

Bharati Vidyapeeth (Deemed to be University)
INTERACTIVE RESEARCH SCHOOL FOR HEALTH AFFAIRS
(IRSHA)

QUALITY POLICY

IRSHA being part of Bharati Vidyapeeth (Deemed to be University) is an independent constituent unit and has its own management. IRSHA commits to provide professional practices in biological testing abiding by applicable technical standards and guidelines including the laboratory quality management standard ISO/IEC 17025: 2017. We seek to establish a well-integrated system to address public health issues.

The management is committed to impartiality, judgement, operational integrity and confidentiality of individuals towards the organization. We aim to follow good laboratory practices with highly competent, well trained personnel familiarized with quality documentation and implementation of the policy and procedures in their work. Our goal is to continually improve the effectiveness of the quality management system.

Objectives:

1. To provide reliable results right first time to customer
2. To provide training to each laboratory personnel for at least three man days every year
3. To improve the efficiency and throughput of testing services
