Placement Drive by Kali-Byte Solutions

safari

The institute successfully organized a placement drive by Kali-Byte Solutions on Saturday, 17th January 2026 at the institute campus.

The placement drive was conducted under the guidance of Dr. Pallavi Jamsandekar, Director and Dr. Rajendra Pujari, Head of the Department. The event was efficiently coordinated by the institute's Placement Team, comprising Dr. Suvarna Patil and Dr. Prashant Patil.

The recruitment process was led by Ms. Shivani Jadhav, Senior Android Developer, representing Kali-Byte Solutions, a startup established approximately 8–9 months ago. She was accompanied by the founding team members Mr. Rohan Patil, Co-founder, and Ms. Manasi Chougule, Co-founder & HR Manager.

Students from BCA and MCA participated enthusiastically in the placement drive and gained valuable exposure to industry expectations and recruitment standards. The interaction with the startup's leadership provided students with insights into emerging industry trends, startup culture, and career opportunities in the technology sector.

The institute expressed its sincere gratitude to the team of Kali-Byte Solutions for their initiative in providing placement opportunities and for strengthening industry–academia collaboration.
