

BHARATI VIDYAPEETH
(DEEMED to be UNIVERSITY)
COLLEGE OF ENGINEERING, PUNE
DEPARTMENT OF CIVIL ENGINEERING

Departmental Library

**Bharati Vidyapeeth
(Deemed to be University)
College of Engineering, Pune-411043
Department of Civil Engineering**

Bharati Vidyapeeth
(Deemed to be University)
College of Engineering, Pune-411043
Department of Civil Engineering

Vision of the Institute

To be World Class Institute for Social Transformation through Dynamic Education.

Mission of the Institute

- To provide quality technical education with advanced equipment, qualified faculty members, infrastructure to meet needs of profession and society.
- To provide an environment conducive to innovation, creativity, research and entrepreneurial leadership.
- To practice and promote professional ethics, transparency and accountability for social community, economic and environmental conditions.

DEPARTMENT OF CIVIL ENGINEERING

Vision of Department

To create Civil Engineers who will transform Civil Engineering Industry for sustainable development of society.

Mission of Department

- To create Civil Engineers enriched with quality technical education.
- To inculcate innovation, creativity and research approach among the graduates.
- To create entrepreneurs practicing professional ethics.

Bharati Vidyapeeth
(Deemed to be University)
College of Engineering, Pune-411043
Department of Civil Engineering

PROGRAMME OUTCOMES (POs)

Engineering Graduates will be able to

PO-1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO-2: Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO-3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO-4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO-5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO-6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO-7: Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO-8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO-9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO-10: Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO-11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO-12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAMME SPECIFIC OUTCOMES (PSOs)

A Civil Engineering Graduate will be able to

PSO-1: Industry Exposure: adapt to work and address challenges in construction Industry.

PSO-2: Optimal and Sustainable Solution: workout optimal and sustainable solution to infrastructural needs of the society.

Departmental Library

Document- Check list and Evidence

S. No	Check- list	Evidence	Reference Criteria
1	Preamble		2,4,6,9
2	Index	Photocopy of Index	
3	Introduction	Photocopy of Introduction of Departmental Library

6	Donated books	Photocopy of List of donated books	

INDEX

Sr.No	Name
1	Preamble
2	Introduction to Department library
1	List of the Books/ Volumes
2	List of the preceding
3	List of Donated Books

Preamble

- This file relates to the Departmental Library of the department.
- The library of the department plays important roles in the teaching process.
- Departmental library makes books and e-books available to the students which covers their curriculum.
- Books are also made available to the faculty members as and when required.
- There are numbers of books in library which helps students as well as faculty members to do their R&D work related to their projects and research.
- List of books helps them to find the book as per their requirements.
- Care of departmental library is taken by library Incharge deputed by HOD Department of civil engineering.
- The main aim of departmental library is its availability through the working days.

Departmental Library

- Departmental library is spread over **25.48 sq.m.** area with proper time schedule and circulation is maintained.
- One of the faculty member is appointed as a Departmental Library Incharge.
- For assisting Library Incharge one student incharge and four student members from B.Tech .(Civil) Sem III are appointed.
- Departmental Library contains
 - **Volume -681**
 - **Books: 750**
 - **Proceedings-46**
- Also Departmental Library contains Project Reports, Proceedings, on the subject of Civil Engineering.
- A separate register is maintained for issuing the books for students and faculties.
- D-space links and E-library is available in Departmental Library

Bharati Vidyapeeth Deemed To Be University College of Engineering, Dhankawadi, Pune-43.

Department of Civil Engineering Departmental Library (Book List)

S.No.	Outward No	No. of Copies	Name of the Book	Name of the Author	Publication
1	01	01	R.C.C. Design	B.C. Punmia Ashok Jain Arun Jain	Laxmi Publication
2	02	01	Steel Structure	Duggal	Mc Graw Hill
