Conclusion:

USN PG Midwifery Students Visit to Bharati Vidyapeeth (Deemed to be) University College Of Nursing, Pune campus with student exchange programed from 31st August to 24th September 2026 with Midwifery department (Obstetrics & Gynaecology Nursing) was very fruitful and overall it was excellent exposure for USN PG Midwifery Student's to observe, learn and implement practices in teaching –learning and fulfilled proper nursing care in a different health care setting. Overall, it was challenging posting for them as they could witnessed various cases unlike their place in Norway, and learnt Indian system of health care delivery.

Feedback from Hege and Odd:

Bharati Vidyapeeth:

Thank you so much for the warm welcome and taking care of us for the whole stay in India. We have enjoyed it so much and you all have made us feel very safe. We like to especially thank all the teachers for taking care of us and the opportunity to have good discussions about the midwifery and nursing subjects. We will highly recommend to future midwife students in Norway to do their exchange at your college. ♥

Kamla Nehru Hospital:

Thank you to all the students that have been with us during our clinicals. You have all made it easy to communicate with the patients. Thank you to all the staff at the hospital for allowing us to find our place, and giving us the opportunity to be so involved in the maternity ward.

Thank you again for everything and for making our time here so special. We will take many wonderful memories and valuable experiences with us back home to Norway.

Take care, and we wish you all the very best. We hope our paths will cross again someday!

Warm wishes, Hege & Odd ♥
