Dr. (Mrs.) Nilima Rajan Bho
Dean, Faculty of Nsg. / Princip
BVDU, College of Nsg. Sangli

Program Outcome Code	Program Outcome Statement <i>Our graduates</i>
PO 1	Utilize critical thinking to synthesize knowledge derived from physical, biological, behavioral sciences, and humanities, in the practice of professional nursing and midwifery.
PO 2	Practice professional nursing and midwifery competently and safely in diverse settings, utilizing caring, critical thinking and therapeutic nursing interventions with individuals, families, populations and communities at any developmental stage and with varied lived health experiences.
PO 3	Provide promotive, preventive and restorative health services in line with national health policies and programs.
PO 4	Integrate professional caring into practice decisions that encompass values, ethical, and moral and legal aspects of nursing.
PO 5	Respect the dignity, worth, and uniqueness of self and others.
PO 6	Apply concepts of leadership, autonomy and management to the practice of nursing and midwifery to enhance quality and safety in health care.
PO 7	Utilize the latest knowledge and skills related to information and technology to enhance patient outcomes.
PO 8	Communicate effectively with patients, peers, and all health care providers.
PO 9	Utilize the requisite knowledge, skills and technologies to practice independently and collaboratively with all health professionals applying the principles of safety and quality improvement.
PO 10	Integrate research findings and nursing theory in decision making in evidence-based practice.
PO 11	Accept responsibility and accountability for the effectiveness of one's own nursing and midwifery practice and professional growth as a learner, clinician and leader.
PO 12	Participate in the advancement of the profession to improve health care for the betterment of the global society.
