As part of the Oral Hygiene Day initiative, the department provided **free dental scaling services for one week** to promote the importance of professional oral cleaning. This initiative helped raise awareness among patients about the need for routine dental check-ups and maintenance of oral hygiene.

To further encourage periodontal health care, a **50% concession on periodontal surgical procedures** was offered to patients during the week. This initiative aimed to make advanced dental care more accessible and affordable.

Patients visiting the clinic during the celebration week were provided with **free oral hygiene aid samples**, including toothbrushes, toothpaste, interdental brushes, and mouthwash. This was done to educate and motivate patients to adopt effective daily oral hygiene practices.

OUTCOME OF THE ACTIVITY

The celebration of Oral Hygiene Day served not only as an educational and promotional campaign but also as a community service effort. By offering free and subsidized dental care along with recognizing student achievements, the event succeeded in fostering a culture of health awareness and professional motivation. We extend our heartfelt thanks to all faculty members, students, staff, and sponsors who contributed to making this event a resounding success.
