In celebration of **World Environment Day** Bharati Vidyapeeth, School of Physiotherapy, Pune Have arranged a **DIY (Do it yourself) activity**. In this they were encouraged to prepare a **Mirror therapy box** and a **Stereognosis box** and a unit to measure reaction time. Students were encouraged to prepare the best out of waste and submit the final outcome within a week. This activity enhanced their creativity, strategy planning, designing and critical thinking skills.

Students and faculty members were encouraged to use public transport or Car/ Bike-pooling to the college. By sharing transportation, fuel costs are reduced and also carbon emissions are decreased due to less number of vehicles and hence pollution is kept under control.

Students enjoyed performing this task as a group activity. Over all this activity was a great success with new experiences.
