REPORT ON RESEARCH PUBLICATIONS UNDER MoU

Academic Year: 2026–27

Research Publication Initiative under Memorandum of Understanding (MoU) with International Journal of Technology, Management and Social Sciences (IJTMSS)

Abhijit Kadam Institute of Management and Social Sciences (AKIMSS), Solapur, organized a two-day National Conference on “Artificial Intelligence for Sustainable and Smart Management: Opportunities, Challenges and Future Directions” on 5th and 6th March 2026.

The conference was organized to provide a national academic platform for academicians, researchers, industry professionals and students to deliberate upon the transformative potential of Artificial Intelligence in sustainable and smart management.

The conference focused on emerging applications of Artificial Intelligence in management, business, technology and social development, while also addressing ethical, cybersecurity, data privacy, governance and socio-economic challenges associated with AI.

Abhijit Kadam Institute of Management & Social Sciences (AKIMSS), Solapur, has undertaken collaborative research and publication activities under the Memorandum of Understanding (MoU) with the International Journal of Technology, Management and Social Sciences (IJTMSS).

The collaboration provides an academic platform for faculty members and researchers to disseminate their research work and encourages scholarly activities in the areas of Technology, Management and Social Sciences.

IJTMSS describes itself as an international, double-blind, peer-reviewed, refereed online open-access journal dedicated to research and knowledge advancement in technology, management and social sciences. The journal states that its mission is to provide a platform for scholars, researchers and practitioners to publish research contributing to theory and practice. As an outcome of the collaborative research initiative under the MoU:

49 Research Papers were published in the International Journal of Technology, Management and Social Sciences (IJTMSS).

These publications demonstrate the research engagement of faculty members/researchers and the utilization of the MoU for dissemination of scholarly research.

Journal Details

Particular	Details
Name of Journal	International Journal of Technology, Management and Social Sciences (IJTMSS)
Nature of Journal	International, Double-Blind, Peer-Reviewed, Refereed, Online Open-Access Journal
ISSN	2583-8482
Publisher	Glocal Learning Solutions
Current Issue evidenced	Volume 4, Issue 3
Issue Period	July–September 2026
Broad Research Areas	Technology, Management and Social Sciences
Publication Outcome under MoU	49 Research Papers

The uploaded journal material identifies ISSN 2583-8482, the publisher as Glocal Learning Solutions, and Volume 4, Issue 3 as July–September 2026.

Welcome to the *International Journal of Technology, Management and Social Sciences (IJTMSS)*

Our journal is dedicated to the advancement of research and knowledge in the fields of *technology, management, and social sciences*. We strive to bring together experts from diverse disciplines to foster a culture of innovation and collaboration.

Our mission is to provide a platform for scholars, researchers, and practitioners to publish high-quality papers that contribute to the advancement of theory and practice in technology, management, and social sciences.

Our editorial board is made up of scientists, distinguished academicians, research practitioners and industry professionals, who bring a wealth of expertise and experience to the journal.

At the International Journal of Technology, Management and Social Sciences (IJTMSS), we are committed to *promoting academic excellence, intellectual diversity, and scholarly rigor*.

Our focus is on publishing original research that addresses contemporary issues and challenges in these fields.

We welcome submissions from researchers, scholars, academicians, practitioners, consultants, industry experts from around the world, and we invite you to explore our website to learn more about our submission guidelines and review process. We also encourage you to sign up for our newsletter to stay up-to-date on the latest research and developments in these fields.

Current Issue

The National Conference on “Artificial Intelligence for Sustainable and Smart Management: Opportunities, Challenges and Future Directions”, organized on 5th and 6th March 2026, provided a platform for researchers and academic participants to present their research.

The conference recorded approximately 100 participants and 69 research-paper presentations. As a subsequent research dissemination outcome under the institutional MoU, 49 papers from the conference were published in the International Journal of Technology, Management and Social Sciences (IJTMSS).

The activity demonstrates a clear progression from conference-based research presentation to peer-reviewed research publication through an institutional academic collaboration, thereby contributing to the institution's research and publication activities.
