

Celebration of Nature Conservation Day

As a proactive initiative to mark Nature Conservation Day, the NSS Unit of the institue organized a meaningful and engaging nature trail to Shri Kshetra Mallikarjun / Vilasgad Fort, Astha, on Saturday, July 26, 2025. This event was celebrated two days in advance of World Nature Conservation Day, aligning with the spirit of environmental conservation and forming an integral part of the Induction Programme 2025 – Day 3.

Led by Vice Principal Dr. Pratap Desai and NSS heas of the institue Mr. Yogesh Patil, the event aimed to instill in students a deeper connection with nature and a sense of responsibility toward its preservation. The scenic beauty of Vilasgad Fort and the spiritual calm of the ancient Mallikarjun Temple offered a memorable experience to all participants.

A key highlight of the event was the Tree Plantation Drive, where students actively planted saplings near the fort premises. This symbolic gesture not only promoted ecological awareness but also encouraged sustainable thinking among the young minds.
