Industrial Visits
### (MBA and MCA)

Number of participants: 90

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college curriculum, mainly seen in MBA & MCA course. The objective of industrial visit is to provide students an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work. It provides students with an opportunity to learn practically through interaction, working methods and employment practices. It gives them exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.

Industrial visits provide an excellent opportunity to interact with industries and know more about industrial environment. This year Industrial visits are arranged by college to students with an objective of providing students functional opportunity in different sectors like IT, Manufacturing and services, finance and marketing.

This visits helped to combine theoretical knowledge with industrial knowledge. Industrial realities are opened to the students through these visits. The Visits were organized in following organisations.
