## STEP TWO

Recruiters can conduct a Pre Interview Screening Process any time before the interview day. Recruiters are free to determine their own policy for the Screening Process to shortlist students. In case the Recruiter has no particular method of pre interview screening, the Curricula Vitae of all interested students shall be forwarded to the Recruiter.

## STEP THREE

After the completion of Pre Interview Screening, the Recruiter shall formulate a Final Interview List which shall be communicated by the Recruiter to the RCC at least 48 (forty eight) hours prior to the interview day along with a wait list of students. In case any Applicant who is selected in the Final Interview List is not available for the interview then the Recruiter can interview the Waitlist Candidates instead, if the Recruiter considers this appropriate. ## STEP FOUR

All interviews being conducted in the same day may be conducted in different time slots. However all results will be declared simultaneously by the RCC at the end of day to ensure no recruiter is prejudiced. The Recruiters will be required to disclose the results of their Final Interviews and any Offer made to Applicant(s) only through the RCC which will be communicated in a sealed envelope. Every offer made by the Recruiter will be communicated solely by the RCC to the applicant to whom such offer was made. The RCC will revert to the Recruiter within 24 hours of receiving the sealed envelope containing the Merit List and the Offer waitlist. ## INTERNSHIP OVERVIEW

An internship serves as a valuable program designed to offer students and workers an opportunity to gain practical experience within a specific field. Often aimed at students who have acquired theoretical knowledge in their academic pursuits but have not yet had the chance to apply it in a professional setting, internships provide a bridge between academia and real-world scenarios. Whether paid or unpaid, these part-time experiences empower students to align their academic knowledge with practical skills, directly related to their chosen degrees and future career paths. Moreover, internships are not limited to students alone; those already in the workforce seeking a career change can also benefit from such opportunities, with some requiring enrollment in a college or university.

In conclusion, BVIMR's commitment to providing excellent placement opportunities and internships aligns with our vision of nurturing globally competent professionals and our mission of preparing students to meet industry expectations and achieve remarkable success in their careers. Through these efforts, we aim to create a generation of skilled and confident individuals ready to make a positive impact on the world.
