with new Normals

To: <phalakshi.manjrekar@hindujahospital.com>

Dear Madam,

Greetings from Bharati Vidyapeeth College of Nursing Pune.

COVID-19 Pandemic has affected all of us causing fundamental shift to the normal life of all around the globe. However, due to incredible resilience and determination nurses tried very quickly to adopt to new normal upskilling themselves. They worked diligently to protect, support and provide high quality care to their clients in need. Nursing leaders, instructors and educators had to consider these changes seriously and adjust to new modes of practice while ensuring that learning remains uninterrupted.

During this crisis there is increasing demand on the nurses that makes it difficult for the nurses to ensure selfcare; also, at the same time coping with new normal has become challenging. Being the spine of the health care system nurses are trying hard to adjust to the 'unstable new'. Some stress reactions might occur that need help to recharge body and mind of the health workers. Therefore, initiatives to be taken to focus on individual resilience and provide support to them and their family members. Keeping this in view, the medical surgical nursing department of Bharati Vidyapeeth (DU) College of Nursing Pune has organised this webinar on "Moving Forward with new Normal".

We request your valuable contribution on this webinar on the topic : **Adopting to changes in clinical practice** :

Objectives for the webinar:

1. To be able to identify means to conduct and maintain a healthy environment that can help the nurses to bring out their best while adjusting to new normal.
2. Nurses and health care professionals should be able to understand the challenges to new normal in clinical nursing practice so as to incorporate them in preparation of future nurses.
3. To confer on suggestive measures to adjust with these challenges.

Subtopics and Resource persons :

1. Adopting to changes in teaching methods: Mr. Sunil Kalekar, Associate professor, Adhyapak B Ed College, Pune.

2. Adopting to the changes in clinical practice

National perspective : Dr. Phalakshi Manjrekar, Nursing

International perspective : Mrs. Bindu Varghese, nurse

3. Stress management and burnout : Mr. Vithoba Mahalkar

Director, Hinduja Hospital

practitioner, UK.

Subject: Invitation for deliver expert lecture

Dear Divya
Greetings of the Day!
As per telephonic conversation ,we are obliged for accepting invitation to deliver expert lecture for first year students
Details are herewith
Day - Monday
Date - 23/11/2020
Time - 1 pm to 2 pm
Link for the lecture is shared on whats app
Thank you once again for accepting the invitation

Thanks and Regards
Dr. Kavita Kulkarni
Associate Professor
Department of Chemical Engineering

Report

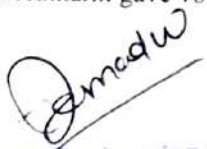

**Seminar on Refinery and petrochemical complex configuration" by Mr Alok Kumar,
Senior process Manager, Engineers India Ltd. on 19th September 2020**

A seminar on "Refinery and petrochemical complex configuration" was organized by online mode in Chemical Department on 19th September 2020 Mr Alok Kumar, Senior process Manager, Engineers India Ltd. was the expert for the seminar. The refining industry has been undergoing evolution triggered by internal competition and the pursuit of higher gross refinery margin. He explained the two factors have been shaping the complexity of today's refining industry with respect to

1. The dynamics of the downstream market
2. Advances in refining processes/configurations.

He said that the combination of process units the refinery and has its own configuration. The more units a refinery has, the better its ability to run lower-quality (cheaper) crude grades, and to make a high proportion of light (higher-value) products such as diesel and gasoline. He also elaborated about flare system. He said that refinery flare systems are primarily intended to contain and dispose of vapor releases, but must also be capable of handling liquids which may be released to them as a result of unit upsets, equipment failures, emergencies or disoperation's. Liquids may also collect in the system due to condensation of heavy, hot vapors or steam if they are released into the system. The flare itself is intended only to burn vapors, so any liquids released into the flare header system must be separated from the flare vapor and separately handled. He illustrated opportunities in petroleum field. Dr. Kavita Kulkarni gave vote of thanks.

Research and Development Cell

In order to strengthen and expand the research activities in the institute, R&D cell was established and is functioning in this Institution from last several years. It is acting as the nodal centre for all Research related activities.

About the FDP

Intellectual property rights encourages the technology transfers and investments to the great extent and helps in technological advancement in the country. However, due to lack of awareness related to IPR and its importance, the research output is only limited to publication in journals. The objective of the workshop is to make participants aware of the actual facts of patent protection, patent rights and patent drafting. This workshop intended to provide a detailed information of Intellectual Property Right (IPR), Patentability Analysis, Drafting of Patent Specification, Claim Construction and Patent Filing and Procedure before Patent Office.

Report

**Expert Talk on "Thermodynamic power cycles" by Mr Arunabh Sahai, Scientist,
Haldor Topsoe India Pvt. Ltd. on 7th June 2021**

Expert Talk on "Thermodynamic power cycles" was organized by online mode in Chemical Department on 7th June 2021. Mr Arunabh Sahai, Scientist, Haldor Topsoe India Pvt. Ltd. delivered the expert talk. He is Scientist in Global R&D department of Haldor Topsoe developing Clean / Blue Hydrogen solutions. He has one International patent already published in April 2020 and five other patents filed as Inventor / Co-Inventor during his recent tenure in R&D. Arunabh Sahai is alumnus of college passed in 2006.

He elaborated about thermodynamic power cycles. He illustrated about power cycle, which consists of a series of repeating thermodynamic processes along a closed process path, while heat is converted into mechanical work. The most widespread working medium is water. The power cycle involves the water's change of phase from a liquid state into superheated steam. He also illustrated about Carnot cycle, Rankine cycle and its working.

He guided students about job opportunities in this pandemic situation.

S. B. Patil College of Engineering, Indapur, Pune

S. B. Patil College of Engineering, Indapur is established in year 2009 under the Visionary leadership of Hon. Shri. Harshvardhan Patil with Objective of creating State of the Art Learning facilities in the field of Engineering. This institution wishes to tap all available sources of knowledge and create a unique facility creation of best and most updated technological minds. The institute in the 44 acres is Lush Green and a mix of scenic beauty. The Institute provides 5 UG Courses such as Civil, Computer, Electrical, Electronics & Tele-communication, and Mechanical in Engineering. The institute is NAAC and ISO 9001 :2015 certified. The institute has disciplined academic, excellent placement and research culture. Institute Innovation Cell is established under MHRD, New Delhi. For more Visit website- www.sbpcoe.com

About the Department

The Department of Civil Engineering (BVUCOEP) was established in 1983 and is offering B. Tech. courses. The department has qualified and experienced staff and well-equipped laboratories with the state-of-the-art facilities. The UG B.Tech. programme of the department got accredited in 2004, 2011 and reaccredited in year 2017 by NBA. Students of department have added value to department by getting placed in reputed core and software companies and by excelling in competitive examinations.

About the FDP

Environmental Engineering focuses on protecting and preserving the environment through water quality research, air pollution control, waste & wastewater management, climate change etc. Present FDP will be of immense benefit to researchers of this field of Environmental Engineering.

Cyber and Network Security Infrastructure Configuration

Sponsored by AICTE under AQIS

Date: 14 / 12 / 2020 to 19 / 12 / 2020

Organised by:

Department of Computer Engineering

Bharati Vidyapeeth

(Deemed to be University)

College of Engineering, Pune (India)

Bharati Vidyapeeth (Deemed to be University), Pune, INDIA

Bharati Vidyapeeth (Deemed to be University) (BV(DU)) is one of the largest multi-disciplinary university in India having 29 Constituent Institutions located in eight sprawling campuses which offers 278 plus academic programs. The university started functioning on 26 April 1996 and has earned reputation of being one of the top Universities in India. University has been accredited to 'A' Grade by NAAC in 2004 and in 2011. It has reaccredited to 'A+' Grade by NAAC in 2017. It is also recognised as Category I university by University grant Commission, India. In NIRF 2020, BV(DU) bagged 63rd rank among universities.

BV(DU) College of Engineering, Pune (India)

BV(DU) College of Engineering, Pune (BV(DU)COEP) is one of the well-known and well appreciated institutes imparting technical education since 1983. The institute has been ranked among top 100 Engineering colleges of India by National Institutional Ranking Framework (NIRF) of MHRD, GOI successively for five years. Internshala ranked this Institute to 46th at National level and 8th in West Zone for Best Internship record. Atal ranking of Institute Innovation and achievement initiated by Ministry of Education, GOI has ranked this institute among top 50 at national level for innovations in the institute. The successful interaction with industry has resulted in getting this institute a Platinum Category status by AICTE - CII. Many other ranking agencies such as DATAQUEST - CMR (3rd), Times of India (23rd), India Today (13th), & Outlook (46th) have ranked this institute among top 100 Engineering Colleges in India.

Department of Computer Engineering

The Department of Computer Engineering was established in 1985. The department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and graduate levels. Till date more than 3000 undergraduates and 400 Postgraduates have graduated from the department. As a result of Computer Engineering department initiative, the institute has received the status of VMware IT Academy which is reflected to be a Centre of Excellence. The Program B.TECH. (Computer Engineering) being run in this department has been accredited by National Board of Accreditation, India for last fifteen years. The Department has successfully completed a number of sponsored research projects funded by various government and private funding agencies. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks. The faculty and research scholars of the Department are actively engaged in research activities in several areas of current research topics like Machine Learning, Artificial Intelligence, Software Engineering and Information and storage Systems etc. There are more than 500+ research papers published in various journals and conference proceedings that are indexed in SCI, SCOPUS and other standard databases.

STTP on Cyber and Network Security Infrastructure Configuration

The proliferation of data has led to huge amount of scope and potential in extracting the information and thereby making decisions for running the business. The source of these data is mainly from the Social networking platforms. The users who generate their data requires their privacy to be protected along with their data. The current development in India like digital India initiatives encompass huge amount and variety of applications that include a large base of users. This STTP will cover the various challenges in securing the privacy of users and data. It will also encompass a hands-on session using Linux kali to configure the systems to protect from data theft and privacy preserving.

Objectives

- ❖ Train 40 Faculty Members on Cyber Security
- ❖ Building networks of professional.
- ❖ Sensitizing cyber and network security to masses at large for strengthening the use of digital India applications and initiatives.

STTP Contents

- ❖ Introduction to Network Security and Ethical Hacking.
- ❖ Footprinting and Reconnaissance.
- ❖ Scanning Networks
- ❖ Enumeration and System Hacking
- ❖ Trojans & Backdoors.
- ❖ Viruses and Worms.
- ❖ Sniffing & Social Engineering
- ❖ Firewalls – pfsense install and configuration.

Outcomes

- ❖ Obtain the understanding of how automation is changing the concepts and expectations concerning privacy and the increasingly interconnected issue of security.
- ❖ Identify Factors driving the need of cyber and network security.
- ❖ Identify the type of attacks.
- ❖ Identify network vulnerabilities.
- ❖ Use Kali Linux for enhancing security.

Participants and Selection Procedure

The STTP is open to faculty members of AICTE approved Engineering Institutes and Industry professionals. There is **NO REGISTRATION FEES** for the participants. The selection will be based on the FIRST COME FIRST SERVE basis.

Date

14/12/2020 to 19/12/2020

Time

10:00 AM to 3:00 PM

Patrons

- ❖ **Dr. Patangrao Kadam**, Founder Chancellor, Bharati Vidyapeeth (Deemed to be University) Pune.
- ❖ **Dr. Shivajirao Kadam**, Chancellor, Bharati Vidyapeeth (Deemed to be University) Pune.
- ❖ **Dr. Vishwajit Kadam**, Secretary, Bharati Vidyapeeth & Pro-Vice Chancellor, Bharati Vidyapeeth (Deemed to be University), Pune.
- ❖ **Dr. Manikrao Salunkhe**, Vice-Chancellor, Bharati Vidyapeeth (Deemed to be University) Pune.

Program Chairman

- ❖ **Dr. Anand Bhalerao**, Principal, Bharati Vidyapeeth (Deemed to be University) Pune, College of Engineering, Pune.

Program Coordinator

- ❖ **Dr. Suhas. H. Patil**, Professor, Department of Computer Engineering, Bharati Vidyapeeth (Deemed to be University) Pune, College of Engineering, Pune.

Details of Online Short term Training Program

Title: Cyber and network Security Infrastructure Configuration

Scheme: Sponsored by AICTE under AQIS scheme.

Organised by: Department of computer Engineering, Bharati Vidyapeeth (Deemed to be University) College of Engineering, Pune.

Date: Second STTP - 14-12-2020 to 19-12-2020

Chief Guest for the Second STTP: Dr. Sithu Sudarsan, Executive Director, CDAC, Bengaluru.

Resource Person:

1. Mrs. P. R. Eswari Lakshmi, Senior Director and Centre Head, CDAC, Hyderabad.
2. Mr. Somu Shanmughavel, IT Manager and HR Manager, Eagle - Rebar Pvt. Ltd.
3. Mr. Mukesh Ananth, Senior Technical Lead, Meenakshi Polytechnic college & Corporate Trainer

Total Participants: 64

Objectives of STTP: The objective of this STTP was to train participants with practical skills so they can realise to identify the issues, challenges of cyber and network security and understand to secure their infrastructure by devising solutions and also sensitizing cyber and network security to masses at large for strengthening the use of digital India applications and initiatives.

Day 1 - 14-12-2020

Inaugural Ceremony:

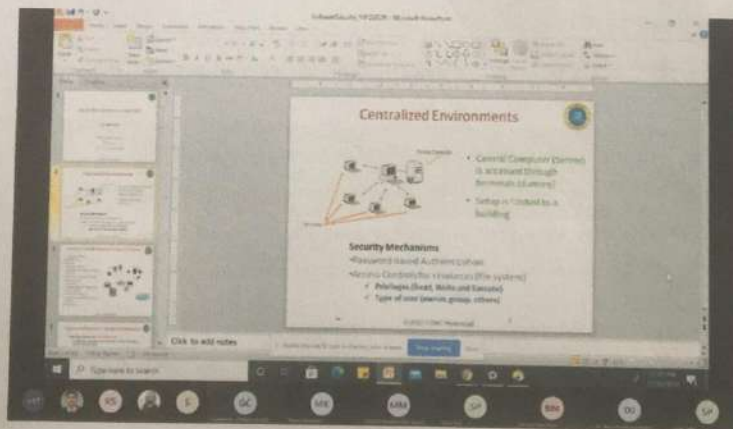

Dr. Naveenkumar welcomed all the Participants, Prof. Dr. Shashank Joshi and Chief Guest Dr. Sithu Sudarsan to the online STTP. The presiding dignitaries were introduced to all the participants. Dr. Shashank Joshi, delivered welcome address in which he briefed about the Bharati Vidyapeeth (Deemed to be University), Pune, BV(DU)'s College of Engineering, Pune and department of computer Engineering achievements and accolades as well introduction about the program. The chief guest of the program addressed the virtual gathering in spirit of the event. He highlighted the importance of network Infrastructure configuration, trends in security, threats and protection. The coordinator of the program Dr. Suhas Patil delivered the vote of thanks.

Mrs. P. R. Eswari Lakshmi was introduced to all the participants. In this session, she covered all the topics related to computer networks and security threats. Various malicious code and threats were discussed in detail.

Outcomes:

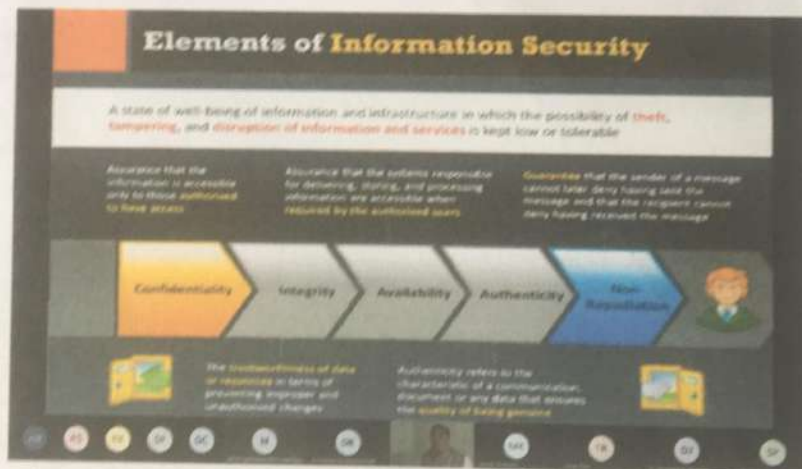

- Made aware of various threats, Advanced Persistent Threats, Mirai bots, Security services, etc.
- Scope of other major breaches like PoS malware, Stuxnet, Heartbleed, Zero day attack etc. were made aware.
- Holistic approach to cyber security, security solutions and deployment were elaborated in detail.

The resource persons Mr. Somu Shanmughavel and Mr. Mukesh Ananth were introduced to all the participants. This session was handled by Mr. Somu Shanmughavel. He explained the detailed plan of the following sessions and gave overview of the practical laboratory exercises and theoretical concepts that will be covered in throughout the period of STTP.

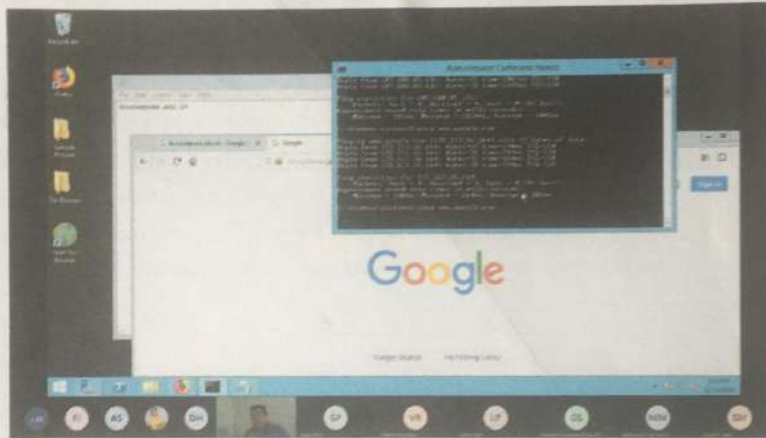

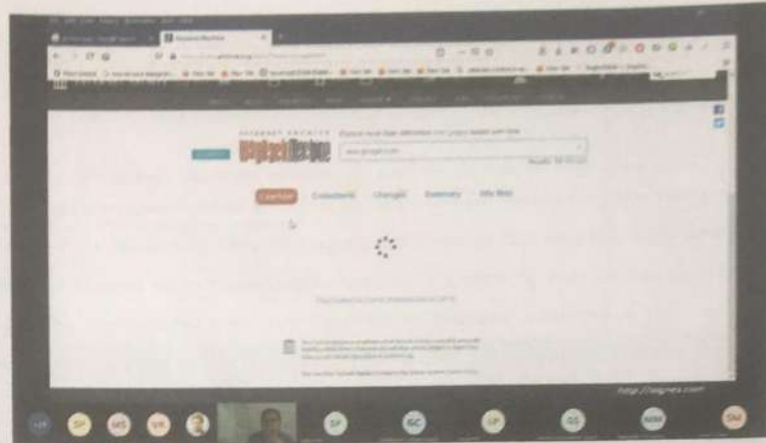

Outcomes:

- Given the awareness on complexity of security requirements is increasing day by day as a result of evolving technology, like changing in hacking tactics, emerging security vulnerabilities, etc.
- Participants will have knowledge on ethical hackers help organization to better understand their security systems and identify the risks, highlight the remedial actions, and also reduce ICT costs by resolving those vulnerabilities.
- Participants will have knowledge on crucial component of risk assessment, auditing, counter fraud, best practices and good governance.

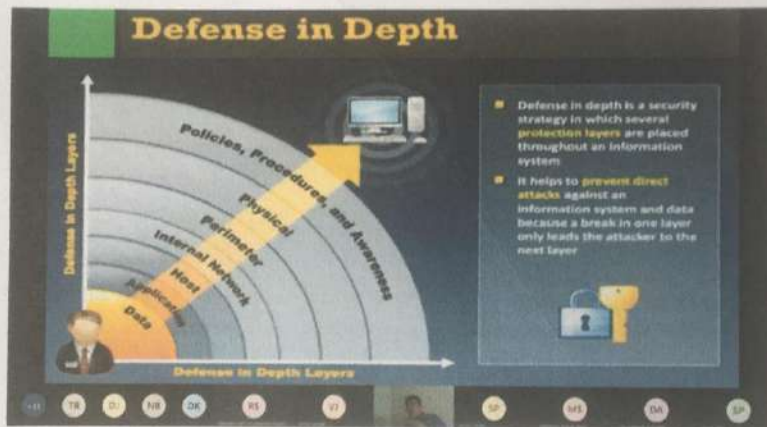

Day 2 – 15-12-2020

This session was continued by Mr.Somu S. He covered module 2 with more emphasis on practical aspect. He covered the Footprinting and Reconnaissance.

In this session Somu sir explained about the complete hacking and ethical hacking. Phases of hacking were covered in detail, different types of attack on system were demonstrated and explained. The session also witnessed various demonstration of attacking the system and how to protect the system in depth.

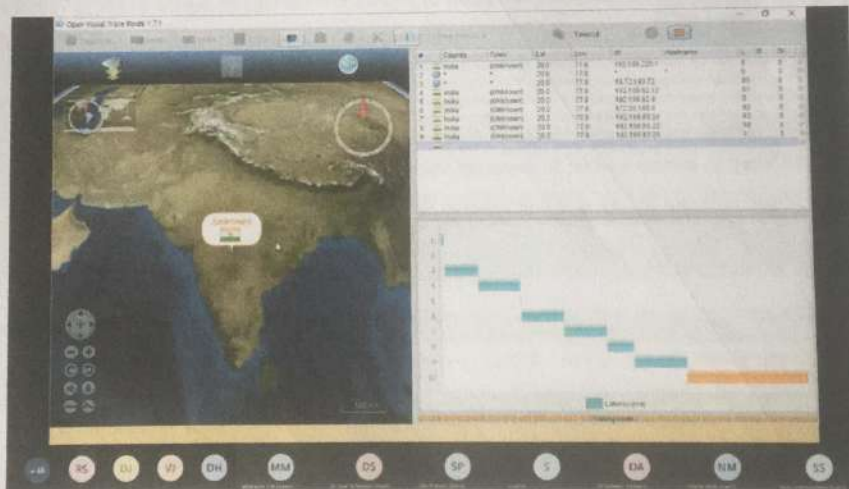

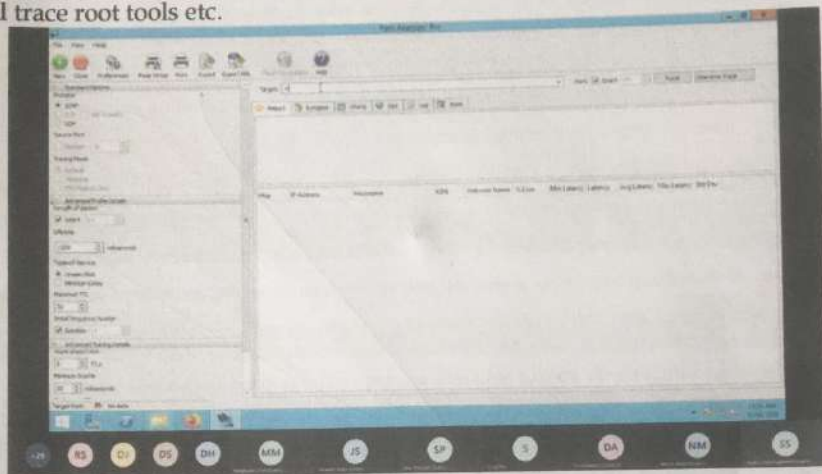

Outcomes:

- Participants will have knowledge on foot printing technique on uncovering and collecting as much information as possible about a target of the attack.
- Participants will have knowledge on how to obtain information from target’s website to build a detailed map of websites structure and architecture.
- Understanding on DNS records by providing the important information about location and type of servers.
- Given deme session on Foot printing a target network
- Tools used for demonstration
 - Ping Utility
 - Nslookup
 - Anywho & Spoleo
 - Smart Who is
 - Path Analyzer

- emailTracker
- HTTPTrack web site copier
- Web Data Extractor

Day 3 - 16-12-2020

Mr. Somu sir continued the practical session on path analyser, emailTracker, open visual trace root tools etc.

Resource person explained and demonstrated the various tools like web extractor, Data collection using Web Extractor, Identify vulnerabilities, search diggity, etc. Further the session included the elaboration on scanning network theoretically and the demonstration using various tools.

Overview of Network Scanning

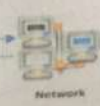

- Network scanning refers to a set of procedures for identifying hosts, ports, and services in a network
- Network scanning is one of the components of intelligence gathering an attacker uses to create a profile of the target organization

Outcomes:

- Participants will have strong knowledge on how to scan and to discover live systems, active / running ports, the operating systems, and the services running on the network.
- Understanding on how to draw a network diagram which will give them a valuable information about the target network and its architecture.
- Given demo session on Network Scanning
- Tools used for demonstration
 - Advance IP Scanner
 - AMAP tool,
 - CurrPorts
 - Nmap
 - NetScan Tool
 - Friendly Pinger
 - Proxy Switcher
 - HTTP port
 - MegaPing

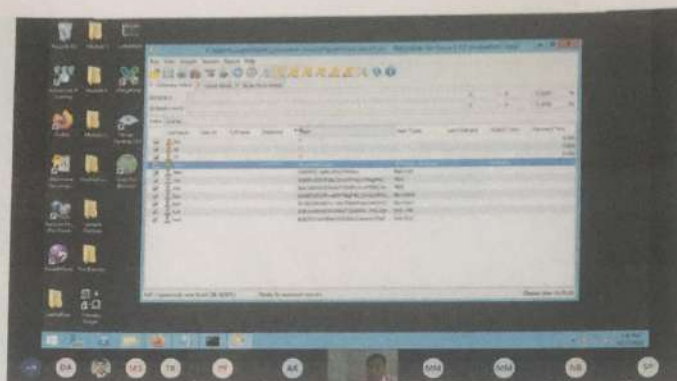

Day 4 - 17-12-2020

The session covered the topics like Enumeration techniques, simple network management protocol, TCP/IP used for remote monitoring.

Session 8:

Continued with the practical session in which Mr. Somu S demonstrated the Enumeration tools, Dictionary attacks, and configuring the TCP/IP, SNMP.

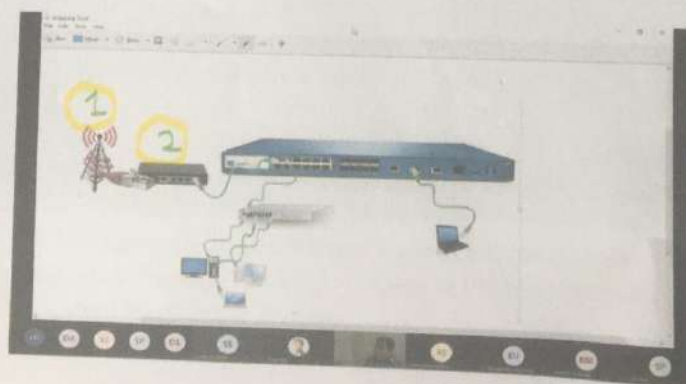

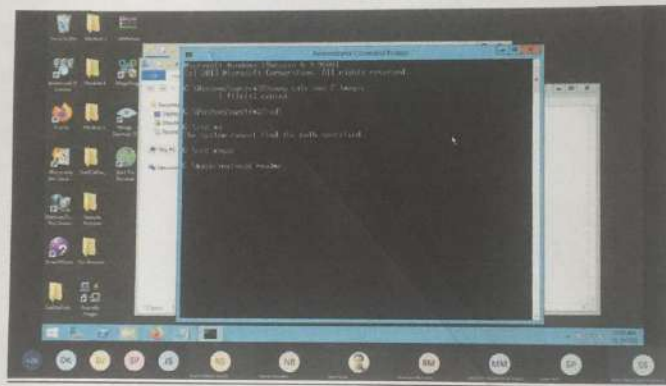

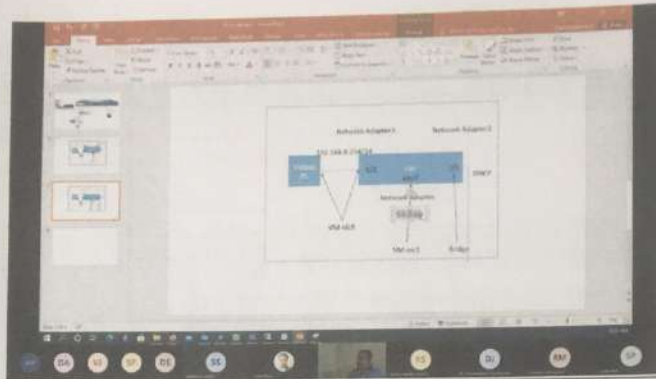

Outcomes:

- Participants will have knowledge on enumeration technique which can be used to extract user name, machines names, network resources, shares and services from the system.
- Participants will have knowledge on Simple Network Management Protocol (SNMP) is TCP / IP protocol used for remote monitoring and managing hosts, routers, and other devices on the network.
- Participants will have knowledge on defaults passwords for the devices such as switches, hubs, routers, and which they need to change it.
- Given Demo session on Enumeration
- Tools used for Enumeration
 - Nmap
 - SuperScan
 - NetBios Enumerator
 - Hyena

Day 5 - 18-12-2020

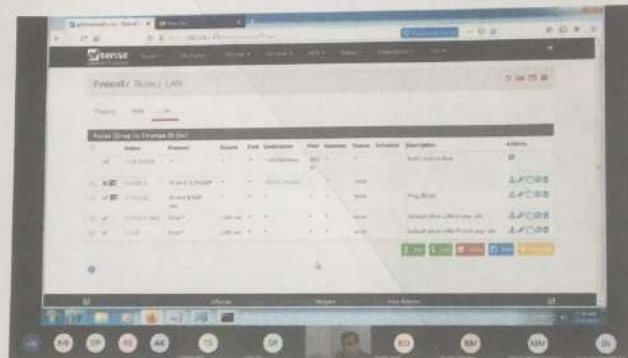

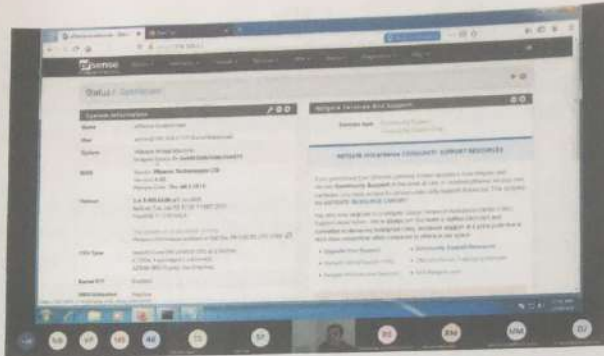

Sessions 9 and 10 were taken by Mr. Somu S and Mr. Mukesh respectively. In session 9 Firewall concept was covered in detail. Followed by the demonstration of the installation, configuring the pfsense firewall. Mr. Mukesh Ananth in session 10 elaborated on variety means of penetrating the systems, password guessing, sniffing. Detail explanation of trojans and malicious codes were also demonstrated by him.

Outcomes:

- Participants will have knowledge on how attackers use variety of means to penetrate systems.
- Participants will have knowledge on how to use password guessing and cracking is on the first steps, and password sniffing is a preferred eavesdropping tactic.
- Participants will have understanding on Vulnerability scanning, keystroke logging , and other spyware tools,
- Participants will understand that how Trojans are malicious pieces of code that carry cracker software to a target system.
- Participants will have awareness and preventive measures are to defend attacks against Trojans.
- Participants will have knowledge on Firewalls and its types, Virtual Network , Virtual Firewall
- Deployed PfSense Firewall as a Virtual Machine ,
- Participants will have knowledge on Virtual Network Configuration
- Given Demo Session on System Hacking, Trojans & PfSense Firewall (Installation)
- Tools Used for System Hacking & Trojans
- LCP

Outcomes:

- Participants will have strong knowledge on how firewalls used in network to prevent the network attack
- Participants will have knowledge on Difference between Trust and Un-Trust Zones.
- Participants will have knowledge on how to write a Firewall Rules , and apply them
- Participants will have understanding on how to create Aliases , block the certain web Sites using PfSense firewall
- Participants will have understanding on how to use the squid , squid guard proxy web filter
- Given Demo on PfSense Firewall (Configuration)
- Tools used
 - PfSense Firewall
 - Squid
 - Squid Guard

Feedback Session and Online Assessment Session:

All the participants were provided with online form links for providing their feedbacks and to attend the online assessment. Total 64 participants appeared for the online assessment and 48 of them have completed the STTP successfully.

Valedictory:

Prof. Dr. Suhas Patil opened the channel by welcoming the participants again to end of the STTP event and asked the participants to share their visual feedback. All the participants were very happy to attend such informative and insightful event in the domain of cyber and network security. Some of the participants shared their feedback during this session. Post the experiences received from the participants, the coordinator thanked all the resource person, participants, principal and the chief patrons of the organisation.

The participants of the STTP wish to thank all the resource person and all the organising committee members for their dedication to show all aspects of the process, making this STTP a valuable learning experience.

Program Outcomes:

- Obtain the understanding of how automation is changing the concepts and expectations concerning privacy and the increasingly interconnected issue of security.
- Identify Factors driving the need of cyber and network security.

Outcomes:

- Participants will have strong knowledge on how to scan and to discover live systems, active / running ports, the operating systems, and the services running on the network.
- Understanding on how to draw a network diagram which will give them a valuable information about the target network and its architecture.
- Given demo session on Network Scanning
- Tools used for demonstration
 - Advance IP Scanner
 - AMAP tool,
 - CurrPorts
 - Nmap
 - NetScan Tool
 - Friendly Pinger
 - Proxy Switcher
 - HTTP port
 - MegaPing

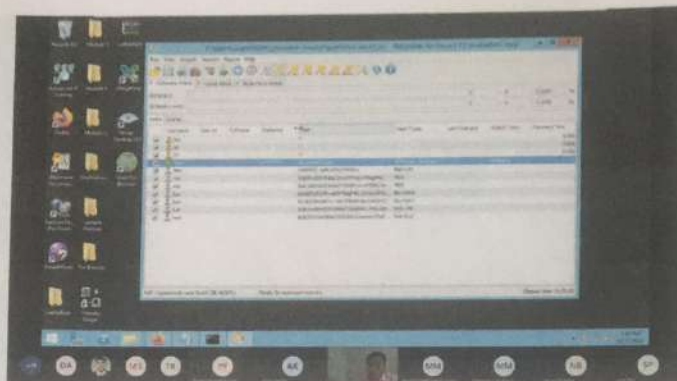

Day 4 - 17-12-2020

The session covered the topics like Enumeration techniques, simple network management protocol, TCP/IP used for remote monitoring.

Session 8:

Continued with the practical session in which Mr. Somu S demonstrated the Enumeration tools, Dictionary attacks, and configuring the TCP/IP, SNMP.

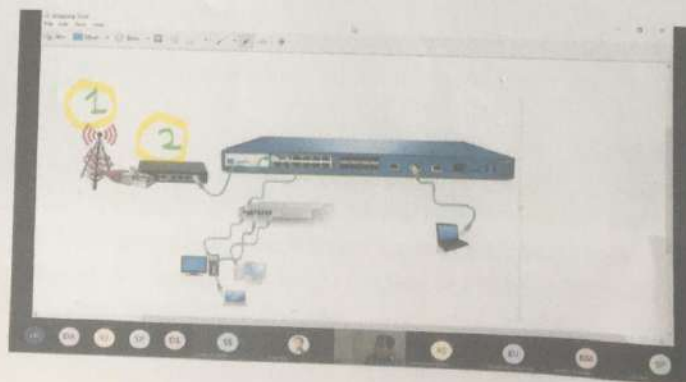

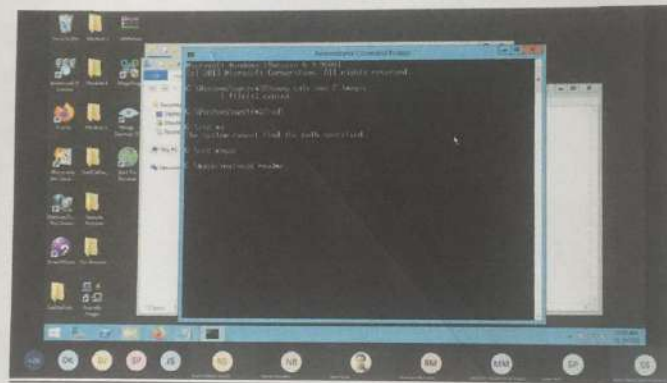

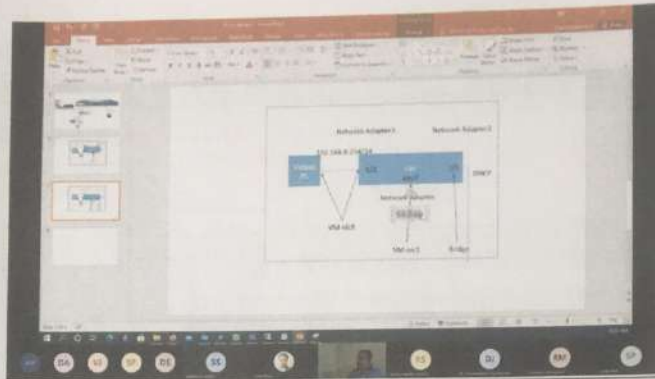

Outcomes:

- Participants will have knowledge on enumeration technique which can be used to extract user name, machines names, network resources, shares and services from the system.
- Participants will have knowledge on Simple Network Management Protocol (SNMP) is TCP / IP protocol used for remote monitoring and managing hosts, routers, and other devices on the network.
- Participants will have knowledge on defaults passwords for the devices such as switches, hubs, routers, and which they need to change it.
- Given Demo session on Enumeration
- Tools used for Enumeration
 - Nmap
 - SuperScan
 - NetBios Enumerator
 - Hyena

Day 5 - 18-12-2020

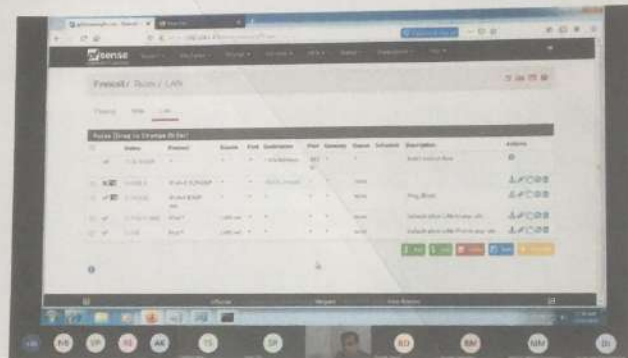

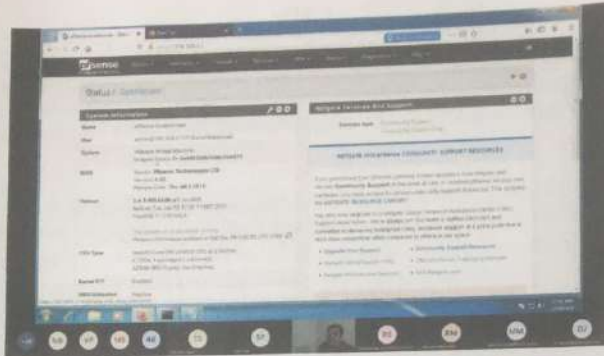

Sessions 9 and 10 were taken by Mr. Somu S and Mr. Mukesh respectively. In session 9 Firewall concept was covered in detail. Followed by the demonstration of the installation, configuring the pfSense firewall. Mr. Mukesh Ananth in session 10 elaborated on variety means of penetrating the systems, password guessing, sniffing. Detail explanation of trojans and malicious codes were also demonstrated by him.

Outcomes:

- Participants will have knowledge on how attackers use variety of means to penetrate systems.
- Participants will have knowledge on how to use password guessing and cracking is on the first steps, and password sniffing is a preferred eavesdropping tactic.
- Participants will have understanding on Vulnerability scanning, keystroke logging , and other spyware tools,
- Participants will understand that how Trojans are malicious pieces of code that carry cracker software to a target system.
- Participants will have awareness and preventive measures are to defend attacks against Trojans.
- Participants will have knowledge on Firewalls and its types, Virtual Network , Virtual Firewall
- Deployed PfSense Firewall as a Virtual Machine ,
- Participants will have knowledge on Virtual Network Configuration
- Given Demo Session on System Hacking, Trojans & PfSense Firewall (Installation)
- Tools Used for System Hacking & Trojans
- LCP

Outcomes:

- Participants will have strong knowledge on how firewalls used in network to prevent the network attack
- Participants will have knowledge on Difference between Trust and Un-Trust Zones.
- Participants will have knowledge on how to write a Firewall Rules , and apply them
- Participants will have understanding on how to create Aliases , block the certain web Sites using PfSense firewall
- Participants will have understanding on how to use the squid , squid guard proxy web filter
- Given Demo on PfSense Firewall (Configuration)
- Tools used
 - PfSense Firewall
 - Squid
 - Squid Guard

Feedback Session and Online Assessment Session:

All the participants were provided with online form links for providing their feedbacks and to attend the online assessment. Total 64 participants appeared for the online assessment and 48 of them have completed the STTP successfully.

Valedictory:

Prof. Dr. Suhas Patil opened the channel by welcoming the participants again to end of the STTP event and asked the participants to share their visual feedback. All the participants were very happy to attend such informative and insightful event in the domain of cyber and network security. Some of the participants shared their feedback during this session. Post the experiences received from the participants, the coordinator thanked all the resource person, participants, principal and the chief patrons of the organisation.

The participants of the STTP wish to thank all the resource person and all the organising committee members for their dedication to show all aspects of the process, making this STTP a valuable learning experience.

Program Outcomes:

- Obtain the understanding of how automation is changing the concepts and expectations concerning privacy and the increasingly interconnected issue of security.
- Identify Factors driving the need of cyber and network security.

Department of Computer Engineering

Bharati Vidyapeeth

(Deemed to be University)

College of Engineering, Pune (India)

Bharati Vidyapeeth (Deemed to be University), Pune, INDIA

Bharati Vidyapeeth (Deemed to be University) (BV(DU)) is one of the largest multi-disciplinary university in India having 29 Constituent Institutions located in eight sprawling campuses which offers 278 plus academic programs. The university started functioning on 26 April 1996 and has earned reputation of being one of the top Universities in India. University has been accredited to 'A' Grade by NAAC in 2004 and in 2011. It has reaccredited to 'A+' Grade by NAAC in 2017. It is also recognised as Category I university by University grant Commission, India. In NIRF 2020, BV(DU) bagged 63rd rank among universities.

BV(DU) College of Engineering, Pune (India)

BV(DU) College of Engineering, Pune (BV(DU)COEP) is one of the well-known and well appreciated institutes imparting technical education since 1983. The institute has been ranked among top 100 Engineering colleges of India by National Institutional Ranking Framework (NIRF) of MHRD, GOI successively for five years. Internshala ranked this Institute to 46th at National level and 8th in West Zone for Best Internship record. Atal ranking of Institute Innovation and achievement initiated by Ministry of Education, GOI has ranked this institute among top 50 at national level for innovations in the institute. The successful interaction with industry has resulted in getting this institute a Platinum Category status by AICTE - CII. Many other ranking agencies such as DATAQUEST - CMR (3rd), Times of India (23rd), India Today (13th), & Outlook (46th) have ranked this institute among top 100 Engineering Colleges in India.

Department of Computer Engineering

The Department of Computer Engineering was established in 1985. The department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and graduate levels. Till date more than 3000 undergraduates and 400 Postgraduates have graduated from the department. As a result of Computer Engineering department initiative, the institute has received the status of VMware IT Academy which is reflected to be a Centre of Excellence. The Program B.TECH. (Computer Engineering) being run in this department has been accredited by National Board of Accreditation, India for last fifteen years. The Department has successfully completed a number of sponsored research projects funded by various government and private funding agencies. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks. The faculty and research scholars of the Department are actively engaged in research activities in several areas of current research topics like Machine Learning, Artificial Intelligence, Software Engineering and Information and storage Systems etc. There are more than 500+ research papers published in various journals and conference proceedings that are indexed in SCI, SCOPUS and other standard databases.

STTP on Cyber and Network Security Infrastructure Configuration

The proliferation of data has led to huge amount of scope and potential in extracting the information and thereby making decisions for running the business. The source of these data is mainly from the Social networking platforms. The users who generate their data requires their privacy to be protected along with their data. The current development in India like digital India initiatives encompass huge amount and variety of applications that include a large base of users. This STTP will cover the various challenges in securing the privacy of users and data. It will also encompass a hands-on session using Linux kali to configure the systems to protect from data theft and privacy preserving.

Objectives

- ❖ Train 40 Faculty Members on Cyber Security
- ❖ Building networks of professional.
- ❖ Sensitizing cyber and network security to masses at large for strengthening the use of digital India applications and initiatives.

STTP Contents

- ❖ Introduction to Network Security and Ethical Hacking.
- ❖ Footprinting and Reconnaissance.
- ❖ Scanning Networks
- ❖ Enumeration and System Hacking
- ❖ Trojans & Backdoors.
- ❖ Viruses and Worms.
- ❖ Sniffing & Social Engineering
- ❖ Firewalls – pfsense install and configuration.

Outcomes

- ❖ Obtain the understanding of how automation is changing the concepts and expectations concerning privacy and the increasingly interconnected issue of security.
- ❖ Identify Factors driving the need of cyber and network security.
- ❖ Identify the type of attacks.
- ❖ Identify network vulnerabilities.
- ❖ Use Kali Linux for enhancing security.

Participants and Selection Procedure

The STTP is open to faculty members of AICTE approved Engineering Institutes and Industry professionals. There is **NO REGISTRATION FEES** for the participants. The selection will be based on the FIRST COME FIRST SERVE basis.

Date

14/12/2020 to 19/12/2020

Time

10:00 AM to 3:00 PM

Patrons

- ❖ **Dr. Patangrao Kadam**, Founder Chancellor, Bharati Vidyapeeth (Deemed to be University) Pune.
- ❖ **Dr. Shivajirao Kadam**, Chancellor, Bharati Vidyapeeth (Deemed to be University) Pune.

Details of Online Short term Training Program

Title: Cyber and network Security Infrastructure Configuration

Scheme: Sponsored by AICTE under AQIS scheme.

Organised by: Department of computer Engineering, Bharati Vidyapeeth (Deemed to be University) College of Engineering, Pune.

Date: Second STTP - 14-12-2020 to 19-12-2020

Chief Guest for the Second STTP: Dr. Sithu Sudarsan, Executive Director, CDAC, Bengaluru.

Resource Person:

1. Mrs. P. R. Eswari Lakshmi, Senior Director and Centre Head, CDAC, Hyderabad.
2. Mr. Somu Shanmughavel, IT Manager and HR Manager, Eagle - Rebar Pvt. Ltd.
3. Mr. Mukesh Ananth, Senior Technical Lead, Meenakshi Polytechnic college & Corporate Trainer

Total Participants: 64

Objectives of STTP: The objective of this STTP was to train participants with practical skills so they can realise to identify the issues, challenges of cyber and network security and understand to secure their infrastructure by devising solutions and also sensitizing cyber and network security to masses at large for strengthening the use of digital India applications and initiatives.

Day 1 - 14-12-2020

Inaugural Ceremony:

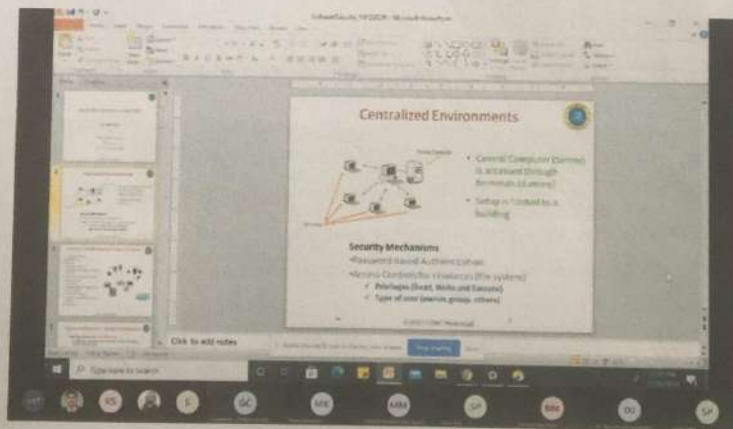

Dr. Naveenkumar welcomed all the Participants, Prof. Dr. Shashank Joshi and Chief Guest Dr. Sithu Sudarsan to the online STTP. The presiding dignitaries were introduced to all the participants. Dr. Shashank Joshi, delivered welcome address in which he briefed about the Bharati Vidyapeeth (Deemed to be University), Pune, BV(DU)'s College of Engineering, Pune and department of computer Engineering achievements and accolades as well introduction about the program. The chief guest of the program addressed the virtual gathering in spirit of the event. He highlighted the importance of network Infrastructure configuration, trends in security, threats and protection. The coordinator of the program Dr. Suhas Patil delivered the vote of thanks.

Mrs. P. R. Eswari Lakshmi was introduced to all the participants. In this session, she covered all the topics related to computer networks and security threats. Various malicious code and threats were discussed in detail.

Outcomes:

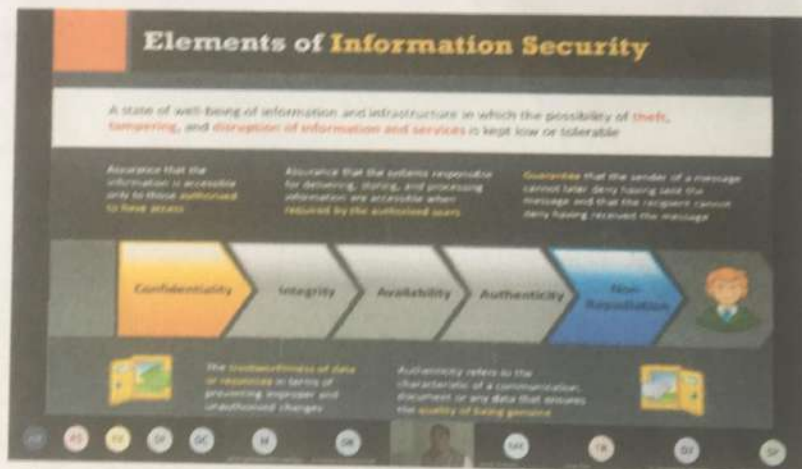

- Made aware of various threats, Advanced Persistent Threats, Mirai bots, Security services, etc.
- Scope of other major breaches like PoS malware, Stuxnet, Heartbleed, Zero day attack etc. were made aware.
- Holistic approach to cyber security, security solutions and deployment were elaborated in detail.

The resource persons Mr. Somu Shanmughavel and Mr. Mukesh Ananth were introduced to all the participants. This session was handled by Mr. Somu Shanmughavel. He explained the detailed plan of the following sessions and gave overview of the practical laboratory exercises and theoretical concepts that will be covered in throughout the period of STTP.

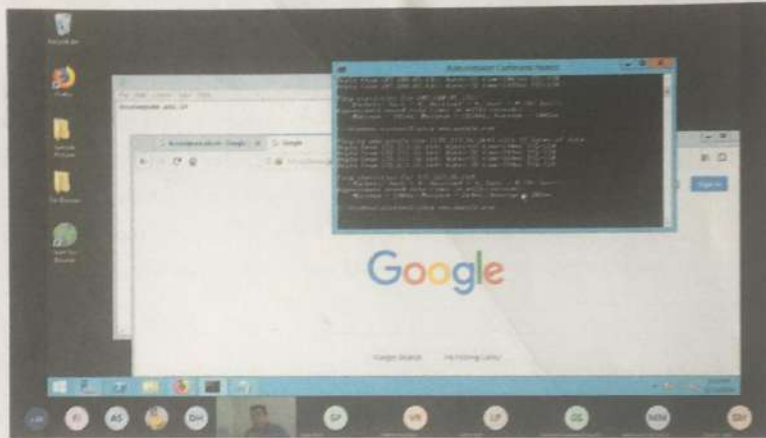

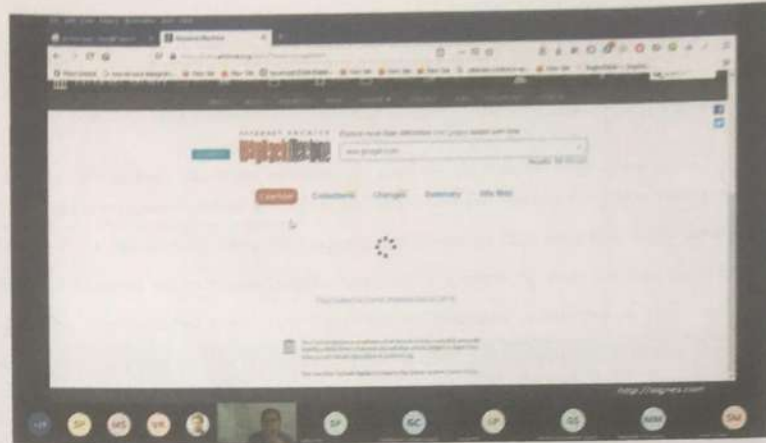

Outcomes:

- Given the awareness on complexity of security requirements is increasing day by day as a result of evolving technology, like changing in hacking tactics, emerging security vulnerabilities, etc.
- Participants will have knowledge on ethical hackers help organization to better understand their security systems and identify the risks, highlight the remedial actions, and also reduce ICT costs by resolving those vulnerabilities.
- Participants will have knowledge on crucial component of risk assessment, auditing, counter fraud, best practices and good governance.

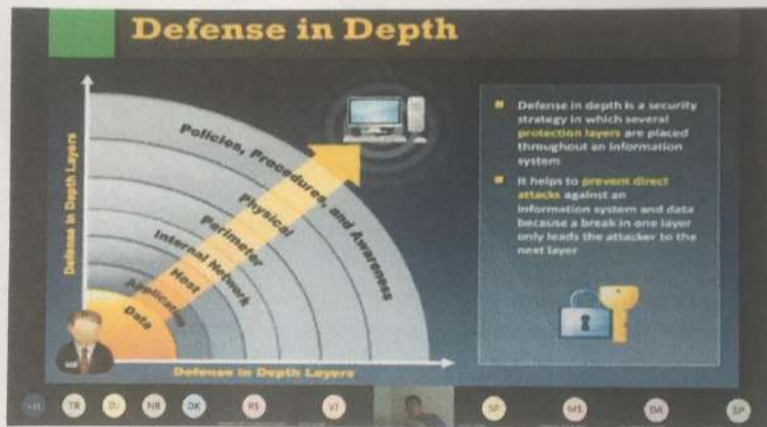

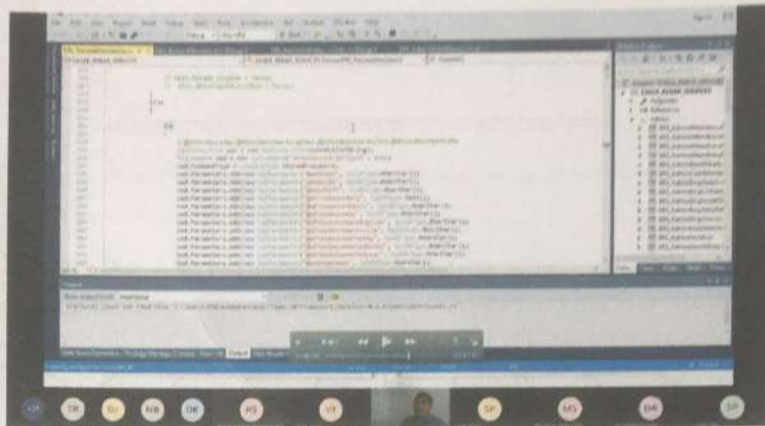

Day 2 – 15-12-2020

This session was continued by Mr.Somu S. He covered module 2 with more emphasis on practical aspect. He covered the Footprinting and Reconnaissance.

In this session Somu sir explained about the complete hacking and ethical hacking. Phases of hacking were covered in detail, different types of attack on system were demonstrated and explained. The session also witnessed various demonstration of attacking the system and how to protect the system in depth.

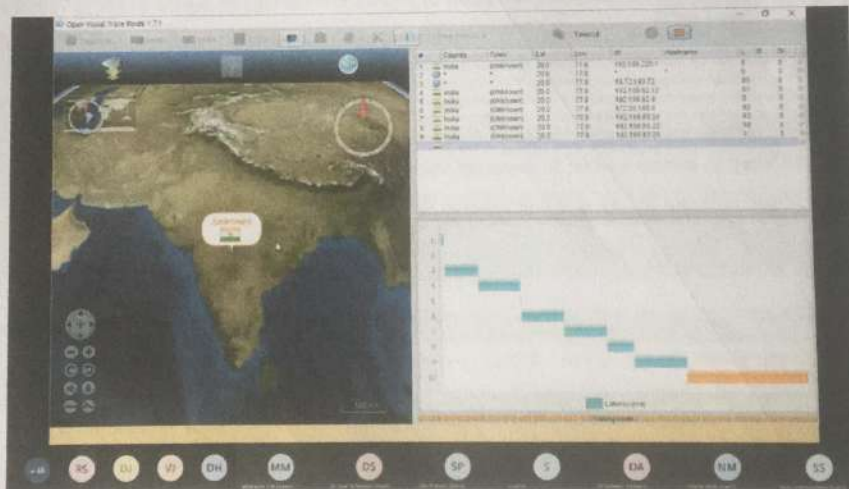

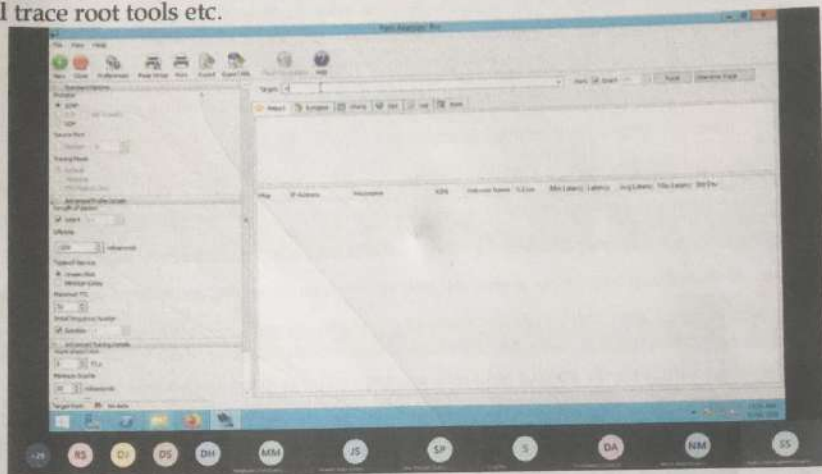

Outcomes:

- Participants will have knowledge on foot printing technique on uncovering and collecting as much information as possible about a target of the attack.
- Participants will have knowledge on how to obtain information from target’s website to build a detailed map of websites structure and architecture.
- Understanding on DNS records by providing the important information about location and type of servers.
- Given deme session on Foot printing a target network
- Tools used for demonstration
 - Ping Utility
 - Nslookup
 - Anywho & Spoleo
 - Smart Who is
 - Path Analyzer

- emailTracker
- HTTPTrack web site copier
- Web Data Extractor

Day 3 - 16-12-2020

Mr. Somu sir continued the practical session on path analyser, emailTracker, open visual trace root tools etc.

Resource person explained and demonstrated the various tools like web extractor, Data collection using Web Extractor, Identify vulnerabilities, search diggity, etc. Further the session included the elaboration on scanning network theoretically and the demonstration using various tools.

Overview of Network Scanning

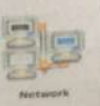

- Network scanning refers to a set of procedures for identifying hosts, ports, and services in a network
- Network scanning is one of the components of intelligence gathering an attacker uses to create a profile of the target organization

Attacker

Sends TCP/IP probes

Gets network information

Network

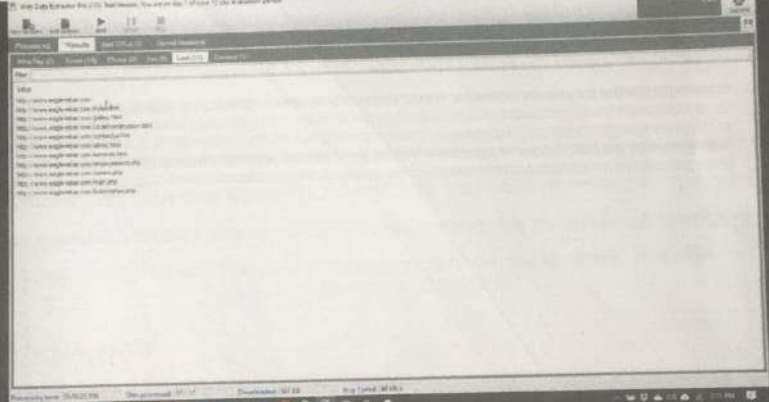

Objectives of Network Scanning

To discover live hosts, IP addresses, and open ports of live hosts

To discover operating systems and system architecture

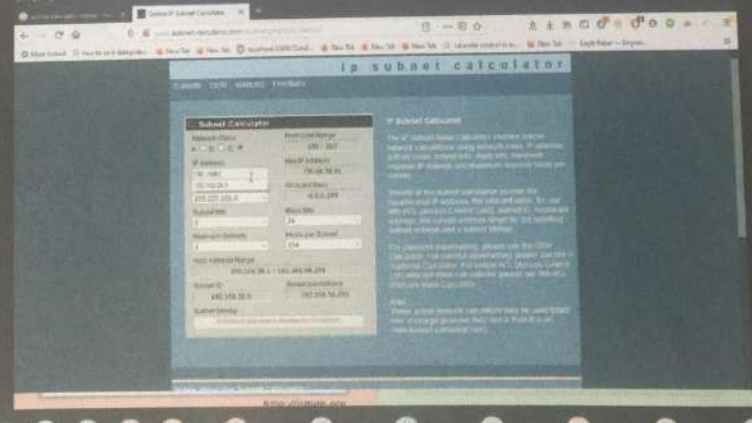

To discover services running on hosts

To discover vulnerabilities in live hosts

Outcomes:

- Participants will have strong knowledge on how to scan and to discover live systems, active / running ports, the operating systems, and the services running on the network.
- Understanding on how to draw a network diagram which will give them a valuable information about the target network and its architecture.
- Given demo session on Network Scanning
- Tools used for demonstration
 - Advance IP Scanner
 - AMAP tool,
 - CurrPorts
 - Nmap
 - NetScan Tool
 - Friendly Pinger
 - Proxy Switcher
 - HTTP port
 - MegaPing

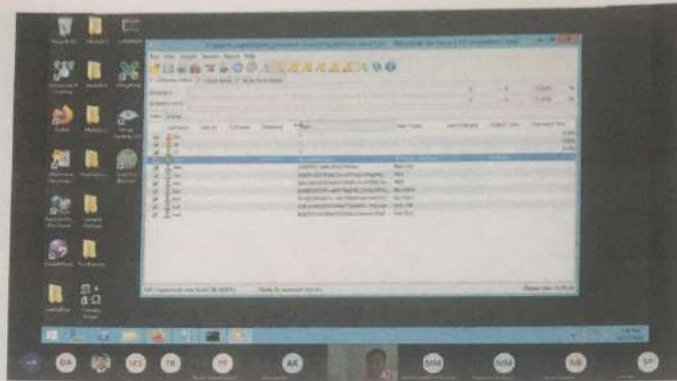

Day 4 - 17-12-2020

The session covered the topics like Enumeration techniques, simple network management protocol, TCP/IP used for remote monitoring.

Session 8:

Continued with the practical session in which Mr. Somu S demonstrated the Enumeration tools, Dictionary attacks, and configuring the TCP/IP, SNMP.

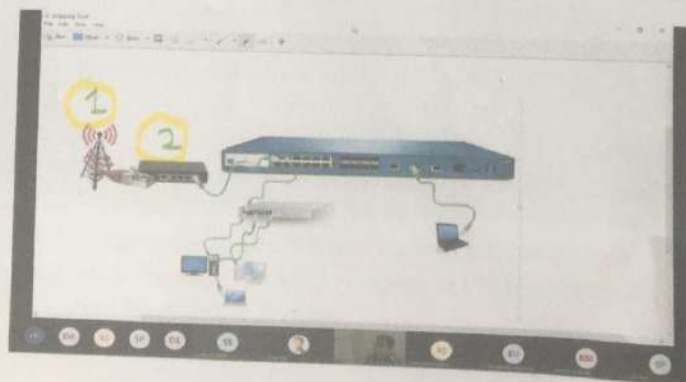

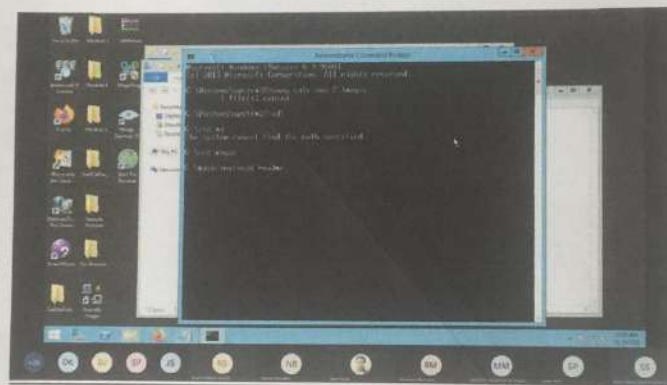

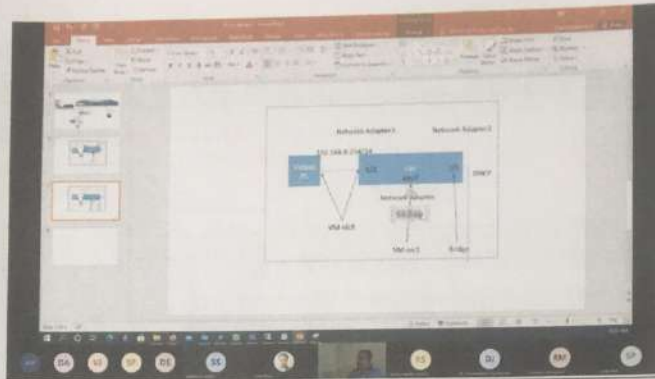

Outcomes:

- Participants will have knowledge on enumeration technique which can be used to extract user name, machines names, network resources, shares and services from the system.
- Participants will have knowledge on Simple Network Management Protocol (SNMP) is TCP / IP protocol used for remote monitoring and managing hosts, routers, and other devices on the network.
- Participants will have knowledge on defaults passwords for the devices such as switches, hubs, routers, and which they need to change it.
- Given Demo session on Enumeration
- Tools used for Enumeration
 - Nmap
 - SuperScan
 - NetBios Enumerator
 - Hyena

Day 5 - 18-12-2020

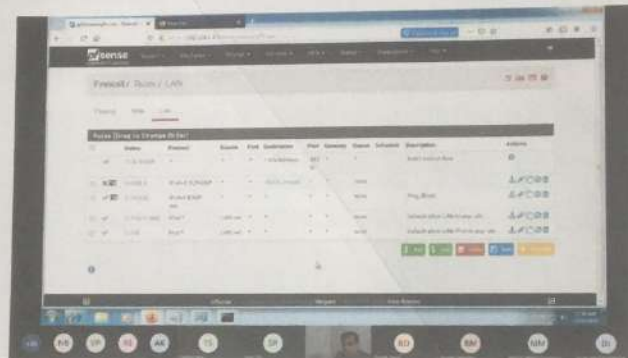

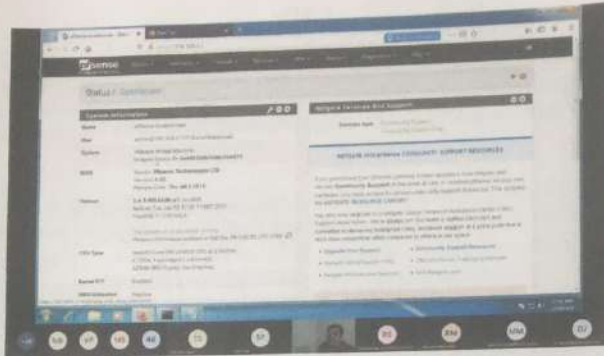

Sessions 9 and 10 were taken by Mr. Somu S and Mr. Mukesh respectively. In session 9 Firewall concept was covered in detail. Followed by the demonstration of the installation, configuring the pfsense firewall. Mr. Mukesh Ananth in session 10 elaborated on variety means of penetrating the systems, password guessing, sniffing. Detail explanation of trojans and malicious codes were also demonstrated by him.

Outcomes:

- Participants will have knowledge on how attackers use variety of means to penetrate systems.
- Participants will have knowledge on how to use password guessing and cracking is on the first steps, and password sniffing is a preferred eavesdropping tactic.
- Participants will have understanding on Vulnerability scanning, keystroke logging , and other spyware tools,
- Participants will understand that how Trojans are malicious pieces of code that carry cracker software to a target system.
- Participants will have awareness and preventive measures are to defend attacks against Trojans.
- Participants will have knowledge on Firewalls and its types, Virtual Network , Virtual Firewall
- Deployed PfSense Firewall as a Virtual Machine ,
- Participants will have knowledge on Virtual Network Configuration
- Given Demo Session on System Hacking, Trojans & PfSense Firewall (Installation)
- Tools Used for System Hacking & Trojans
- LCP

Outcomes:

- Participants will have strong knowledge on how firewalls used in network to prevent the network attack
- Participants will have knowledge on Difference between Trust and Un-Trust Zones.
- Participants will have knowledge on how to write a Firewall Rules , and apply them
- Participants will have understanding on how to create Aliases , block the certain web Sites using PfSense firewall
- Participants will have understanding on how to use the squid , squid guard proxy web filter
- Given Demo on PfSense Firewall (Configuration)
- Tools used
 - PfSense Firewall
 - Squid
 - Squid Guard

Feedback Session and Online Assessment Session:

All the participants were provided with online form links for providing their feedbacks and to attend the online assessment. Total 64 participants appeared for the online assessment and 48 of them have completed the STTP successfully.

Valedictory:

Prof. Dr. Suhas Patil opened the channel by welcoming the participants again to end of the STTP event and asked the participants to share their visual feedback. All the participants were very happy to attend such informative and insightful event in the domain of cyber and network security. Some of the participants shared their feedback during this session. Post the experiences received from the participants, the coordinator thanked all the resource person, participants, principal and the chief patrons of the organisation.

The participants of the STTP wish to thank all the resource person and all the organising committee members for their dedication to show all aspects of the process, making this STTP a valuable learning experience.

Program Outcomes:

- Obtain the understanding of how automation is changing the concepts and expectations concerning privacy and the increasingly interconnected issue of security.
- Identify Factors driving the need of cyber and network security.

Details of Online Short term Training Program

Title: Cyber and network Security Infrastructure Configuration

Scheme: Sponsored by AICTE under AQIS scheme.

Organised by: Department of computer Engineering, Bharati Vidyapeeth (Deemed to be University) College of Engineering, Pune.

Date: Second STTP - 14-12-2020 to 19-12-2020

Chief Guest for the Second STTP: Dr. Sithu Sudarsan, Executive Director, CDAC, Bengaluru.

Resource Person:

1. Mrs. P. R. Eswari Lakshmi, Senior Director and Centre Head, CDAC, Hyderabad.
2. Mr. Somu Shanmughavel, IT Manager and HR Manager, Eagle - Rebar Pvt. Ltd.
3. Mr. Mukesh Ananth, Senior Technical Lead, Meenakshi Polytechnic college & Corporate Trainer

Total Participants: 64

Objectives of STTP: The objective of this STTP was to train participants with practical skills so they can realise to identify the issues, challenges of cyber and network security and understand to secure their infrastructure by devising solutions and also sensitizing cyber and network security to masses at large for strengthening the use of digital India applications and initiatives.

Day 1 - 14-12-2020

Inaugural Ceremony:

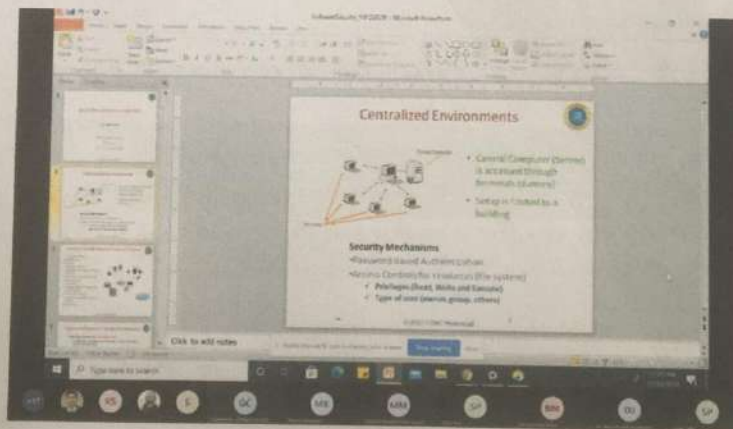

Dr. Naveenkumar welcomed all the Participants, Prof. Dr. Shashank Joshi and Chief Guest Dr. Sithu Sudarsan to the online STTP. The presiding dignitaries were introduced to all the participants. Dr. Shashank Joshi, delivered welcome address in which he briefed about the Bharati Vidyapeeth (Deemed to be University), Pune, BV(DU)'s College of Engineering, Pune and department of computer Engineering achievements and accolades as well introduction about the program. The chief guest of the program addressed the virtual gathering in spirit of the event. He highlighted the importance of network Infrastructure configuration, trends in security, threats and protection. The coordinator of the program Dr. Suhas Patil delivered the vote of thanks.

Mrs. P. R. Eswari Lakshmi was introduced to all the participants. In this session, she covered all the topics related to computer networks and security threats. Various malicious code and threats were discussed in detail.

Outcomes:

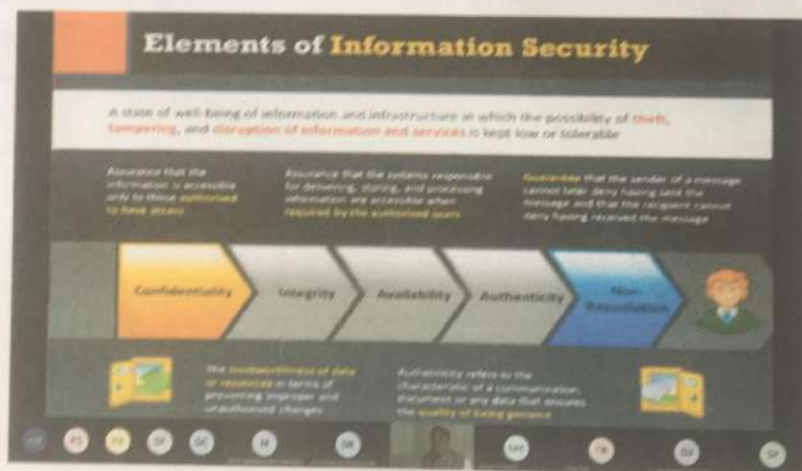

- Made aware of various threats, Advanced Persistent Threats, Mirai bots, Security services, etc.
- Scope of other major breaches like PoS malware, Stuxnet, Heartbleed, Zero day attack etc. were made aware.
- Holistic approach to cyber security, security solutions and deployment were elaborated in detail.

The resource persons Mr. Somu Shanmughavel and Mr. Mukesh Ananth were introduced to all the participants. This session was handled by Mr. Somu Shanmughavel. He explained the detailed plan of the following sessions and gave overview of the practical laboratory exercises and theoretical concepts that will be covered in throughout the period of STTP.

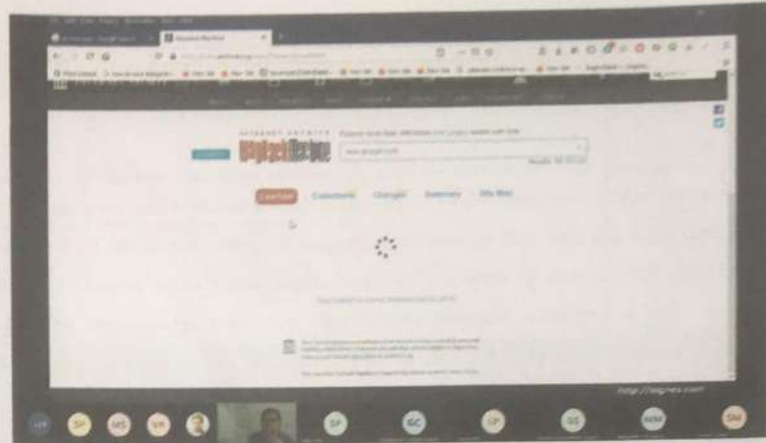

Outcomes:

- Given the awareness on complexity of security requirements is increasing day by day as a result of evolving technology, like changing in hacking tactics, emerging security vulnerabilities, etc.
- Participants will have knowledge on ethical hackers help organization to better understand their security systems and identify the risks, highlight the remedial actions, and also reduce ICT costs by resolving those vulnerabilities.
- Participants will have knowledge on crucial component of risk assessment, auditing, counter fraud, best practices and good governance.

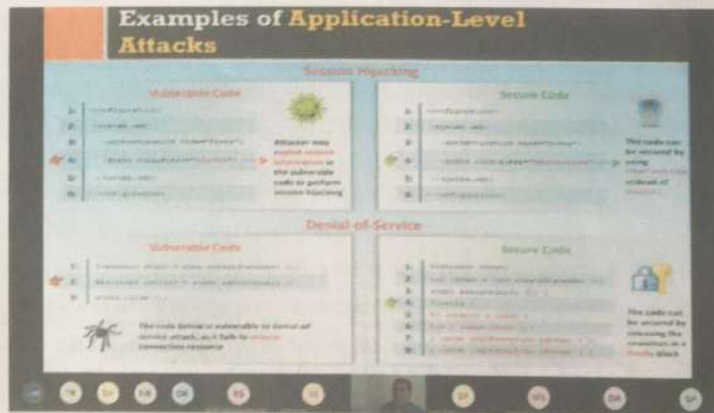

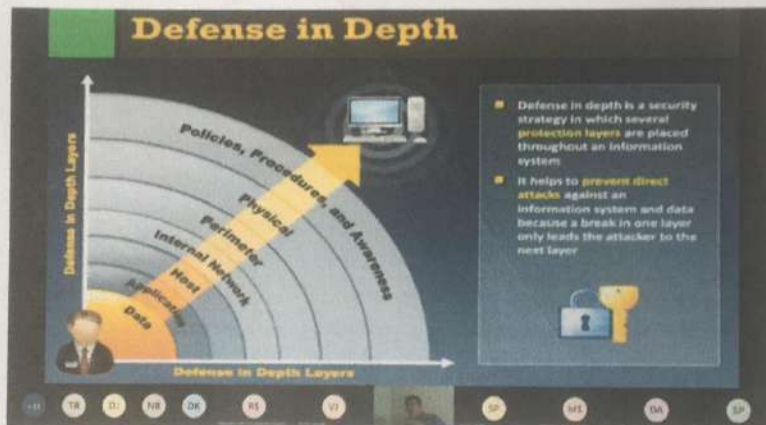

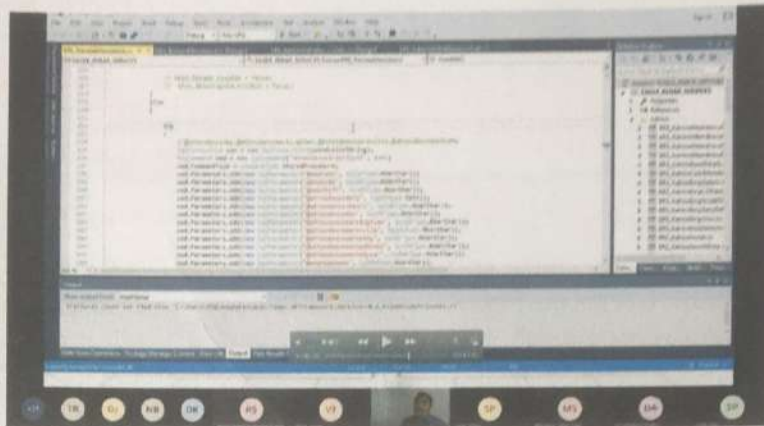

Day 2 - 15-12-2020

This session was continued by Mr.Somu S. He covered module 2 with more emphasis on practical aspect. He covered the Footprinting and Reconnaissance.

In this session Somu sir explained about the complete hacking and ethical hacking. Phases of hacking were covered in detail, different types of attack on system were demonstrated and explained. The session also witnessed various demonstration of attacking the system and how to protect the system in depth.

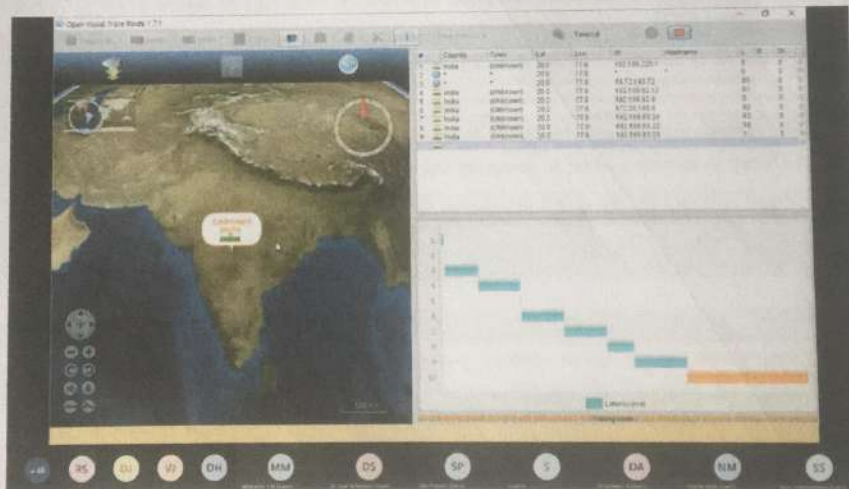

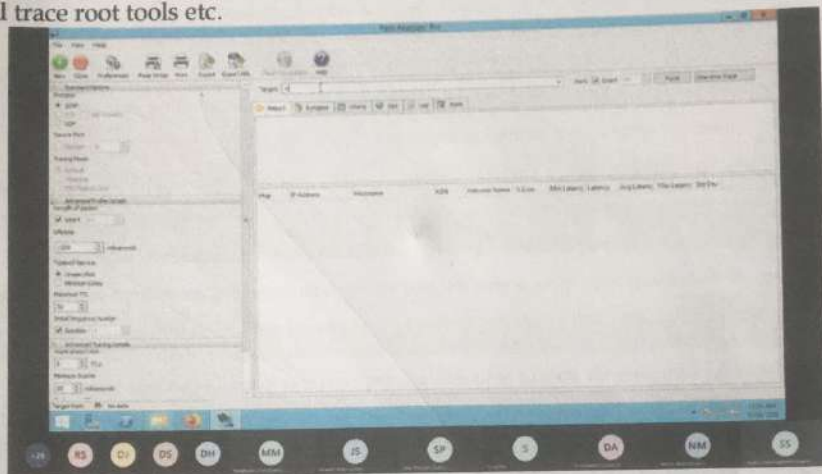

Outcomes:

- Participants will have knowledge on foot printing technique on uncovering and collecting as much information as possible about a target of the attack.
- Participants will have knowledge on how to obtain information from target’s website to build a detailed map of websites structure and architecture.
- Understanding on DNS records by providing the important information about location and type of servers.
- Given deme session on Foot printing a target network
- Tools used for demonstration
 - Ping Utility
 - Nslookup
 - Anywho & Spoleo
 - Smart Who is
 - Path Analyzer

- emailTracker
- HTTPTrack web site copier
- Web Data Extractor

Day 3 - 16-12-2020

Mr. Somu sir continued the practical session on path analyser, emailTracker, open visual trace root tools etc.

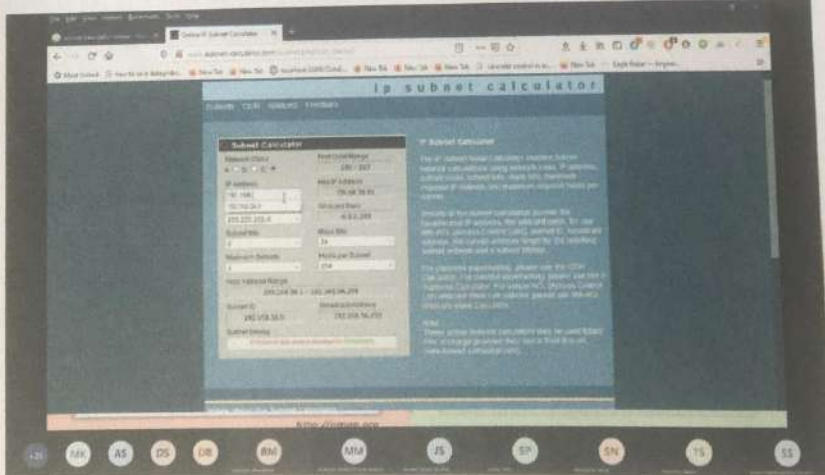

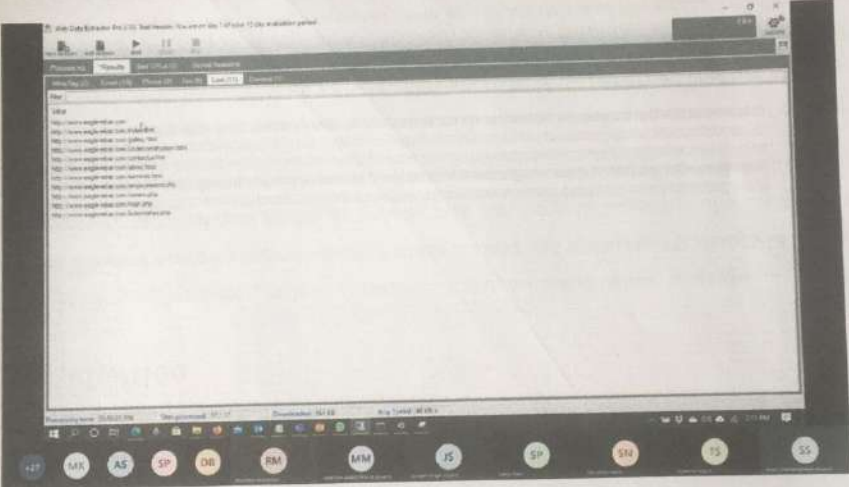

Resource person explained and demonstrated the various tools like web extractor, Data collection using Web Extractor, Identify vulnerabilities, search diggity, etc. Further the session included the elaboration on scanning network theoretically and the demonstration using various tools.

Overview of Network Scanning

- Network scanning refers to a set of procedures for identifying hosts, ports, and services in a network
- Network scanning is one of the components of intelligence gathering an attacker uses to create a profile of the target organization

Objectives of Network Scanning

- To discover live hosts, IP addresses, and open ports of live hosts
- To discover operating systems and system architecture
- To discover services running on hosts
- To discover vulnerabilities in live hosts

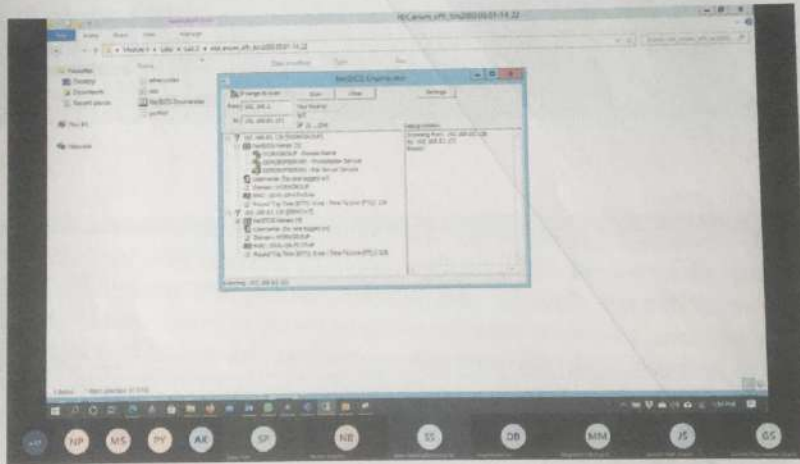

Outcomes:

- Participants will have strong knowledge on how to scan and to discover live systems, active / running ports, the operating systems, and the services running on the network.
- Understanding on how to draw a network diagram which will give them a valuable information about the target network and its architecture.
- Given demo session on Network Scanning
- Tools used for demonstration
 - Advance IP Scanner
 - AMAP tool,
 - CurrPorts
 - Nmap
 - NetScan Tool
 - Friendly Pinger
 - Proxy Switcher
 - HTTP port
 - MegaPing

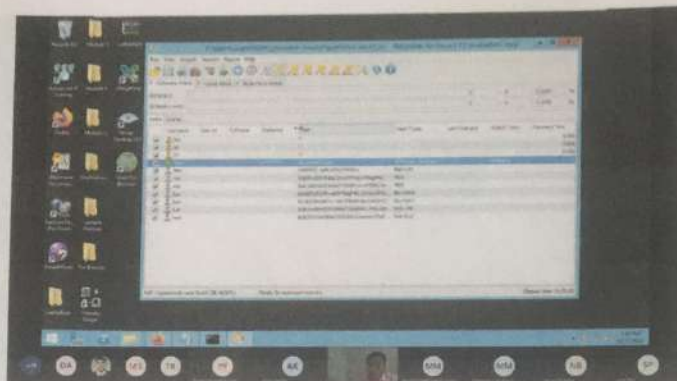

Day 4 - 17-12-2020

The session covered the topics like Enumeration techniques, simple network management protocol, TCP/IP used for remote monitoring.

Session 8:

Continued with the practical session in which Mr. Somu S demonstrated the Enumeration tools, Dictionary attacks, and configuring the TCP/IP, SNMP.

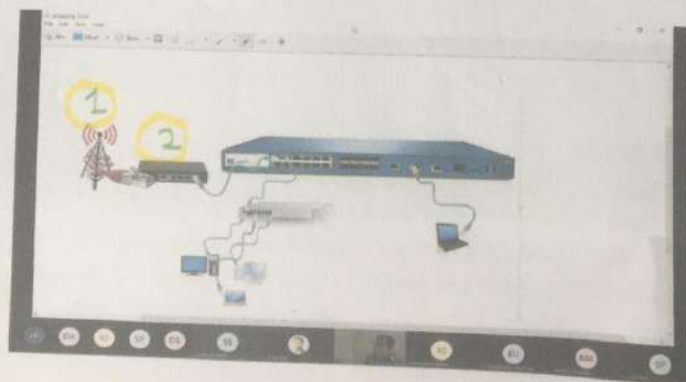

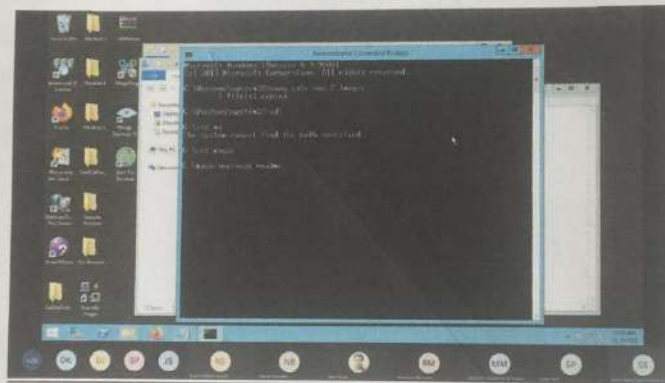

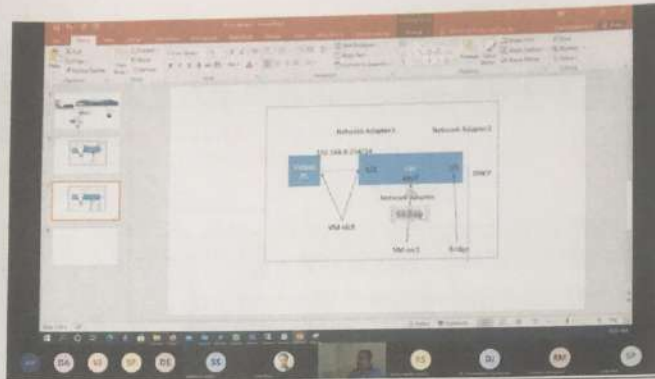

Outcomes:

- Participants will have knowledge on enumeration technique which can be used to extract user name, machines names, network resources, shares and services from the system.
- Participants will have knowledge on Simple Network Management Protocol (SNMP) is TCP / IP protocol used for remote monitoring and managing hosts, routers, and other devices on the network.
- Participants will have knowledge on defaults passwords for the devices such as switches, hubs, routers, and which they need to change it.
- Given Demo session on Enumeration
- Tools used for Enumeration
 - Nmap
 - SuperScan
 - NetBios Enumerator
 - Hyena

Day 5 - 18-12-2020

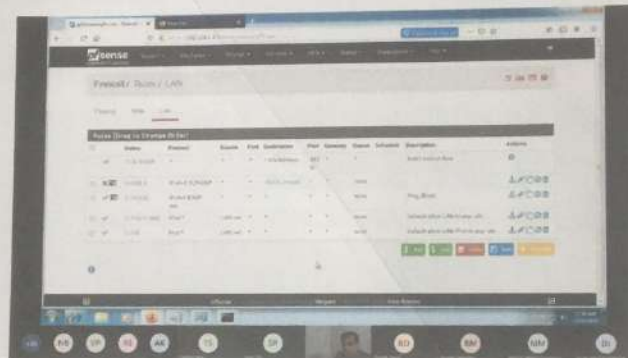

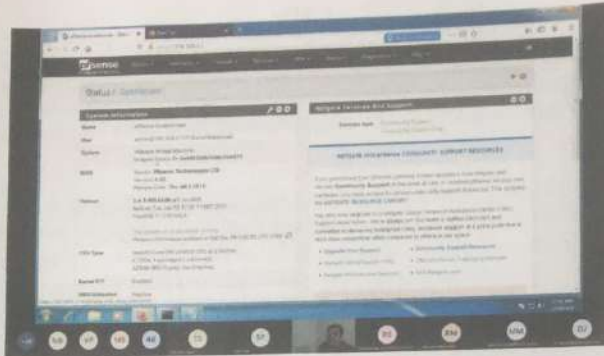

Sessions 9 and 10 were taken by Mr. Somu S and Mr. Mukesh respectively. In session 9 Firewall concept was covered in detail. Followed by the demonstration of the installation, configuring the pfsense firewall. Mr. Mukesh Ananth in session 10 elaborated on variety means of penetrating the systems, password guessing, sniffing. Detail explanation of trojans and malicious codes were also demonstrated by him.

Outcomes:

- Participants will have knowledge on how attackers use variety of means to penetrate systems.
- Participants will have knowledge on how to use password guessing and cracking is on the first steps, and password sniffing is a preferred eavesdropping tactic.
- Participants will have understanding on Vulnerability scanning, keystroke logging , and other spyware tools,
- Participants will understand that how Trojans are malicious pieces of code that carry cracker software to a target system.
- Participants will have awareness and preventive measures are to defend attacks against Trojans.
- Participants will have knowledge on Firewalls and its types, Virtual Network , Virtual Firewall
- Deployed PfSense Firewall as a Virtual Machine ,
- Participants will have knowledge on Virtual Network Configuration
- Given Demo Session on System Hacking, Trojans & PfSense Firewall (Installation)
- Tools Used for System Hacking & Trojans
- LCP

Outcomes:

- Participants will have strong knowledge on how firewalls used in network to prevent the network attack
- Participants will have knowledge on Difference between Trust and Un-Trust Zones.
- Participants will have knowledge on how to write a Firewall Rules , and apply them
- Participants will have understanding on how to create Aliases , block the certain web Sites using PfSense firewall
- Participants will have understanding on how to use the squid , squid guard proxy web filter
- Given Demo on PfSense Firewall (Configuration)
- Tools used

NOTICE

Institution's Innovation Council - BVUUCOE
Idea Presentation Day Round 1

To focus on creating complete ecosystem which will foster the culture of innovation across the institute from ideas, generation to pre-incubation, incubation and graduating from the incubator as successful start-ups.

IIC BVUUCOE is organizing an **Idea Presentation Day** competition for B. Tech and M. Tech students of all the departments. The students need to showcase their idea which they want to develop into prototype. The structure of the competition will be as follows:

- The students will be participating department wise. It is mandatory for all final year students to participate. Students other than final year can also participate to present their idea.
- In a group, maximum of 4 students are allowed. Students can give name of their group.
- The departments are requested to submit the list of the participating students in the following prescribed format and send it to email: iic@bvucode.edu.in before 20/03/2021.

| Department name | Group. No. | Name of Students in Group | Name of the mentor | Title of the Idea |
|-----------------|------------|---------------------------|--------------------|-------------------|
| | | | | |

- Round 1 will be conducted at respective departments.
- Every group will be given 5 min to present their idea in front of the judge and after evaluation, the top 5 groups will be selected from each department.
- Every group will be given e-certificates with their mentor name.
- The panel comprising of 3 members for each department will be nominated by the department before 20/03/2021 for assessment of ideas.
- The event would be held in the time frame of 26th March to 31st March and further dates will be communicated accordingly.

For, further queries please contact Dr. Bindu Garg, Convener, IIC-BVUUCOE by writing at same email address regarding this.

Department of Electrical Engineering

Following is the list of students group participating in “Idea Presentation Day” Organized By Institution’s Innovation Council (IIC)-BVUCOEP.

Time Table: Date Saturday 27th 2021, Time is Given In Front of Respective Group. Be Present Along With Your Group & Respective Guide During The Presentation.

Note: 1. You Have To Prepare Only 3 Slides For The Presentation.

2. Only 5 Minutes Will Be Given For Each Group To Present There Ideas.

Date/Period: 19th July, 2020 **No. of Participants:** 80

Class: Institution's Innovation Council (B. Pharmacy, M. Pharmacy, Pharm. D.)

Short Summary: The current pandemic has kept us all in the confines of our homes, nevertheless Institution's Innovation Council of Poona College of Pharmacy has been active with a continuing education with Bizspro: tweak your bizz session. A two-day exclusive sessions with an eminent panel of speakers.

A one-hour webinar on 19th July was panelled by Mr. Devan Bhalla, who is currently a Brand Manager at Amar Ujala, DGM. He was earlier associated with brands and organizations like McKinsey & Co, InterMARTInterMESH, UN's Worlds Humanitarian Summit etc. The speaker was introduced by IIC member, Angelina Titus.

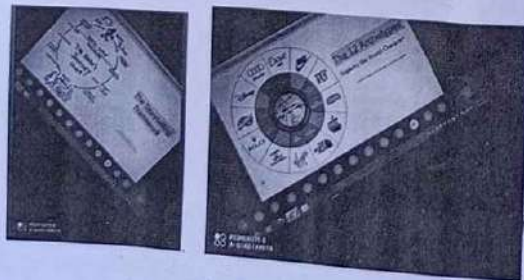

The webinar was an interactive session with an active audience. Various questions were attended in continuation and as well as to the end of the webinar. The session focused on Fundamentals of Marketing and Brand Management. Inception of brand and its positioning through creative storytelling. It is said, Tactics without strategy is a noise before defeat. Likewise, Branding plays a crucial role in Marketing. A well-planned strategy with a focused agenda is the key. It's important to understand the anatomy of what makes up a brand. Strategically creating a depth of brand expression and creating hacks on Research Ability and Creative techniques of Brand Management.

The session drew a framework of the basics of Branding. Explaining the qualities that attracts a consumer and drives them to utilize and experience a particular brand. Creating a solid base on an Input-Blackbox-Output Formula. The Input of extensive groundwork on a Name, Logo, Term, Symbol, and Design is crucial. Input is an identity marker. Blackbox which further creates a world of experience and in-depth storytelling to bond with a consumer. Lastly, the Output runs parallel to Marketing and its launching of identity, positioning and forming a differentiator with competitors.

Branding is an essence of Marketing. It's an assurance made to the consumer to deliver a tangible value. Mr. Devan Bhalla, was fluent in explaining formulas, agendas and strategies in approaching a groundbreaking technique of Branding. He further focused on teaching how to create and present a resume and the benefits of using social media platforms in enhancing a brand.

The Institute's Innovation Council with the guidance of the Vice Principal Atmaram Pawar, MIC President Dr. C Bothiraja, IIC President Dr. Sharvil Patil and IIC Vice President Dr. Deepali Bensode; was able to make this Session a success. The IIC is thankful for their support and all the audience whose active attendance made the webinar fun and informative. The session ended with a vote of thanks by our member.

Short Summary: Having witnessed drastic upside downs in the last six months in all sectors, let it be health, education, or aviation, we all have suffered drastically. But many businesses at the same time hiked just because they sought opportunities in the crisis too.

"Every crisis creates a change, the only thing with consistency."

IIC-PCP has been extensively active in bringing light to different new concepts and strategies to survive in this crisis and so this time we decided to organize an event that can make our audience and students understand the term risk and its management.

On 1st of August, we called upon an eminent personality who is having his expertise in risk management, Mr. Hersh Shah - CEO at IRM India chapter. Mr. Hersh Shah was then introduced by IIC-PCP to the audience where the participants came to know about his previous experiences working with KPMG as a risk consultant and also some other prominent organizations.

Let's identify :

Beginning with the session, Mr. Hersh Shah made the audience understand that even the biggest brands at a particular level or at numerous levels of management fail to identify risk. He gave us some real-time examples like telling about the inappropriate work culture of TOSHIBA, he pointed to the mistake of setting unrealistic profit targets by top-level management which eventually forced divisional managers to achieve such targets via fraudulently inflating profits and inaccurately valuing inventory. When such unethical incidents were reported to high officials by their employees, the barrier of communication led by the arrogance of higher officials obstructed the way of solution. Thus, due to lack of risk culture at a higher level of management in TOSHIBA, the company suffers from huge losses. Another such case is of NOKIA, near around 2008 when a number of employees raised the point of adoption of Android as the OS in their mobiles, the top management didn't listen to their employees and then we all witnessed the collapse of NOKIA.

Then, completing the mistakes of professional graded people the speaker discussed those risks which we normally fail to recognize. One of such is cyber dependency, with increased cyber dependency there's an increase of lack of awareness regarding cybersecurity. The activities of data breaching through fake websites really inflated in this pandemic.

"Think before you download, think before you click."

He later pointed to the risks of not having succession plans in family businesses and thus showcased the failure of family businesses over a long period of time.

Solutions driven by facts:

These solutions involve the change of work culture in an organization.

1. Leadership in arrogance leads to broken employee-head trust, listen to your employees as they know the reality of competitors and trends better.
2. Don't let barriers of communication be established between the levels of management in your company.
3. Deliver such a workspace where each employee is a risk officer to prevent losses. Reward them accordingly.
4. Average company life span decreases every decade from 30 to 20 and 20 to 10 years, due to lack of risk management and Innovation.
5. Never prefer to run solely on conventional approaches.

"Make unconventional the new conventional."

Conclusive points to be pondered on:

Risk:

- Risk is any uncertainty impacting the objective.
- Understand the objective first before analysis of risk.
- Objectives can be either your company goals or your personal life goals, every objective has a series of obstacles.
- These obstacles create uncertainty that's accountable to risk.

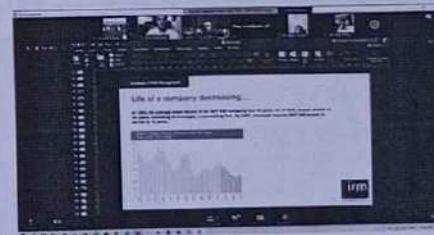

Risk management:

- *Anticipation, analysis and knocking out of risks* blends together to form the process of risk management.
- Ultimately helps to achieve the objective.

Vote of thanks -

The Institute's Innovation Council with the guidance of the Vice-Principal, Dr. Atmaram Pawar, MIC President Dr. C Bothiraja, IIC President Dr. Sharvil Patil and IIC Vice President Dr. Deepali Bensedode; was able to make this Session a success. The IIC is thankful for their support and all the audience whose active attendance made the webinar fun and informative. The session ended with a vote of thanks by our member.

Short Summary: In the wake of enhancing awareness and empowering the community about challenges of cyber bullying, an interactive webinar was conducted by the Institution's Innovation Council of Poona College of Pharmacy, on the evening of 10th August. The event was graced by the presence of Mr. Rakshit Tandon, Director of Hack Dev technologies private limited and the co-founder of Hackershalo. He was welcomed warmly and introduced by the student coordinator, regarding his alma-mater, Agra College from where he completed his BSc. And Master's in Computer Science. He has also influenced over 25million students about cyber bullying and thus played a crucial role to make the student community less vulnerable and more aware about the issue. Mr. Rakshit Tandon was also awarded the Cyber guru of the Year title by the Maharashtra government in 2015. He commenced the session and effectively explained the current scenario of bullying, how it has existed throughout the ages, and ho with as it's grip on the cyber world today. He skill fully made the session even more interesting and captured the attention of students as he exemplified cyber bullying with current scenario. Be it creating anonymous pages/memes, or posting pictures of ex-girlfriends/boyfriends for humiliation all come under cyber bullying. He went on explaining that this is a grave issue and it can affect the mental health of the victims.

Short Summary: The Institution Innovation Council, Poona College Of Pharmacy, Pune managed to organized a workshop on an interactive one-of-its-kind auction including real-life B2C buyers who buy your business product even in this pandemic through the ongoing online mode. The workshop was full of enthusiasm and brain storming question-answer session. The most awaited webinar come workshop "BizzPro" along with an eminent and exclusively talented panel of speakers with immense audience was purely a success!

A one-and-a-half-hour workshop was held on 11th August at 3 pm. It was honoured and panelled by Mr. Lakshay Chhabra (Founder of Target Corporate Gifting, Trailblazer Public Speaker). He is a young entrepreneur pursuing Chartered Accountancy(CA) and has mentored the students for young entrepreneur challenge for the two consecutive years. The speaker was welcomed and introduced on board by the host for the afternoon, Angelina Titus.

The interactive workshop was pitched up by young minds along with the speaker in an extravagant manner. Mr. Lakshay Chhabra expressed his gratitude towards the faculty members and the committee. He expressed his views and shared his experiences. He appreciated the students that in spite of the personal challenges in the pandemic, they are more towards polishing their skills and are more focused on individual development. He well said that 'More than products, services are relevant' and explained that services can be started at own at any place and can be shared with consumers by explaining them with the examples of Amazon Prime, Netflix, etc. He emphasized students to stay focused on the products and shared his knowledge about business and management. He preferred services over investments and honestly said that now companies are shifting from products towards services as done by JIO. He encouraged young entrepreneurs by saying that know your product and service the best. Master it as much that nobody knows it better than one who is selling it. Thus, the speaker truly motivated the participants for the competition.

The speaker highlighted on the act of convection and its benefits. He shared his first related experience for the delivery services in Delhi NCR.

The competition was based on the two main topics-

1. Educational Courses.
2. Tourism Packages.

Participants pitched on the topics of their choice actively and learned the new tactics and ideas from the speaker followed by the Q&A Session. The interaction was so lively, friendly and knowledgeable. Mr. Laksay Chhabra was fluent with his personal experiences and elaborated everything well to the participants throughout the session. Both the participants and speaker had nice and jolly time throughout the workshop. Competition was good enough and new pitched up ideas and thoughts were dazzled up!

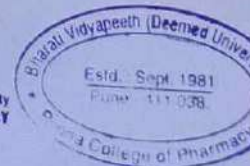

The President and Vice President of IIC-PCP presented the vote of thanks to Mr. Lakshay Chhabra and expressed their gratitude towards Vice Principle, Dr Atmaram Pawar; IIC President, Dr Sharvil Patil; IIC Vice President, Dr Deepali Bansode for always being there with their guidance and support.

Winners for the workshop were announced an hour later.

Madhav Gandhi and Buramudhin Poonawala were adjudged winner and runner-up, respectively.

Special mentions for the event were Kashish Dawar, Ryan Varghese, Vidhi Khatri, and Hritika Kamat.

Short Summary: The webinar took place on 27th August organised by the Institute's Innovation Council elaborating on one of the most innovative interesting topic: career opportunities. Mr. Aswini Bajaj who is a qualified Chartered Accountant, CFA, FRM and CS elucidated the simple concepts and it's application in pharma industry. He is a very qualified and experienced finance professional who is the director at Learn Train and Leverage Pvt. Ltd. Having delivered lectures in IITs and IIMs.

Mr. Bajaj laid emphasis to set a goal and advised to become a job creator than to become a job seeker. He highlighted to create a platform for various challenges and possible remedies which will benefit and bring a positive transformation among the future entrepreneurs. Eventually everything comes down to finance, business and numbers. For any business to result into fruition, profitability and project evaluation are important. Mr. Bajaj demonstrated an example of a company splitting into two independent enterprise which results in profit gain. Sun Pharma has two companies which include Sun Pharma and Sun Pharma Advance Research (SPARK). Initially when a new drug is discovered and receives patent, it is sold at a high price with high margin. But when introduced in generic market the price lowers down. Price Earning Ratio (PER) where earnings are considered per annum and price depict the future earning capacity. If Sun Pharma had incurred some amount of loss in the R&D sector, this can be compensated by branching out the company and reap better profits. As a result the valuation of Sun Pharma increased and accordingly there was a rise in the share price.

The main objective of any company is to maximize value and profit which is attained by three affecting factors in- Economy, Industry and Company Analysis.

In terms of economy it is important to understand the industry size of pharmaceutical sector. Medical expenditure in rural areas is less than Rs.500 whereas in urban sector it is around Rs.4,500. He demonstrated using a pictorial representation of analysis of age and India demographic mix and how it varies with medical expenditure. He explained how the Ayushman Bharat Scheme of GOI focusses on diagnostic and hospital industry.

Mr. Aswini Bajaj explained how evaluation by the Food and Drug Administration (FDA) plays an important role in international market and company future prospects. Most revenue of Indian pharma companies is generated from international markets. FDA evaluates the track record, group of scientists and type of drug research. FDA evaluates rejection by FDA there is a swift decrease in shares. Manufacturing sector in Pharmaceutical and drugs depends on R&D expenditure and the number of people using the drugs. If the quantity of people using it are less, price increases and vice versa. The finance can also be affected by efficient competitors. In terms of renewing licence from FDA, it takes 2 years and there is a good chance of competitive companies taking over.

Mr. Bajaj gave example of Thyrocare which effectively dealt with the expensive thyroid testing by collecting samples from entire Mumbai. As a result the price per unit went down. He elaborated on the role of a pharma fund manager who has depth knowledge of the regulations of FDA and mutual funds in equity share. Accordingly he evaluates the company. While there are few shortcomings in the pharma industry like we still rely heavily on China

for import of raw materials, it is important to understand the business properly and make financial decisions. He explained how a pharma graduate if heading into management can become a fund manager or research analyst.

Mr. Aswini Bajaj elaborated on how the Indian Pharma Industry has been increasing and the dependence of China might reduce from 65%- 35%. He highlighted certain issues like compliance, inadequate infrastructure, price sensitive market and low GDP spend on pharma companies.

While reaching to the last segment of his talk, he talked in length about valuation and analysis. He demonstrated giving example of SunPharma which focusses on cost leadership and capitalization in terms of recurring sales of already present medicines. Valuations is affected by earnings growth, market size growth, Govt. support and compliance. With insurance company the valuation for diagnostic and hospital industry increases. Finance is omnipresent and it's knowledge is one key components for survival in the corporate pharma world

After the presentation by Mr. Bajaj ended, he was received immensely well by Dr. Rao ma'am.

The students acquired necessary knowledge and skills required for organizing and carrying out entrepreneurial activities and to develop the ability of analyzing and understanding business situations in which entrepreneurs act and master the knowledge necessary to plan entrepreneurial activities.

The Q&A session saw many questions pouring in from both the teachers and students. Key highlights and answers by Mr Bajaj include his pearls of advice to the budding entrepreneurs. He advocated to have good and genuine idea and the social miscommunications should not be the binding reason to start a business. In terms of finance investment in pharma industry, the economy is uncertain for 2020-21 and even the pharma sector might develop to its max extent. Interested investors can invest in PharmaFund by DSP and consult a fund manager. Lastly he gave an important message to be open minded, read a lot and use a combination of skill set to fit into the larger picture.

The vote of thanks was presented by Dr. Janhavi Rao ma'am.

Short Summary: The webinar was conducted on 28th August presided over by Institution's Innovation Council of Poona College of Pharmacy. The event was graced by the prestigious presence of Dr. R. B Shrivastava who is a retired director of Defence Institute of High Altitude Research (DIHAR). He elaborated and enlightened on his exemplary work in field of research and his and the institute's noted contribution to the defense personnel.

The webinar was attended by members of IIC and fellow students belonging to different colleges as well as the staff of Poona College of Pharmacy associated with IIC.

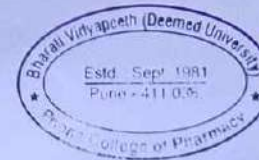

Dr. R. B radiated with enthusiasm, knowledge and modesty throughout the whole webinar. He narrated how Ladakh is close to him and he has carried out most of his efficient work there. He has implemented user friendly technologies for uplifting the locals and helping out the army. He and his team has been working dedicatedly to make them self-independent in terms of food and health security. In case of soldiers, it is important to ensure their mental and physical well-being. There are nine labs working under life sciences addressing these problems. Challenges and concerns in the Ladakh region are various including undulating terrain, low soil fertility, low oxygen, sub-zero temperature etc.

In spite of innumerable problems, Dr Shrivastava has innovated challenges into opportunities. They have made the soil conducive for quality seed production. Trench Greenhouse are employed for winter cultivation where the plantation is covered with black and white polythene to trap solar energy. Polycarbonate Greenhouses were constructed to resist high velocity winds. Water management was accompanied by digging up storage beneath green-house. The Institute has successfully grown 101 types of vegetables which has been acknowledged by Limca Book of World Records and listed in Guinness World Records for their laudable efforts to use innovation to send food to the armed forces. This has affected as a collaborative effort for uplifting the locals, farmers and scientists.

The vegetables were preserved and stored using technology for it's sustainability. CPIC tech helps in effective storage of potatoes. Water crisis has been dealt aptly by employing the techniques of mulching and monohydragels. Fruit baskets has boosted the local market as well as aided the soldiers. Drying of pulp a common problem was resolved using Solar Polyhouse D which has proved to be both time and cost effective. Hybrid Goat of Black Bengal and Changthangi has been a source of nutritious meat for the army men.

He divulged into the R&D medications which have benefited the army personnel a lot. Seabuckthon is a accidentally discovered of extreme medicinal value. Aamchi medicine has been effective in wound healing, lung complaints, blood purification and cough and cold symptoms. Plantation of Seabuckthon has empowered the women in Ladakh immensely leading to establishment of Seabuckthon Co-Op Soc. Normobaric Pressurised hatchery is used for preservation of eggs using air pressure and ventilation. Herbal supplements have played an important role in securing soldiers' health. The Institute has safely duplicated genes back with zero energy atmosphere to avail.

While his contribution and outstanding work has no bounds, he was awarded in area of Innovation in Rural Development by Manmohan Singh. He has drastically improved the

socio-economic conditions of Ladakh. Encouraging the pharmacy students to research in this arena, he ended his presentation on a positive note.

The Q&A session saw the active participation of students as well as teachers. Key highlights were how pharmacy students can create formulations from medicinal plants and research on herbal formulations which are of utmost need because of low oxygen levels. Dabur and Patanjali have shown interests in their medical products. Dr. C. Bothiraja delivered the vote of thanks.

Date/Period: Sep 30, 2020

No. of Participants : 60

Class : Indian Pharmaceutical Association Student's Forum (IPASF) & Institution's Innovation Council (B. Pharmacy, M. Pharmacy, Pharm D)

Short Summary : The webinar took place on 30th September, 2020, organised by the Indian Pharmaceutical Association Student's Forum and the Institution's Innovation Council elaborating on one of the most interesting topic : Entrepreneurship From Ground Zero.

The speakers for the day were **Miss Kelsey Root**. Kelsey was a high school teacher in Detroit, turned Entrepreneur and Product-Lead. She's the Product Lead and co-founder of **School of Future**, which has expanded to 14 countries and has had 6 successful graduating classes. Miss Shamsir Malik deals with **International Relations** and **Economics** and Digital Marketing. She graduated from University of Toronto, Scarborough.

Miss Kelsey Root believes in investing in stocks with **elementary knowledge**. Her vision is to provide **space and stage** for students to find their fire. Entrepreneurship can be embraced by anyone who thinks and evaluates critically. **85%** of jobs that will exist in **2030** have not been invented yet. There's a great potential of pharmacist as entrepreneurs due to rise in technology, shift in Indian government policy and industrial growth.

An entrepreneur seeks opportunities. We definitely need a financial backup, million connections across globe and need to utilize available resources. Entrepreneurship has high **emotional intelligence** and causes the teams or groups to rise in their fields. An entrepreneur should be a **thrill seeker** to take **risks**.

Miss Kelsey Root rightly explained the skills that will be out of today's trend, which were routine tasks (**Manual and Cognitive**), **Complex problem solving**, **critical thinking** and **creativity**.

Skills that will be fruitful include coordinating with others, emotional intelligence, **judgement and decision making**, service orientation, negotiation, **cognitive flexibility**.

Miss Shamsir Mam truly believed that machines don't have same intuition and capacity as that of human.

For an Entrepreneurial mindset three parameters are required:

- Miss Root has created an online platform wherein students can become a founder in **100 Creative problem solving**
- **Taking ownership** : every employer has to solve problem which they don't know how to solve.
- **Emotional Intelligence**

She even explained about Entrepreneurship Academy which is a fun and an enlightening academy which enrolls 15 students per month. Student pick up problems which are being faced in the world, **entrepreneurial business ideas** like poverty, climate change, motivation, creative problem solving and ownership.

Mission of Entrepreneurship Academy is to make students future proof purposeful, collaborative and entrepreneurial leaders. Kelsey Ma'am rightly believes "**that people with founder mentality cannot rest once a problem or opportunity is identified**". There is unlimited global demand for founder mentality.

It includes:

1. **Passion Delivery** – Emotional Intelligence
2. **Design Thinking** – Solutions, Inventions
3. **Business Creation** – Financial solutions and relations
4. **Online Entrepreneur Expo** – students pitch and compete to be a part of School of Future's Annual Expo

Miss Root believes that story should be conveyed in a clear and persuasive way. Students should be able to experiment, plan, execute and innovate ideas. She also portrayed that the skills show one the ideas to try and experiment in their own life. Students should be able to build their own resumes, learn to network, demonstrate experience, share about entrepreneurial project and get job connections across the world.

Skills Space occurs 12 hours per week. Personalised mentorship is provided for 15 hours from a certified US teacher. The New Education Policy deals with more **critical thinking, innovation and adaptability to ideas**.

She discusses some innovative ideas from students like Eco Fresh paper instead of plastic, Cloth pads for menstrual hygiene and LGBID Interactive Platform.

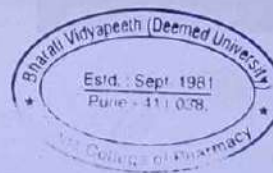

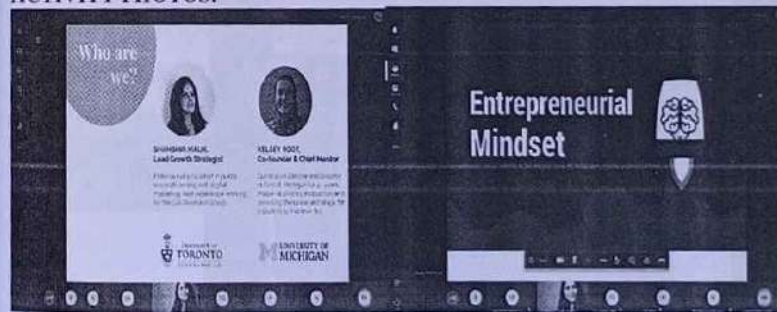

The event was an interactive session. Questions like Name one app that we use everyday and which did not exist 10 years back, what are the things that we find unfair, If one was a CEO of Instagram, what were the ways one could earn money out of it, were asked during the event.

Miss Kelsey Root concludes with the statement "**Those who tell the stories, outstand the world**"

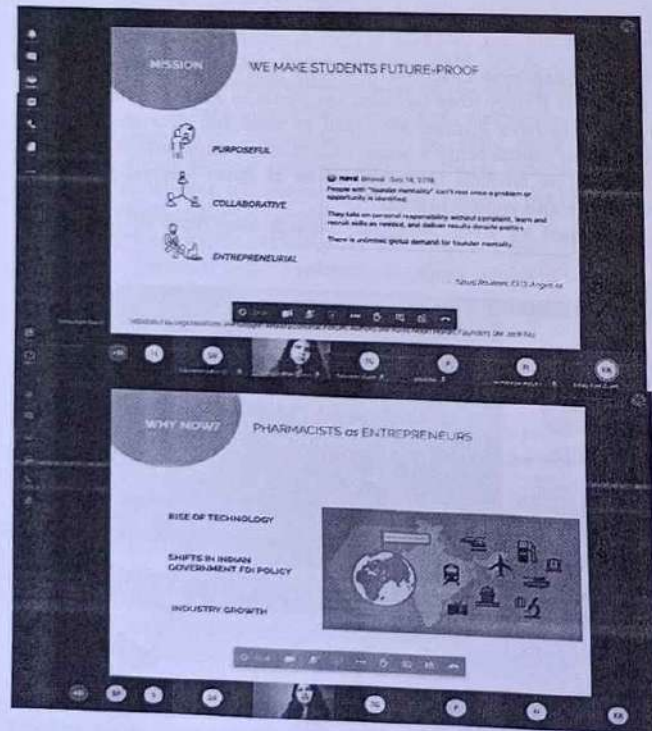

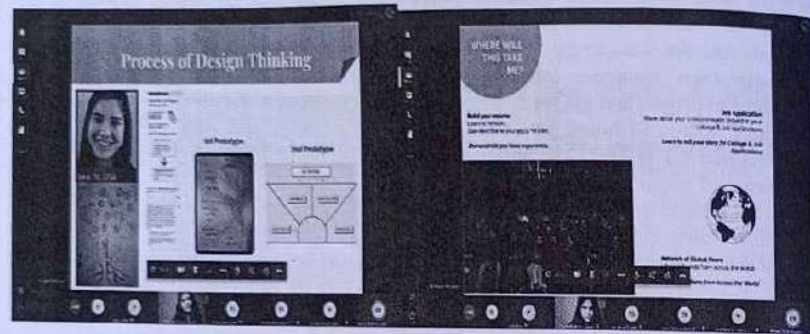

The question and answer session saw insightful questions pouring from students. Key highlights and answers by Miss Kelsey Root included her pearls of advice to the budding entrepreneurs. She advocated to have genuine ideas and to think and evaluate decisions critically. Questions like lack of capital being a major setback while implementing any idea were asked Miss Kelsey told the students to **reach out to as many people, play with products and be an innovative and critical thinker**.

Vote of Thanks: was presented by Ryan Varghese, Student Vice-Head of Institutions Innovation Council.

Short Summary

MHRD IIC PCP Organised Session With Mr. Chirag Gujarati, Business Coach and Entrepreneurship Program Chair at MIDAS India. The session was named 'InnovatorX' and held on MHRD IIC PCP YouTube Channel on 22nd February 2021 at 5 pm.

The session started with the warm welcome of guests and guardians by Jayanti Joshi on the behalf of MHRD IIC PCP.

Mr.Chirag Gujarati Started the topic with a very interesting story and the moral of the story as we all wanted to make a product that is best as per what we think and we end up failing whereas if you ask those who know how to make the product and probably those who want to use the product as what kind of product they need by this feedback and inputs make a product basis of their requirements and then we will be end up making a better product.

He highlighted some points on Design Thinking as Design Thinking helps as to create products, processes, strategies, and human-centric services.

He added that most of the innovative companies starting from Google, Airbnb, Samsung, Infosys, and many others use design thinking in its purest or some format for all their innovations.

Mr.Chirag lighted the different ways of design thinking like IBM way, HP way, Ideo way, Stanford design school way of design thinking, there is some variation like five or six-way of design thinking according to different institutions.

Mr.Chirag explained about the Stanford Design Schools way of Design Thinking which is a five-step process:-

- Empathy
- Define
- Ideate
- Prototype
- Test

The prototype is the most important step in design thinking. As an idiom, he explained that "What we are today is a prototype of what we will be five years from now" soo everything keeps evolving. If we want to build a product then make a prototype of it.

There are two types of Prototype:-

- Low Fidelity Prototype:- Fast and Easy (example paper prototype)
- High Fidelity Prototype:- Systematic

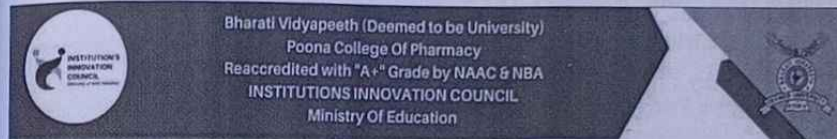

He added that when any type of problem comes up with innovative solutions it could be a business problem, HR problem, Product Problem soo any problems can be handled by use of the f design thinking in all situations.

At the end of the session, some Questions and Answers Interaction was there.

At last Ryan Varghese gave a vote of thanks on behalf of MHRD IIC PCP and appreciated the diligent efforts of Mr.Chirag Gujarati.

This session was intended to expand the knowledge of business Model canvas among the aspiring youths and also open new horizons to students about the same.

Mr. Gujarati had very beautifully highlighted all the areas and addressed the topic in a very understandable way to the audience. He explained from minor to major all details about the business canva prototype. He illustrated how the business model should be concrete and significant having all the information regarding your business idea or setup. The audience got highly pleased when he talked about the 9 major aspects of the Business Model Canvas with proper diagrammatic illustration and his amazing explanation. He highly emphasized on how the Business Model Canvas acts a "strategical road map" in one's business idea or startup or the entire processing. The 9 major groups in a Business Model Canvas which he highlighted were:

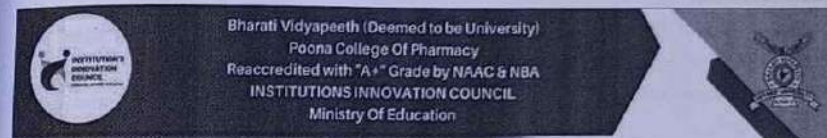

- Key partners
- Key activities
- Key resources
- Value proportions
- Channels
- Customer relationships
- Customer segments
- Cost structure
- Revenue streams

This was indeed a great session which gave so many insights to Business Model Canvas.

The audience was very delighted to witness such an amazing speaker and learn so much from him. IIC-PCP was highly privileged to have such an outstanding speaker and an amazing number of participants.

By : Prof. Parag Shah

Date -24/02/2021

The session started off with the speaker's own understanding of Innovation. He precisely mentioned the interrelationship of empathy, observation and Innovation. One must be able to put himself in the shoes of others' and examine various aspects of any problem and also be capable enough to rationally observe the surroundings.

He then made a clear difference between creativity and innovation. Creativity being a mental ability of oneself to visualise an idea whereas Innovation is an act of bringing the idea into existence with commercial exploitation.

With further elaboration of the topic Professor Parag shared his experiences of varied jobs and the need to change them. The instantaneously evolving world needs evolving beings also and for the same the frequency of adaptation in modern day work has drastically increased. With this he mentioned the 5 Cs that should be focused on by the youth -

1. Creativity
2. Critical thinking
3. Communication
4. Collaboration
5. Compassion

He firmly believes that whether the person is employed in any field he/she should be ready with these 5Cs to constantly overcome the challenges of modern day problems.

Towards the end of session a Q&A session happened where the doubts and queries of the students were answered.

Vote of thanks -

The Institute's Innovation Council with the guidance of the Vice-Principal Atmaram Pawar, MIC President Dr.C Bothiraja, IIC President Dr Sharvil Patil and IIC Vice President Dr.Deepali Bensode; was able to make this Session a success. Short Summary: The Institution Innovation Council of Poona College of Pharmacy had organized a live Instagram Session with the National Youth Icon of 2020, Ms. Ayusha Bhajanka, a mental health advocate and the founder of BaateinAnkaheesi. This session was intended to expand the knowledge of social entrepreneurship among the aspiring youths and also open new horizons to students about the same.

Ms. Ayusha had beautifully elucidated all the idea behind social entrepreneurship and its business model. Social entrepreneurship is a business model which intends to develop, fund and implement solutions to social, cultural and environmental issues. She quoted that resource mapping is very essential in creating a business model wherein time, intelligence and hard work are the first few basic assets that one has to use to evolve an enterprise. She also highlighted that failure is inevitable, it is needed to develop experiences. One has to see to understand the need to see why and what he or she is trying to achieve as impact is the most important influence on social entrepreneurship.

The audience got highly pleased when she talked about how social enterprises can attract the talented youth to help them gain experience as compared to the normal business models which require experienced personnel. In this way, freshers gain knowledge about all the aspects of business models. She discussed the need for the government to acknowledge mental health as a part of its health policy as psychiatric medications are known to be quite expensive. She also highlighted that one needs to be true to oneself in this current pandemic by being at internal peace.

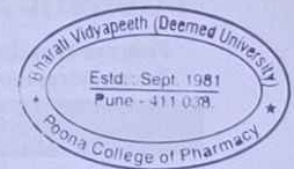

Youth need to be valued not based on experience, rather on their different talents as well as the growing trends depending on the generations. It is a current need to invest in newer techniques of practicing social interactions by promoting youth to gain new experiences by doing different activities based in their talent.

Ms. Ayusha emphasized that social media marketing could be used to map the audience depending on the aim that one has to deliver. Creativity and current trends are essential to grab the attention of people on social media. Different platforms can be used to promote the products or services to attract populations of different age groups by mapping out the target audience, finances, demographics etc. She also suggested to read the book "Unsaid and Unspoken" to understand social entrepreneurship. Ms. Ayusha emphasized that everything around us is a source of knowledge and to look out for a plan or idea, one must be very open to get successful ideas. She concluded the session by spotlighting there is no specific marketing technique rather collaborations are much more important to expand the audience.

This was indeed a great session which gave so many insights in to social entrepreneurship. The audience was very delighted to witness such an amazing speaker and learn so much from her. IIC-PCP was highly privileged to have such an outstanding speaker and an amazing number of participants.

On the 3rd of September 2020, the Entrepreneurship Development Cell of Poona College of Pharmacy organized **Expresso Chapter 3.0** where aspiring young entrepreneurial minds meet the young achievers of the current world and learn from their experiences.

In our third Chapter of Expresso, we talked about **Vocal For Local: Handloom Industry and Entrepreneurial Journeys**. We invited Ms. Sujata Biswas and Ms. Taniya Biswas, the **sister-duo** who are acing the small business sector, with their brand **Suta** which celebrates sustainable fashion, while adding contemporary style to traditional Indian hand-woven sarees.

Ms. Sujata Biswas, an alumna of IIFT Delhi, always felt something was missing in her job. She used to come across a lot of traditional weavers with whom she used to end up chatting and they used to pour their hearts out about the lack of work and menial wages. These conversations were etched deeply in her heart and prodded her onto a path of working to improve the livelihood of these disempowered communities. Taking a plunge into an industry with no prior experience or knowledge was one of the biggest risks she took in her career. But what drove her to do the same was her passion and belief in the weavers.

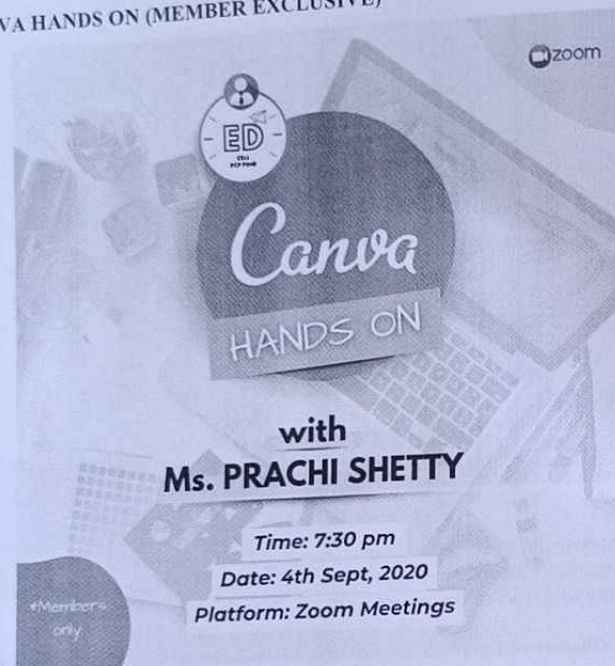

Ms. Taniya Biswas, an engineer from NIT Rourkela and IIM Lucknow postgraduate, worked for almost three years with the TATA group and IBM. A voice within her drove her towards entrepreneurship and took the bold step of listening to it.

The session started with welcoming our guests for the evening, **The Biswas Sisters** by Mrs. **Jhanvi Rao Ma'am** (Vice Principal of Poona College of Pharmacy) and followed by **Dr. Atmaram Pawar Sir** (Incharge Principal of Poona College of Pharmacy) who gave a short introduction about what Entrepreneurship Development Cell stands for.

18. CANVA HANDS ON (MEMBER EXCLUSIVE)

On the 4th of September 2020, the Entrepreneurship Development Cell of Poona College of Pharmacy organized a workshop named **Canva Hands-On**, focussing on Graphic Designing which was arranged **exclusively** for all the **members** of the Entrepreneurship Development Cell. We called upon Ms. Prachi Shetty, a renowned graphic artist, as our mentor for the same.

Ms. Prachi Shetty is a 20-year-old budding graphic designer and an enthusiastic Canva user for the past 2 years. She worked with an NGO Mitti Ke Rang as a Graphic Designer and is working as the Chief Editor with Rotaract Club.

The workshop on Canva was basically organized to learn about the basics of designing as an eye for detail is really an important aspect of entrepreneurship.

With **50+** members attending it, Ms. Prachi started off the session by introducing us to Canva. She told us all the basics about the Fonts, Shapes, Elements, Colors and so much more about Canva

On the 13th of September 2020, The Entrepreneurship Development Cell of Poona College of Pharmacy organized **Round Table 1.0: Group Discussion** with the sole intent of helping students become more eloquent and articulate while expressing their opinions. This was the first time an online Group Discussion was being conducted by us and we got a great response by having 25 enthusiastic participants for the same.

We invited **Mr. Jasmeet Singh** to be the Judge for our first chapter of the Round Table to evaluate the participants. Jasmeet Sir is currently working as a Sales and Marketing Strategist and he's a Club President of one of the Clubs of Toastmasters International. Also, he has his very own startup named Closer Singh.

The topic for discussion i.e. **Online Vs Offline Marketing** was given 1 hr prior to the competition. All the participants were given a time of 1 minute and 30 seconds to share and conclude their opinion. In the end, 10 minutes were given to all the participants to have an open discussion on the agenda.

20. TAKE A SEAT: EPISODE 3

On the 19th of October 2020, the Entrepreneurship Development Cell of Poona College of Pharmacy organized **Take a Seat 2.0** - a series of live Q&A sessions on Instagram with eminent personalities.

In our second episode of Take a seat, we talked about **The Positive Impact of Social Media** so we invited Mr. Gaurav Wasan for the same.

Mr. Gaurav Wasan is a Food Journalist, Content Head & Social Media Specialist. He's also one of the biggest sensations on social media.

So, Gaurav Sir started with the session by explaining his journey of being a Food Journalist and told us about his passion for food and also about how social media can be used to impact people in a positive way. He also explained to everyone to choose a career not by will but by a wish. And if you genuinely want to become what you wish for, work hard for it, don't give up, and Keep Learning! Gaurav Sir quoted "Till the time you don't climb the first ladder you will never reach the 20th ladder." Also, he advised if someone wants to start something that they should have deep knowledge about their subject.

He concluded the session on a wonderful note: Don't stop working on your dream. Hard work always pays off! We got a huge and amazing response of over **3200+** people viewing the live session and listening to him. At last, we would like to thank all officials, teachers, staff, members, and Mr. Gaurav Wasan for making this possible.

21. Personal Branding, LinkedIn Growth, Entrepreneurship

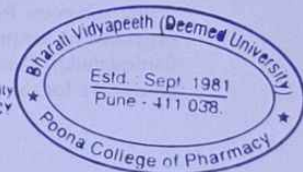

On the **2nd** of November 2020, the Entrepreneurship Development Cell of Poona College of Pharmacy organized Personal Branding, LinkedIn Growth, Entrepreneurship. Pharma Mark was organized for all the students who want to learn about offline and digital strategies used to attract new patients and increase awareness around a specific drug or treatment plan. So we invited **Mr. Hardik khertrapal** who enlightened us with the same.

Here are some key takeaways we had from the session:

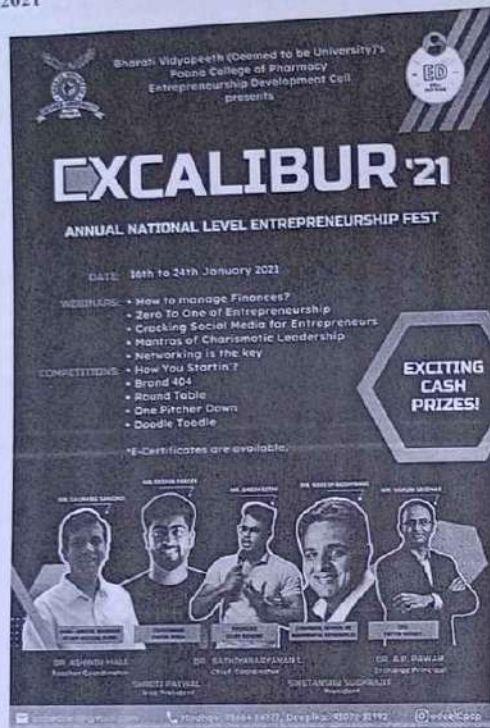

- You have to find the gap which is existing in the market to position your product differently.
- Before the decline of any Pharmaceutical Product, one must have to be anticipated and plan many ways before.
- Unethical practices are not the way to promote your product.
- Identify the market with the customer's point of view.
- Branded Generic Companies need to focus much more on communication skills at all levels such as product, strategy, and implementation.
- Covid-19 has made the Pharmaceuticals company engage their customers remotely.

Date / Period: 16th to 22th January 2021

No. of Participants: 150+

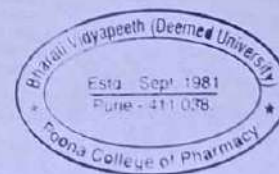

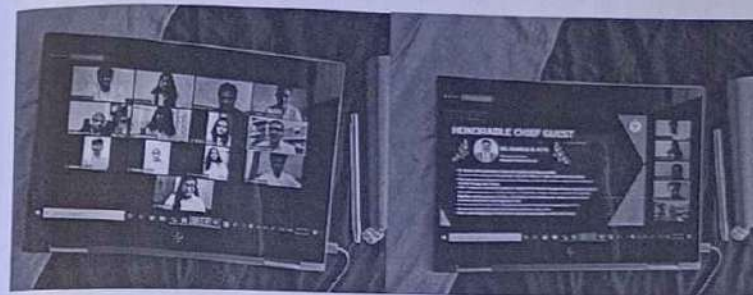

Class: First Year Doctor of pharmacy

SUMMARY: (1 para of brief summary with 2 screenshots)

EXCALIBUR'21 - An Annual National Entrepreneurship Fest organized by the Entrepreneurship Development Cell of Poona College of Pharmacy provided a platform for the 'aspiring entrepreneurs' to have a basic knowledge before they can finally enter the market. It brought together the corporate leaders, mentors, investors, new-age entrepreneurs, and all those passionate about entrepreneurship to a common ground. In one week different events organized and guided by Mr Nilesch Pandit, Dr Ramdas Kute, Mr Gaurang Sanghavi, Mr Deepak Parikh, Mr Daksh sethi, Mr Rakesh Godhawani, Mr Varun and Dr Sukumar sardeshmukh.

As a motivational trigger and to give students a basic understanding of start-ups, talks by young achievers from different backgrounds and experiences were organized. The fest was inaugurated by the presence of Dr Kute and end ceremony was organized in the presence of Dr Sardeshmukh. Throughout this whole fun and inspiring week, we hid in some surprises and giveaways for the Participants. The winners were awarded with some amazing cash prizes

and gift hampers. With over 150+ Participants from across the country, a distinguished lineup of speakers, quality of Competitions, EXCALIBUR'21 was truly a success.

preceding financial year is required to mandatorily furnish 4 digit HSN code on B2B invoices.

Mr. Jatin Harjai, Leader, JHA Legal stated that if the taxable person wants to generate E-invoice through common Portal or his existing software or existing accounting system, he shall take registration with the GSTN at Invoice Registration

Portal otherwise such E-invoice will be considered as an invalid invoice and Input Tax Credit (ITC) will not be available to the recipient on such invalid E-invoice.

Ms. Archana Jain, Founder, Archana Jain & Co. said that every registered person who is required to furnish a return in FORM GSTR-3B having an aggregate turnover of up

to 5 crore rupees in the preceding financial year, is eligible for the QRMP Scheme (Notification No. 29/2020-Central Tax, dated 10th Nov, 2020) w.e.f. from January 4, 2021.

The webinar concluded with an extensive discussion with the participation of more than 300 delegates.

INNOVATION, IPR WITH SPECIAL FOCUS ON ENTREPRENEURSHIP

The PHDCCI IP Facilitation Centre (IPFC), New Delhi in association with the Poona College of Pharmacy, Pune organized a "virtual webinar on Innovation, IPR with Special Focus on Entrepreneurship" on May 7, 2021. The objective of the webinar was to understand the issues and challenges faced by the entrepreneurs and impart knowledge on Intellectual Property Rights among the young generation. The session was moderated by Dr. Hemant K. Jain, Professor, Poona College of Pharmacy, Bharati Vidyapeeth (Deemed to be University), Pune.

Dr. Atmaram Pawar, Principal, Poona College of Pharmacy, Pune in his introductory address said

that intellectual property rights have become quintessential for the economic and social development and can play the role of a game changer in business.

Dr. Ranjeet Mahes, Deputy Secretary General, PHDCCI in his welcome remarks talked about the wide scope of entrepreneurship in our country, especially about Leadership's five core practices which are Model the Way, Inspire a Shared Vision, Challenge the Process, Enable Others to Act and Encourage the Heart. He said that everyone is a leader among us leading our life in our own way.

Mr. D. P. Gosh, Co-Chairman, MSME Committee, PHDCCI shared

his entrepreneurial journey by citing few examples on how he has grown in life. He underscored that to be an entrepreneur you have to set up a goal and then work hard towards it and achieve it, whatever problems come in your way, don't lose hope believe in yourself. Take ownership of whatever you want in your life.

Ms. Mansira Nay, Director, Adastra IP briefed about the basic components of IPR. She said that IP is basically a tool which manages all activities you are doing with knowledge. She emphasized that since the inventor obtains the exclusive right to the invention, the inventor can exercise this right by preventing others from commercially using the patented invention thereby reducing the competition and thus establishing a place in the commercial market.

The concluding remarks were given by Mr. Mahesh Kumar, Joint Secretary, PHDCCI.

- Strengthening the knowledge & strategy on hunting new accounts

In Global Enterprise Business as Head Sales (Growth Vertical-North Region) our team was focused on new business acquisition from the set of focused accounts.

We developed and executed sales strategies to generate incremental business, engaging the marketing and product functions to penetrate an account by positioning TCL as a global organization which would assist our enterprise customers in enhancing their reach and leadership in their market segment.

It involves developing short term and long term sales & marketing campaigns through which we can enter into a business relationship with a global enterprise account through multi-engagement model.

Achievements

- Achieved 165 new account acquisitions/new enterprise accounts on board in the last two years which had not experienced the global standards of service from Tata Communications.
- Brought in maximum high value service contracts (out of overall sales) with a 3-5 year fixed contract value ensuring consistent revenue from an account and reducing the threat of annual price erosion.
- Rated Best Sales Leader (Sept 2012) across India, on team management and business parameters consisting of business and revenue growth, new account acquisition, competition churn, focus on large deals, new funnel generation, net order booked.
- Awarded "Blue Ribbon" for business excellence in Q3 FY-14 by achieving order booking targets by 150% for our team targets.
- Rated "Best in Class" in annual performance rating in current year, across India in enterprise growth segment, for annual business performance in FY-14.
- Awarded "Certificate of Excellence" for business contribution in Q4 FY-14 with 170% order booking performance.
- Grew revenues to Rs. 24Cr from a new region with revenues below Rs. 2Cr and developed a strong market dominance for TCL in North India for enterprise growth accounts.
- Ensured two team members achieved Best In Class performance ratings for FY-14 across India.
- Promoted to DGM Enterprise Sales within 11 months of joining in.

- Leading cross functional project management teams
- Winning long term service contracts against Global Telcos
- Building leaders within our team
- Strengthening the knowledge & strategy on hunting new accounts

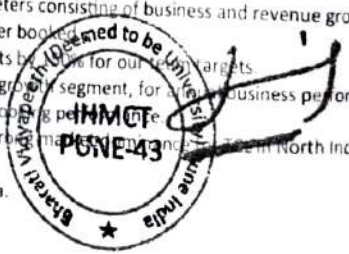

In Global Enterprise Business as Head Sales (Growth Vertical-North Region) our team was focused on new business acquisition from the set of focused accounts.

We developed and executed sales strategies to generate incremental business, engaging the marketing and product functions to penetrate an account by positioning TCL as a global organization which would assist our enterprise customers in enhancing their reach and leadership in their market segment.

It involves developing short term and long term sales & marketing campaigns through which we can enter into a business relationship with a global enterprise account through multi-engagement model.

Achievements

- Achieved 165 new account acquisitions/new enterprise accounts on board in the last two years which had not experienced the global standards of service from Tata Communications.
- Brought in maximum high value service contracts (out of overall sales) with a 3-5 year fixed contract value ensuring consistent revenue from an account and reducing the threat of annual price erosion.
- Rated Best Sales Leader (Sept 2012) across India, on team management and business parameters consisting of business and revenue growth, new account acquisition, competition churn, focus on large deals, new funnel generation, net order booked.
- Awarded "Blue Ribbon" for business excellence in Q3 FY-14 by achieving order booking targets for our region.
- Rated "Best In Class" in annual performance rating in current year, across India in enterprise growth segment, for a business performance in FY-14
- Awarded "Certificate of Excellence" for business contribution in Q4 FY-14 with 170% order booking performance in enterprise growth segment.
- Grew revenues to Rs.24Cr from a new region with revenues below Rs.2Cr and developed a strong presence in North India for enterprise growth accounts.
- Ensured two team members achieved Best In Class performance ratings for FY-14 across India.
- Promoted to DGM Enterprise Sales within 11 months of joining in.

Building a strong brand, developing leadership capabilities in team, and enabling team to stretch their performance.

EDUCATION

- Executive Program in Management Leadership, Strategy and Finance, (2014-2015) Columbia University, Columbia Business School

Conceptualized prowisdom.in as my project to convert the Program learning into a Business, as a proof of my learning.

- MBA (Marketing) IMT, Ghaziabad (2001-2004) Score : CGPA 7.4/9

Work experience while doing MBA helped me interact meaningfully with the faculty & clear my concepts.

- Post Graduate Diploma In Sales & Marketing National Institute of Sales, New Delhi (1996-1999) Score : CGPA 7.2/10

It was a 2.5 year course in Sales & Marketing, including one year professional practice as a sales trainee.

I did my professional practice at Procall Ltd (a Motorola & Punwire JV) from July 1998 till June 1999.

- Bachelors in Commerce Ramjas College, Delhi University, (1998) Score : 51 %

First experience of being independent & freedom to decide.

PROFESSIONAL SKILLS

- Proven track record in building up a business from concept to reality, identifying and closing high value contracts, including one time sales, developing comprehensive pricing and commercial strategies, negotiating long term service contracts
- Ability to identify and manage B2B relationships and develop marketing strategies across complex organization spread across geographies.
- Function through designated teams to understand and influence the buying process of potential enterprise customers and developing/evaluating strategies to develop business engagement with target enterprise customers
- Ability to cultivate senior executive relationships and take them towards a strong business partnership and developing customer loyalty towards the brand
- Team leadership, mentoring, and motivational skills
- Ability to manage sensitive customer issues, including those essential for ensuring a high level of customer satisfaction
- Excellent presentation and communication skills
- Customer lifecycle management and creating brand loyalty
- Budgetary assessment and planning to include sales forecasting

Learnings

- Global teaming & Account management
- Developing strategic customer relationships
- Representing the market leader brand
- Improving the effectiveness of marketing campaigns
- Leading cross functional project management teams
- Winning long term service contracts against Global Telcos
- Building leaders within our team
- Strengthening the knowledge & strategy on hunting new accounts

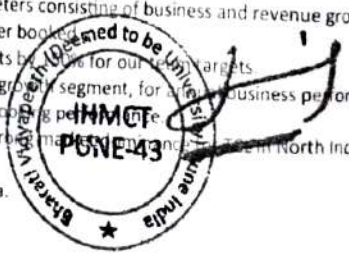

In Global Enterprise Business as Head Sales (Growth Vertical-North Region) our team was focused on new business acquisition from the set of focused accounts.

We developed and executed sales strategies to generate incremental business, engaging the marketing and product functions to penetrate an account by positioning TCL as a global organization which would assist our enterprise customers in enhancing their reach and leadership in their market segment.

It involves developing short term and long term sales & marketing campaigns through which we can enter into a business relationship with a global enterprise account through multi-engagement model.

Achievements

- Achieved 165 new account acquisitions/new enterprise accounts on board in the last two years which had not experienced the global standards of service from Tata Communications.
- Brought in maximum high value service contracts (out of overall sales) with a 3-5 year fixed contract value ensuring consistent revenue from an account and reducing the threat of annual price erosion.
- Rated Best Sales Leader (Sept 2012) across India, on team management and business parameters consisting of business and revenue growth, new account acquisition, competition churn, focus on large deals, new funnel generation, net order book.
- Awarded "Blue Ribbon" for business excellence in Q3 FY-14 by achieving order booking targets for our region.
- Rated "Best In Class" in annual performance rating in current year, across India in enterprise growth segment, for a business performance in FY-14
- Awarded "Certificate of Excellence" for business contribution in Q4 FY-14 with 170% order booking performance in enterprise growth segment.
- Grew revenues to Rs.24Cr from a new region with revenues below Rs.2Cr and developed a strong market presence in North India for enterprise growth accounts.
- Ensured two team members achieved Best In Class performance ratings for FY-14 across India.
- Promoted to DGM Enterprise Sales within 11 months of joining in.

IN A NUTSHELL

Ketan walks into every assignment he undertakes with a fresh, rookie-like approach and does not carry the baggage of tried & tested methods. 'To do what is best for the client' is his only maxim. Having got the knack of asking the right questions, he would steer everybody he works with towards solutions pragmatically. It is difficult to miss his zeal and elan in achieving success for his clients.

WORK SYNOPSIS

With close to 15 years of work experience, Ketan started his career in hospitality sector in various functions ranging from sales, operations, training and management. Having loved trainings the most, the transition into being a consultant was almost seamless. At Aacharan Consulting, one of his own brainchild, he has consulted clients from the education sector, hospitality industry, real estate, IT, Automation Industry, Packaging, Manufacturing, Automobiles and so on. He was instrumental in taking the company to East Africa & positioning itself in the international market. Apart from that he has also coached over hundred individuals from diverse professions. With his advanced studies in MBA & Business Strategy, helping businesses & individuals maximise their potential is his forte.

On 5th October 2020, CAIL ventured into the all the important issue of ethics in artificial intelligence via a webinar on 'Artificial Intelligence and Law: Ethical Dilemmas of the Digital Age'. With her infectious enthusiasm, our speaker, Ms. Selvina Dcunha- a Privacy and Legal Tech Counsel based at Mumbai, efficiently enumerated the ethical issues in the use of artificial intelligence. Her session brought forth thought provoking aspects of the interplay of artificial intelligence and ethics.

The question and answer session of the webinar brought forth several questions regarding the ethical concerns in the use of artificial intelligence and Ms. Selvina was kind enough to answer all the questions.

1. Name of Activity : Webinar on Role Cyber Law for Counselor

Details :

Bharati Vidyapeeth (Deemed to be) University, New Law College, Pune organized a seminar on how to become a counsellor on 13 August 2020 at NLC,Pune **in association with 4 C Counseling Centre**. It was co-ordinated by Dr.Bhagyashree Deshpande , Dr. Ujwala Bendale , Dr Sapna Deo, Dr.Sagar shelke . The training began with an introduction to counseling and further continued with the qualifications required for it. The procedure for becoming a counselor and his duties were also highlighted. The role of a counselor as a Guide for an individual was also reflected upon. An extension of this concept was read into the fundamental right to life under Article 21 of the Constitution in the landmark case of Vinod Kaushik v. Madhrika Joshi, whereby the concept of right to privacy was included in the relationship of marriage also. There is a right to privacy which a spouse enjoys even in a matrimonial relation and if the other spouse unauthorisedly accesses smses, whats apps and emails to prove a ground for divorce, then it renders such an erring spouse liable under the Information Technology Act. This party presenting such evidence in a Family Court has not come to the court with clean hands, thereby restricting or negatively affecting the remedies available to him. The advent of technology and its role in relationships has given cyber laws a major role to play in divorce proceedings. This training witnessed a 70 participation.

Dear Vasudha Mam/Bhaskar Sir

We wish to place on record our sincere gratitude to the IA F Team - and specially you both for the very enlightening and interactive session with our MSW Students on 21st October.

Needless to say your inputs were highly appreciated by our students.

We have received a very positive feedback from our Students who have definitely found it beneficial.

Thanking you once again.

A screenshot of a Zoom meeting showing a slide titled "Battery Research Challenges". The slide content is as follows:

Battery Research Challenges

- **Cost** ✓
 Current projected cost (25 kW battery) ~ \$1000
 - Target cost (25 kW battery) ~ \$500
- **Safety** ✓
 Inherently safe batteries needed
 - Overcharge protection circuitry expensive
- **Life** ✓
 Current technology ~ 5 to 10 years

New challenge

- Battery recycling

The slide also features a diagram of a battery cell with various components labeled and arrows indicating processes. There is a checkmark next to the diagram. At the bottom of the slide, there is a small image of a battery pack.

On the right side of the Zoom window, there is a vertical list of participants' video thumbnails. From top to bottom, the names are: Shantanu, Supriya Shukla, Vikas Joshi, Rupesh Londhe, and Asst. Prof. M. The Zoom interface at the bottom shows icons for Mute, Stop Video, Participants (58), Chat, Share Screen, Record, and Reactions, along with a 'Leave' button.

WEBINAR
by
Taalyogi Pt. Suresh Talwalkar
Topic – Peshkar

Day – Friday Date – 29/01/2021

Time – 11.00 AM to 1.00 PM

 <https://www.facebook.com/groups/BVDUSchoolofPerformingArts>

SUMMARY

This workshop was conducted on 29th January 2021. Pt. Suresh Talwalkar gave wonderful lecture demonstration on the topic 'Peshkar' in this workshop. Peshkar is a very very important part of Tabla solo playing. It gives so much chance to a player to show his mastery, knowledge and aesthetical view at the same time. Pandit ji explained the meaning of Peshkar, its proper way of playing, exploration etc. Panditji has its own view for Peshkar. He has developed his own Peshkar. That was also taught to the students.

Letter of Appreciation

To,
Prof. Suvarna Patil,
Bharati Vidyapeeth Deemed to be University, Institute of Management and Rural Development
Administration, Sangli

Date: 01/04/2021

This is to express thanks and appreciation to Prof. Suvarna Patil, for spreading awareness and holding Software Training workshops as a Student Development Program at Bharati Vidyapeeth Deemed to be University, Institute of Management and Rural Development Administration, Sangli on Python 3.4.3 and trained 28 students.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of your college. Your contributions to the implementation of Spoken Tutorial Project are significant and have played a part in it becoming fastest growing NMEICT Project. Your excellent skills and courteous personality has helped tremendously in spreading awareness of Spoken Tutorial IIT Bombay.

I would like to personally thank you for contributing to the software training and awareness events in your Institute.

This work was done in association with the Spoken Tutorial IIT Bombay. As part of the National Mission on Education through ICT, funded by MOE, Govt. Of India.

I am sure that we will continue to get your continued support for making India IT literate and spreading project existence in state of Maharashtra.

Yours Sincerely,
For and On behalf of
Spoken Tutorials,
Indian Institute of Technology Bombay

Shyama Iyer.

Mrs. Shyama Iyer

Key discussions in meeting:

Meeting was organized by PhD Cell members and Mr. Mahesh Kumar Chaubey guided us as the key resource person on Urkund Software. Broad discussion points are as under.

1. Resource person made us learn that how to create a student account (login ID and Password) for uploading a file on Urkund platform.
2. Broadly it was a concern of all faculty colleagues that how the report downloading part will be completed.
3. It was suggested that uploading will be done by students on Urkund Platform and downloading will be done by faculty (Subject to access of Login ID & Password).

Recommendations:

All the faculty members invested their precious time in and learnt about Urkund uploading and downloading and recommended the following:

- Faculty should have the access to upload and download project files on Urkund platform towards its similarity check.
- Alternatively non-teaching staff can be allocated to complete the given task on time.

Based on request of PhD Cell, Director Sir has suggested to provide system with (Login for Urkund) in computer lab. As per the directions, the notification as under has been done on 13th Oct 2020.

Aparna Marwah

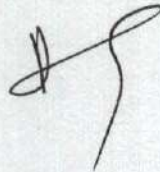

Faculty members are requested to upload the word file and download plagiarism report. In case you get exclamation mark in front of file, you have to return the file to student for necessary corrections. Systems are available in Lab from 9.30 am onwards for checking plagiarism.

We look forward to cooperation of faculty in this regard.

Report – A Webinar on Entrepreneurship Opportunities After Covid 19

Date : 17/5/2021

Amid the COVID-19 pandemic, small businesses are especially vulnerable. This is one of the first books that explicitly examine the linkage between crisis and entrepreneurship with a specific focus on small businesses.

A holistic approach and outlines strategies that small business owners can utilize as well as business opportunities that are available in these new market conditions were discussed by Speaker Mr.Jayesh patil.

Mr.Jayesh Patil discussed about

1. COVID-19, entrepreneurship, and small business
2. Open innovation ecosystems during the COVID-19 pandemic
3. Small business risk and entrepreneurship during the COVID-19 pandemic
4. Impact of COVID-19 on MSMEs in India: the Black Swan event that might change the trajectory of India's economic growth
5. Digital transformation from COVID-19 in small business and sport entities
6. The impact of the experiences on affects during the COVID-19 pandemic quarantine
7. The perception of middle managers on the organizational environment for the promotion of entrepreneurship and innovation activities in organizations
8. Building and maintaining customer relationship via digital marketing and new technologies for small businesses during the COVID-19 pandemic
9. The future of small business entrepreneurship based on COVID-19 change

Conclusion: "The impact of COVID-19 have already been catastrophic and devastating for life, societies and economies around the world. It has cost the life of more than a million people so far and has created misery for all. In this environment economic actors try to survive and maintain activities, support their communities and create value in their ecosystems.

Community Development Through Entrepreneurship Development

June 23, 2020

Dear Students,

As you are aware CWTED is an unique activity of IMED, where students mentor small, unorganized entrepreneurs/roadside vendors like chaiwala, pani-puriwal(golgappa stall), auto garages etc to grow big by helping them through innovative ideas and suggestions . Since last two years the activity is enabling students to connect with the community and make a change in the lives of both the community vendor as well as the student.

This time due to the turbulence of COVID-19 and the lockdown , these small roadside vendors are the most affected businesses who are finding it very difficult to sustain .

In this scenario CWTED ACTIVITY becomes more relevant and much needed.

Hence it's the right time for students at home to take up this activity and help these small entrepreneurs/vendors around you find new ways to face the current challenges due to lockdown and make their businesses sustainable.

The details of the CWTED Project is mentioned below.

1. Visit a roadside vendor/small unorganized entrepreneur in/around your area.
2. Try to understand his business activity, problems/challenges
3. SWOT analysis of the business
4. Give a plan /suggestions to face the current challenges/ new avenues
5. Implement your plan to make some positive difference in the business activity(observe for one month)
6. Make a Detailed Project report .

Contents of the report

- Title of the project

• Introduction - The business /owner profile, brief about the business
