Inauguration:

The Inauguration of the ACM Student chapter was held on 20th October 2023, marking the official establishment of the BVDUDET student chapter. The event aimed to introduce and celebrate the formation of the ACM student chapter, fostering a community for computer science enthusiasts, encouraging academic excellence, and promoting network opportunities. Inviting Ms. Heli Shah as the chief guest to the event.

ACM Jaipur Summit:

The Association of Computer Machinery (ACM) summit convened on 21st and 22nd of December with the primary objective of fostering collaboration and knowledge exchange within the field of computer machinery. The event brought together professionals, researchers, and enthusiasts to discuss emerging trends, challenges, and innovations.

UI/UX Competition:

The ACM UI/UX Design Competition held on January 27, 2024, provided a platform for emerging talents to highlight their creativity and innovation in user interface and experience design. The event commenced with the entry of esteemed guests, followed by the felicitation of dignitaries, including Chief Guest Mr. Vimal Choubey. Participants presented their designs to the judging panel, utilizing visual aids and engaging in a Q&A session.

Poster making Competition:

The ACM Student Chapter organized the Cyber Security Poster Making Competition from February 9th to 12th, 2024, aiming to enhance awareness of cyber security among students. The event witnessed active participation, with students registering and highlighting their interest in the subject matter. Participants were provided three days to craft posters addressing various facets of cyber security, emphasizing creativity and relevance to the theme. Evaluation parameters included creativity, relevance, and the clarity of conveyed messages.

ACM-BVDUDET Cyber Security and Ethical hacking Workshop:

The ACM Student Chapter, in collaboration with the Innovation and Incubation Cell (IIC), recently organized a workshop on "Ethical Hacking and Cybersecurity." The event, spanning two days from February 16th to 17th, 2024, aimed to equip students with practical knowledge and skills essential for safeguarding digital assets and combating cyber threats.

Distinguished guests from Pristine Infosolution, Akshay Mandale, Rakesh Pujari, Sandeep Chaudhari, and founder Mr Rizwan Sheikh spearheaded the instructional sessions, leveraging his profound experience and industry acumen to enlighten participants on the nuances of ethical hacking practices and cyber defence mechanisms.

ROCS Event by ACM India:

On 24th February, ACM India organized an event titled ROCS (Research Opportunity in Computer Science) at the prestigious Indian Institute of Technology Bombay (IIT Bombay). A lecture on Responsible and Safe AI was conducted by Prof Ponnurangam Kumarguru.

ACM Treasure Hunt Event:

The ACM Treasure Hunt Competition Event Report, capturing the thrilling atmosphere of the exciting event held on Tuesday, March 5th, 2024. The event, organized by the ACM Student body, transformed the Quadrangle into a hub of excitement and adventure. Participants embarked on an exhilarating journey filled with clues, challenges, and hidden treasures, as they navigated through the maze of clues spread across the venue. With creativity and quick thinking, teams raced against time to uncover the ultimate treasure.

ACM-BVDUDET Faculty Cricket:

The ACM Student Chapter organized an exciting cricket match between faculty and students on 5th March. With passion and sportsmanship on display, both teams highlighted their skills on the field. Despite a valiant effort from the students, the faculty team emerged victorious, displaying their talent and teamwork. The match was a testament to the spirit of camaraderie and healthy competition fostered by the ACM community.

ACM-BVDUDET ESP Session (RESPONSIBLE SAFE AI):

The ACM Student Chapter, recently organized an eminent speaker program on "Responsible Safe AI." The event was organized on February 27th, 2024, aimed to empower students to become responsible AI practitioners and advocates for ethical AI development in their future careers.

The esteemed Dr. Ponnurangam Kumaraguru, a distinguished computer science professor at IIIT Hyderabad. Dr.Kumaraguru's expertise in the field of AI ethics and his dedication to promoting responsible AI practices makes him an invaluable resource for our community.

ACM Student Chapter Closing Ceremony:

The closing ceremony of the ACM BVDUDET Student Chapter for the academic year 2023/2024 was held with great enthusiasm. It marked the culmination of a year filled with innovative initiatives, collaborative efforts, and exemplary dedication from the student body completing the first cycle of the chapter.
