

Celebration of Success of Chandrayaan-3

Congratulations

India's moon mission "Chandrayaan-3" has successfully landed on the Moon on Wednesday, 23rd August 2023. The institute celebrated its success on Thursday, 24th August 2024. The program was organized by BCA II batch A students under the guidance of class coordinator Dr. Suvarna Patil. Director Dr. Pallavi Jamsandekar gave heartiest congratulations to ISRO scientists and said that the success will encourage many young minds to join the field of space research. Vice Principal Dr. Pratap Desai, teaching staff and students were present on the occasion.
