THE BOARD OF VALOUR

Where Stories of Courage Find a Place to Speak

“Not every hero stands on a stage.
Some stand through storms, some stand for others,
And some simply choose to be brave when it matters.”

About the Initiative

“The Board of Valour” was a thoughtful NSS initiative created to turn an ordinary display space into a visual journey of courage, awareness, and inspiration. More than just a board, it became a collection of stories that invite every student to stop, look, and reflect.

With this initiative, NSS created a space where information becomes awareness, stories become inspiration, and courage becomes something worth remembering.
