Department Of Human Anatomy

ASHA Workers Visit to the Department of Anatomy

Date- 05/08/2026 **Day** - Wednesday

Venue – Human Anatomy Department & Dissection Hall **Time** - 02 pm to 03:00 pm

Total no. of Asha Workers – 17

Gist of Session: ASHA workers from various Urban Health Centers visited the Department of Human Anatomy, BV(DTU) Homoeopathic Medical College, as part of an educational exposure program. The program began with a welcome by the I/C Principal Madam and Urban Centre In-charges, followed by a guided visit to the Anatomy Department and Dissection Hall. I BHMS students demonstrated bones, cadaver, anatomical models, museum specimens, X-rays, and histological slides while explaining basic human anatomy, organ functions, and healthy lifestyle practices. Dr. Vaishali A. Bhagat (HOD), highlighted the importance of the cadaver in medical education. Dr. Kulshree Rajguru and Dr. Minal Solanki, Assistant Professors, also interacted with the ASHA workers and addressed their queries. The program was interactive and successful in promoting awareness about human anatomy, healthy practices, and Homoeopathic healthcare services.
