The three-day International Conference on Multidisciplinary Approaches for Sustainable Development (ICMASD-26) was successfully conducted from January 29 to 31, 2026 in virtual mode. The conference was jointly organized by Bharati Vidyapeeth (Deemed to be University),

Pune, Institute of Management and Rural Development Administration (IMRDA), Sangli, and Science Tech Institute, Lucknow, U.P., India.

During the conference, keynote lectures and invited talks were delivered by eminent scholars from reputed national and international institutions including the USA, UK, Ghana, Saudi Arabia, and other countries. Technical sessions featured research paper and poster presentations covering contemporary and emerging areas contributing to sustainable development goals.

In her address, Director Dr. Pallavi Jamsandekar emphasized the importance of interdisciplinary research and collaborative efforts in addressing global sustainability challenges and encouraged researchers to translate academic insights into impactful societal solutions.

The conference also hosted the Global Academic Research Excellence Awards (IAREA-26) to recognize and honor outstanding contributions of academicians, scientists, researchers, directors, principals, and faculty members. Awards such as Best Scientist, Best Researcher, Best Faculty, Young Researcher, and Excellence in Research were conferred upon deserving candidates.

The conference concluded with a valedictory session expressing gratitude to the advisory committee members, organizers, paper presenters, participants, and supporting teams for making ICMASD-26 a grand success. Conference Convener Dr. Pratap Desai delivered the vote of thanks. The organizers reiterated their commitment to continue fostering interdisciplinary research collaborations for sustainable global development.

The event reflected academic excellence, international collaboration, and a shared vision for sustainable progress.
