The primary aim of the IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the University. It is, therefore, necessary for the members of the IQAC to shoulder the responsibility of generating and promoting quality awareness in the institution and to devote time for working out the procedural details.

I may also add for your information and guidance that some of the functions expected of the IQAC are :

- a) Development of quality benchmarks / parameters.
- b) Organization of workshops, seminars on quality related themes
- c) Documentation of various programmes leading to quality improvement.
- d) Acting as a nodal agency of the University for quality related activities and preparation of AQAR to be submitted to NAAC based on the quality parameters.

In view of the above, I request you to work as a member of the IQAC of Bharati Vidyapeeth Deemed to be University and cooperate.

A line in reply will be appreciated.
