**Analysis of Feedback**  
**Academic Year 2022-23**

**Objective of Feedback**

An annual survey was conducted to assess the satisfaction of parents regarding the services of the college. Each year we ask parents to complete a feedback form to gain an insight into how college could improve on various parameters. We value feedback and treat it with the highest respect, courtesy, value, and confidentiality.

**Process Adopted for Feedback**

In each academic session, we asked parents to complete a printed feedback form (provided by the college). The feedback form is also available on the college website. Filling of feedback is voluntary.

**Design of Feedback**

Code	Feedback Parameter
P1	Views about the progress of your ward after seeking admission
P2	Opinion about the facilities available in the institute
P3	Teaching standards in the institute
P4	Personal attention of teaching staff & and interaction with the ward
P5	Improvement in ward concerning the knowledge base, communication skill
P6	Progress Report mechanism through Post, Mail, or SMS

Besides this, comments/opinions were also requested from the parents.

**Discussion:**

Rating for almost all the parameters fell in the range of “Excellent” to “Good”. On average 44% of the parents’ feedback was excellent regarding the services of the college, 39% felt it was very good and 16% felt it was good.

For the admission of their ward, it was parent’s first preference (72%) for this college. Parents have been given the highest ranking, excellent for academic atmosphere (41%) of the college. They were also satisfied with the college infrastructure (40%), admission procedure (42%), and security and discipline of the college campus (43%) by rating very good.

**Suggestions of Parents**

- Parents suggested the installation of more water coolers on the college premises.
- Parents requested regular class tests for their ward year-round as internal performance evaluation.

**Action Taken:**

As per the suggestions received by the parents, we already have all the facilities, and we conduct Class Tests regularly. The regular maintenance of coolers has been carried out.
