Simulation Lab Instructor: Mr. Pramod Pawar.

A CPR simulation session was conducted for IIIrd Semester B.Sc. Nursing students in the Simulation Laboratory. The faculty and simulation lab instructor demonstrated Basic Life Support (BLS) and Cardiopulmonary Resuscitation (CPR) using an adult CPR manikin. Students practiced assessment of responsiveness, activation of emergency services, chest compressions, rescue breathing, and airway management under supervision.

Following the demonstration, students performed return demonstrations and received feedback to improve their skills. The simulation enhanced their competence, confidence, critical thinking, and teamwork in managing cardiac arrest emergencies. The objectives of the session were successfully achieved, and students demonstrated satisfactory performance in CPR procedures.
