First Clinical Faculty Meet

A clinical presentation was held under the aegis of clinical faculty meet by the Department of Periodontology at Bharati Vidyapeeth (Deemed to Be University) Dental College and Hospital, Sangli on 2nd February, 2021 at 10:30 am. Topic of the presentation was “Augmenting And Preserving The Zone of Attachment Case Series”. It was presented by Dr. Kunal Keshaw, Assistant Professor, Department of Periodontology, Bharati Vidyapeeth (Deemed to Be University) Dental College and Hospital, Sangli. It was a series of various case scenarios requiring gingival tissue and biotype augmentation along with its preservation around natural dentition, restorative interface, post orthodontic treatment cases and implants, putting an emphasis on interdisciplinary importance of periodontal well being.

It was well attended by almost all the head of departments and faculty members of every department of our dental hospital. Such clinico-pathological presentations and narratives will provide a greater paradigm for faculties to improvise case based treatment approaches as well as interdisciplinary collaborations, that will enhance the quality of continuing dental education and research.

Dr. Vidya Dodwad
