The Department of Oral and Maxillofacial Surgery, Bharati Vidyapeeth (Deemed to be University) Dental College & Hospital, Sangli, organized an Alumni Interaction Programme on the topic “Zygomatic Implants” on 24 December 2025. The programme was conducted with the objective of updating undergraduate students, postgraduate students, interns, and faculty members about advanced implant rehabilitation techniques, particularly in patients with severe maxillary atrophy.

The programme commenced at 10:00 A.M. in the Dental College Auditorium. Faculty members, postgraduate students, interns, and undergraduate students attended the programme enthusiastically. The session was delivered by Dr. Mushtak Khan, a distinguished alumnus of the institution. The programme was chaired by respected Principal Dr. Sharad Kamat Sir, and he handed over certificate of appreciation.

Dr. Mushtak delivered an informative and clinically oriented lecture covering:

- Basics and evolution of zygomatic implants
- Anatomy and biomechanics related to zygomatic implant placement
- Indications in severely resorbed maxilla
- Surgical techniques and prosthetic considerations
- Possible complications and their management

The lecture was supported by clinical photographs and case discussions, which enhanced the understanding of the topic.

Outcome of the Activity:-

Participants gained updated knowledge about zygomatic implants as an alternative to conventional implant therapy. Students were exposed to advanced surgical procedures and real-life clinical scenarios. The programme strengthened alumni-institution relationships and inspired students towards higher learning and clinical excellence.
