Report

WORLD HEART DAY 2023

- Theme:** Use Heart, Know Heart
- Organizer:** BVDU's School of Physiotherapy
Department of Cardiovascular & Pulmonary Physiotherapy
- Date:** 17th October 2023
- Timings:** 12 noon onwards
- Venue:** Department of Physiotherapy
Bharati Hospital & Research Center, Pune
- Coordinators:** Dr. Nilesh Andhare, Dr. Saurabhi Purandare, Dr. Ketaki Kulkarni

On the occasion of World Heart Day 2023, BVDU's School of Physiotherapy, Pune celebrated a day with keeping a model making competition for I & II BPTth students at Bharati Hospital Premises. The aim of the competition was to raise awareness about heart health and encouraging individuals to adopt heart-healthy lifestyles. This report highlights the key activities and outcomes of the event, showcasing its impact on promoting heart health worldwide.

Dr. Natarajan (Head - Cardiology Department), Dr. Swati Bhise (Principal - BVSOPT) & faculties from School of Physiotherapy as well as clinical faculties from Bharati Hospital were also motivated students to on promote heart health in general population through models. Also, to encourage students, they were judged by our guest on the basis of creativity & originality, relevance to the theme, composition & visual impact, message to the society through models.

Participation: Total 9 teams registered for competition out of which 6 teams (18 students) were selected for model making competition.

Campaign Theme: The theme for World Heart Day 2023 was "USE HEART KNOW HEART." This theme emphasized the importance of self-care, healthy habits, and the positive impact they have on overall population. The World Heart Day 2023 model making competition

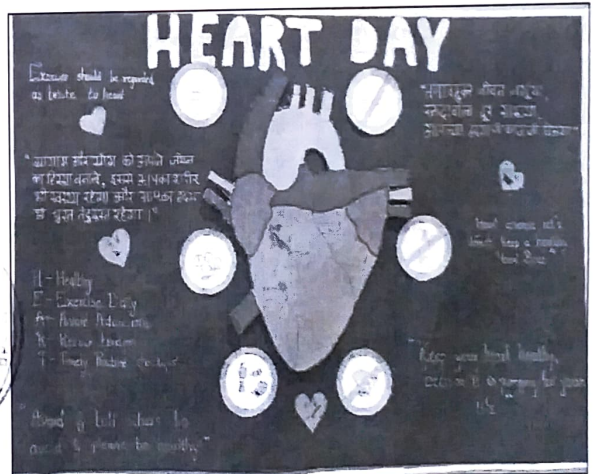

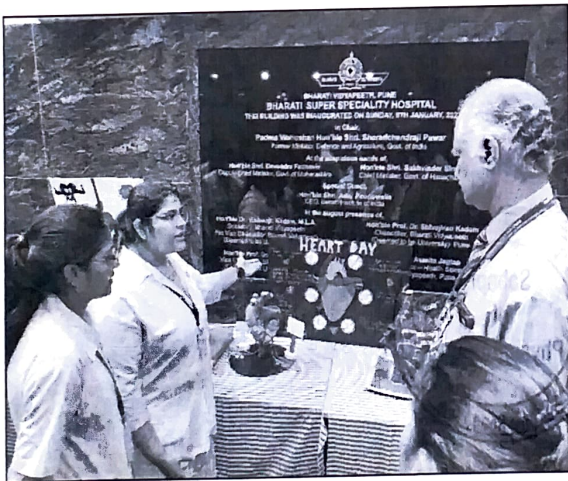

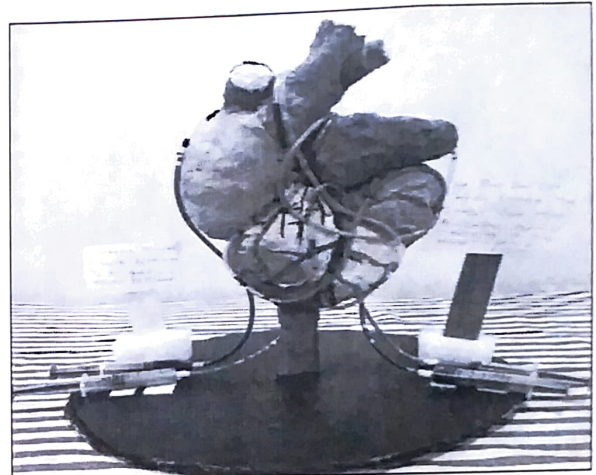

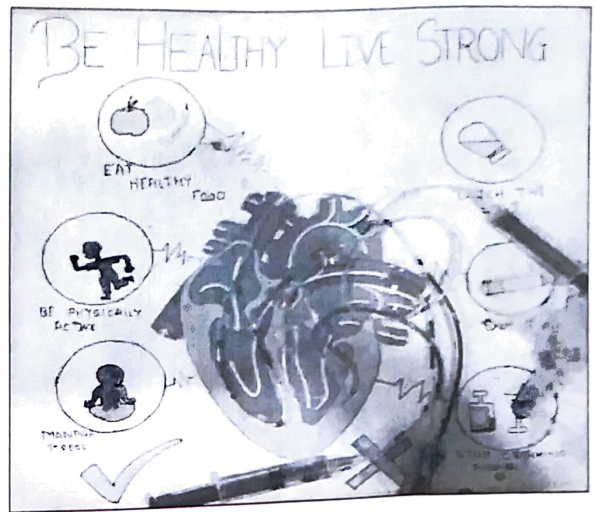

successfully raised awareness about heart health among general population. Feedback from participants indicated increased knowledge and motivation to adopt heart-healthy behaviors.

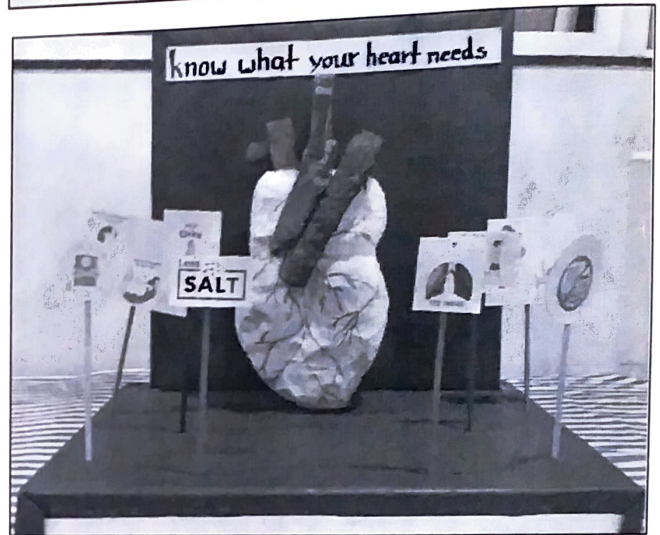

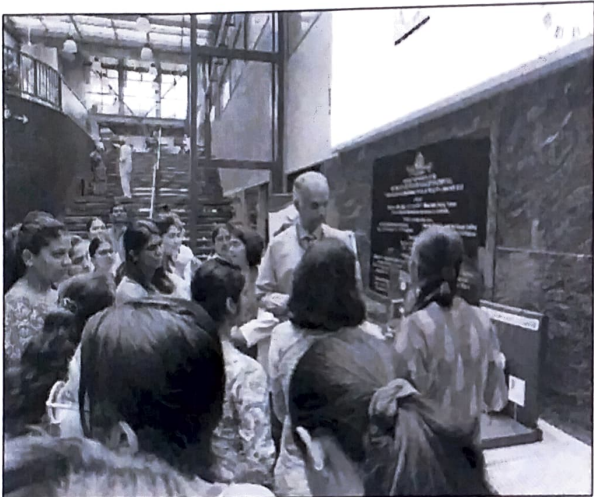

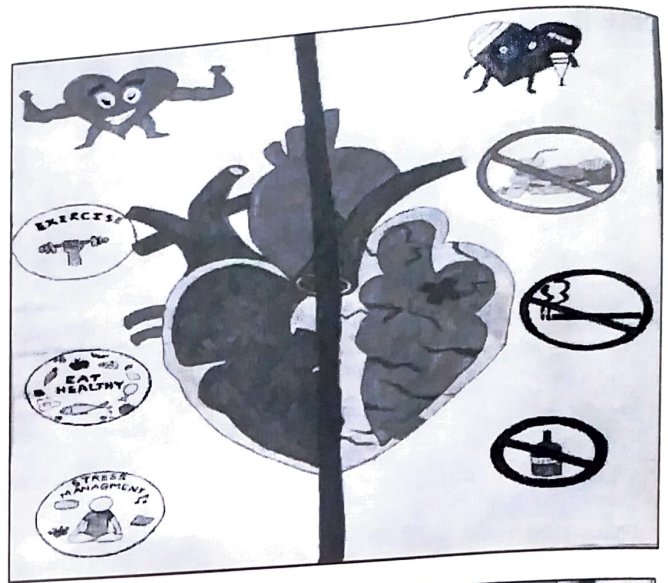

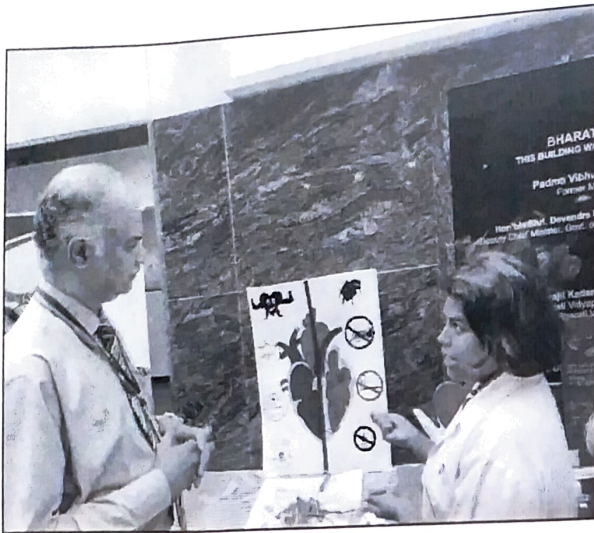

World Heart Day 2023 served as a powerful platform to promote heart health awareness and encourage individuals to prioritize their cardiovascular well-being. Through collaborative efforts, engaging activities, and widespread participation, the competition successfully inspired positive behavior change and empowered individuals to take control of their heart health.

As we look towards the future, it is essential to sustain the momentum generated by World Heart Day 2023 and continue working towards a world where heart health is a priority for all.
