<b>QIM</b>	<b>Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC.</b>
	-

**Format for Presentation of Best Practices**

**(While submitting the Best Practices Institution should submit the practices in this format only)**

**1. Title of the Practice**

'Communication Enhancement Programming For The Students'

**2. Objectives of the Practice**

To enhance the communication skills amongst the new entrants before beginning of academic teaching

To boost the confidence amongst the students to be effective during their tenure

**3. The Context**

It was very challenging while training the students for effective speaking as more than 70% of the students are very weak in English language

**4. The Practice**

In this practice, we take all the basics of English language. We train them in English language with the help of regional language. The students find it easy to learn communication in English. Few of the students find it very difficult initially but after few days of learning they become fearless and attempt to speak in English.

**5. Evidence of Success**

Changes are found in the students wherein students get satisfaction and get motivated. They lose their fear and start talking in English. It was the feedback from the students

**6. Problems Encountered and Resources Required**

As it is student centric, there are no problem observed or faced

#### 1. Title of the Practice : COVID WARRIORS

#### 2. Objectives of the Practices :

- To Counsel the People and Patients
- To study the Need and Emergency of Quarantined People in the Hospital.
- To Counsel community people regarding the proper use of Masks, Sanitizer.
- Report to the Police Control Room
- To Counsel regarding the cleanliness of washing hand many time with soap.

#### 3. The Context :

- 1) Challenges : \* Risk of Life,  
\* Risk Of Virus Attack
- 2) The intention of family member, neighbours, community people, and friends was very different and suspicious working with the COVID – 19 people.
- 3) Non supportive of the people
- 4) No quick response
- 5) People approach Covid Warriors to tell their problems and difficulties.

#### 4. The Practice and its Uniqueness in Indian Higher Education :

- 1) It helps the students to sharpen their knowledge, confidence and develops the relationship.
- 2) The students can prepare good project reports on many topics on covid -19.
- 3) The students can get good jobs in many sectors as a counselor in schools hospitals ,NGOs, industries, communities, in jail etc.

The Constrains/Limitations faced by the quarantine people:

1. The poor patients were unable to pay the hospital bills.
2. The food provided in some of the hospitals was not good and tasty.
3. Some of the hospitals sanitation condition was not clean.
4. Beds were not available to so many patients.
5. Many people did not get quick hospital services due to which they lost their lives.
6. The students collected information was provided to police control room.

#### 5) Evidence of Success:

One of our student MissAishyariyaShingte from Pandharpur she successfully performed her given task of quarantine people. Daily she leaves her house at 7.00 am early morning and returned back at 8.00 pm or 9.00 pm. Sometimes at 10.00 pm also. Her family

members were very much worried about her health , but she never cared about herself and continued her work and daily report provided to the police control room. Continuously she worked for 4 to 5 months, and in this situation she also got corona and her whole family got affected and they all were quarantined in their home.

After one month she recovered from corona and was again back to work , she was felicitated and two certificates was given and the result declared as COVID Worrier. Due to her will power she recovered fast and still she serves as a counselor to the needy people to guide them and save their lives.

**6) Problems Encountered and Resources Required:**

1. Every day was challenging to work with COVID people and to counsel them.
2. Many of the people lost their jobs in this COVID period
3. The fear of corona virus killed in the mind killed many of the people
4. Money Problem was biggest which disturbed the family members and their relations.
5. The people who lost their lives due to corona are still in grief and pain. The family members have not come out of the situation.

**7) Notes (Optional)**

1. Now few of our MSW past students are doing the survey of Covid people who lost their lives in their families , and planting one tree in the name of that person who expired in front of their house and counseling them to be bold and strong to face with coming situation. Our students are also collecting the history/information of the family and reporting to the municipal corporation regarding some help to be given to these people .
