ESSAY ON "ANTI RAGGING AWARENESS"
Ragging, a disturbing reality in many educational institutions, involves the harassment, abuse or intimidation of junior students by seniors, often under the guise of initiation rituals. Despite its harmful effects, ragging is sometimes erroneously perceived as a harmless way to introduce freshers or as a means of building bonds. However, the devastating consequences of ragging, which can range from psychological trauma to physical injury and even death, necessitate robust anti-ragging awareness and strict measures to curb this menace. The impact of ragging extends far beyond the immediate incident. Victims may experience fear, anxiety, depression, and isolation, which may damage their self-esteem and hinder their academic performance. In severe cases, the trauma can be long-lasting, potentially leading to mental issues like PTSD and even suicide. To address this serious issue, comprehensive anti-ragging measures are crucial. These measures should aim to create a safe and respectful environment where students can focus on their studies and personal growth without fear of harassment or abuse.

DAY 5:

18th Aug. 2025 Pledge Ceremony & Valedictory Programme

Students and faculty members took an **Anti-Ragging Pledge** reaffirming their commitment towards building a ragging-free campus. The valedictory programme marked the successful conclusion of the Awareness Week.
